Re: In the Matter of Minnesota Power's Petition for Approval to Track and Defer Costs
Resulting from The Legacy CCR Surface Impoundment Rule
Docket No. E015/M-24-437
Reply Comments

Dear Mr. Seuffert:

Minnesota Power (or the "Company") submits to the Minnesota Public Utilities Commission these Reply Comments following the submittal of Initial Comments by the Department of Commerce, Division of Energy Resources ("Department") on May 30, 2025, in the above-referenced Docket. Minnesota Power appreciates the thorough review of the Company's Petition seeking approval to track and defer costs resulting from the Legacy Coal Combustion Residual Rule and agrees with the Department's recommendations. The Company looks forward to a hearing on this matter in the near future and would support utilizing the consent calendar process for this non-contentious Docket.

Please contact me at lhoyum@mnpower.com with any questions related to this matter.

Yours truly,
