D. Controlling Statute

Exclusive electric service territories have existed in Minnesota since 1974, and are considered necessary to encourage the development of coordinated statewide electric service, to eliminate or avoid unnecessary duplication of utility facilities, and to promote economical, efficient, and adequate electric service to the public.

Minn. Stat. §216B.37 provides electric utilities the exclusive right to serve customers within an assigned service territory, and Minn. Stat. §216B.40 prohibits the provision of retail electric service by another utility within that assigned service territory.

Minn. Stat. §§216B.37-216B.47 provide the terms and conditions under which a city may extend retail electric service throughout the corporate limits of the city and authorize and permit electric utilities to define and revise their electric service territories by their written consent and agreement.

However, two parties may agree to modify the boundary between their service territories if they receive Commission approval after notice and hearing under Minn. Stat. §216B.39, or service by exception is consented to under Minn. Stat. §216B.40. As such, when two parties reach an agreement regarding a change in service territory boundaries, the agreement must be submitted to the Commission for its approval. This agreement is consistent with Minn. Stat. §216B.39. It is a permanent boundary change agreed to by both utilities as shown in the Agreement.

The purpose of this filing is to request approval of the Agreement between Xcel Energy and Minnesota Valley Electric Cooperative.

B. Affected Customers and Existing Facilities

The lots at issue in this agreement are under construction or were recently constructed. The Commission’s approval of this Agreement will result in the transfer of service territory of 32 lots located in Scott County:

- 15 lots from Xcel Energy to the Cooperative.

The electrical service installed on these 32 lots is consistent with the language of the agreement (i.e., Xcel Energy provided electric service to the 17 lots it will receive under this Agreement; the Cooperative provided electric service to the 15 lots it will receive under this Agreement). Therefore, there are no existing customers affected.

We have provided, as Schedule B to this Petition, copies of the letters that will be sent to the developers providing information related to this proceeding.

C. Attached Documents

- Schedule A: Compensation and Orderly Transfer Agreement
- Schedule B: Letter to developers
