Dear Librarian,

Please make the enclosed environmental assessment (EA) available for patrons of the library.

The EA describes the potential human and environmental impacts of the proposed Solway Solar Project. Otter Tail Power Company proposes to construct an up to 66 MW solar energy generating facility located in Lammers Township within Beltrami County, Minnesota.

People may wish to use the EA to formulate comments on the project for the Minnesota Public Utilities Commission.

Thank you for your help.

Best regards,

/s/ Tessa Kothlow
