In the Matter of the Emergency Petition of
Minnesota Power for Approval to Move Asset-
Based Wholesale Sales Credits to the Fuel
Adjustment Clause and Resolve Rate Case

Docket No. E-015/M-20-429

Initial Comments of the Citizens Utility Board of Minnesota and the Energy CENTS Coalition

The Citizens Utility Board of Minnesota (CUB) and the Energy CENTS Coalition (Energy CENTS) respectfully submit these initial comments regarding Minnesota Power's (MP or the Company) petition to move asset-based wholesale credits to the fuel adjustment clause and resolve its pending rate case (Docket No. E015/GR-19-442). The economic impacts of the COVID-19 crisis have substantially changed circumstances since this rate case was filed. Therefore, we agree with the Company that a withdrawal is appropriate. We have been engaging with MP on this topic since late March. We support the proposed resolution that MP filed with minor additional terms that we believe have no objection from parties.

Under the proposed resolution, residential customers would see a rate increase (4.63%) that is lower than they paid under interim rates for the first four months of 2020 (5.8%). Interim rates would eventually be refunded, meaning a retroactive 5.8% rate decrease for January through April 2020, and this refund would come at a time when many customers could certainly benefit from additional financial help.

CUB and Energy CENTS support addressing rate design issues in MP's time-of-day docket (Docket No. E015/M-12-233) and understand this means expanding the scope of the considerations in that docket to accommodate public policy considerations that have been integral to rate design issues in the rate case, particularly ensuring affordability for low-income consumers.

CUB and Energy CENTS support MP's proposal to maintain the discount for Energy-Intensive, Trade-Exposed (EITE) customers through February 1, 2021.

If the Public Utilities Commission (PUC or the Commission) approves MP's request and the corresponding resolution of its rate case, CUB and Energy CENTS requests that the Commission order that MP:

1. Before its next rate case, ensure parties can modify its cost of service study (COSS) model inputs and cost allocators to allow parties to receive real-time calculations and outputs, and track and report any costs related to complying with this requirement.

2. Provide reasonable intervenor compensation to parties participating in this proceeding in order to promote a public purpose or policy.
3. In its next rate case, submit information on its process for collecting residential late fees and the costs expended in these collection efforts. Before its next rate case, the Company has committed to working with interested parties to discuss alternative methods of allocating residential late payment and similar fees.

CUB has discussed these terms with Minnesota Power and we understand that the Company is in support. The terms have also been presented to all intervenors to MP's rate case, and we are aware of no opposition.

In supporting this petition and the resolution of the rate case, CUB and Energy CENTS take no position as to the reasonableness of the individual components in isolation. Rather, our support, which is predicated upon the inclusion of the three conditions outlined above, is made for the sole and express purpose of reaching a compromise position that will promote the public interest, will aid in the expeditious conclusion of this case, and will minimize the time and expense which would have otherwise have to be devoted to this matter by the Commission and the parties. Our conditional support of MP's requests is based on the facts and circumstances of this case and should not be construed as support for similar elements in future matters.

CUB and Energy CENTS greatly appreciate Minnesota Power's willingness to discuss our concerns and ideas as they have engaged with us since late March.

For the above reasons and with the additional terms outlined, CUB and Energy CENTS support MP's petition.

Respectfully submitted,

May 11, 2020
