**Re: In the Matter of Annual Certifications Related to Eligible Telecommunications Carrier's (ETC) Use of the Federal Universal Service Support MPUC Docket No. P-999/PR-14-8**

Dear Dr. Haar:

On November 18, 2011, the Federal Communications Commission ("FCC") released its *USF/ICC Transformation Order* in WC Docket No. 10-90, et al. With that Order, the FCC began a transition to a national framework for certification of Eligible Telecommunications Carriers ("ETCs") and set forth a standard set of information that all ETCs must file with the FCC by July 1<sup>st</sup> of each year. The Order also required ETCs to provide the same information to the respective state commissions.

The annual ETC reporting requirements are contained in 47 C.F.R. § 54.313 of the FCC's rules. The FCC has developed a reporting template, Form 481, to be utilized by ETCs to report the data and certifications required by 47 C.F.R. §§ 54.313 and 54.422.

Enclosed are Forms 481 for Qwest Corporation and Embarq Minnesota, Inc., as filed by CenturyLink with the FCC. The outage information and certain Tribal engagement information that is customer or company proprietary information required by § 54.313(a)(2) and (9) in Form 481 is confidential. In addition, the detailed broadband speed availability information at the exchange level provided in response to § 54.313(a)(7) is also confidential. CenturyLink requests this information be treated as trade secret.

Consistent with past years, CenturyLink requests that you provide the required certification to the FCC pursuant to 47 C.F.R § 54.314 by October 1, 2014 in order for the Company to continue receipt of its Federal high cost support in Minnesota.

Prairie Island Indian Community

Welch, MN 55089-9635

Dear President Winfrey:

CenturyLink values its relationship with the Prairie Island Indian Community and the opportunity to provide services that meet the needs of CenturyLink's customers located on Tribal lands. CenturyLink is striving to maintain a positive relationship with members of the Prairie Island Indian Community through ongoing communications and, as appropriate, periodic meetings.

In late 2011, the Federal Communications Commission ("FCC") initiated steps to reform and modernize the federal universal service support system to ensure that robust, affordable voice and broadband service are available to Americans throughout the nation including those residing on Tribal lands.<sup>1</sup> In accord with the FCC's actions, late last year CenturyLink requested a meeting with representatives of your Tribal Government/Council to discuss the planning and potential deployment of services on Tribal lands as well as other areas of interest specific to conducting business on your Tribal lands. The FCC has advised that the following topics may be discussed: (1) deployment planning with a focus on Tribal community anchor institutions; (2) feasibility and sustainability planning; (3) marketing services on Tribal lands; (4) rights-of-way processes, land use permitting, facilities siting, environmental and cultural preservation review process; and (5) Tribal business and licensing requirements.

<1210> Terms & Conditions of Voice Telephony Lifeline Plans

CenturyLink has over 100 local exchange carriers (LECs) that serve as eligible telecommunications carriers (ETCs) providing Lifeline discounts on local telephone service for qualifying low-income customers in thirty-seven states. Each LEC's local tariff contains the terms and conditions of voice telephony service plans generally available to CenturyLink residential customers. Lifeline provides discounts on CenturyLink residential service plans that include voice telephony service. Lifeline discounts provided to qualified recipients include the \$9.25 per month federal discount plus state discounts, if available. Tribal Lifeline recipients receive an additional federal Lifeline discount of up to \$25 per month. Eligible residents residing on Tribal lands in areas where CenturyLink receives universal service high-cost support can also receive a Tribal Link Up credit of not more than \$100 against one customary service initiation fee at a primary residence.

CenturyLink's flat-rated residential service plans provide unlimited local calling. Lifeline discounts also may be applied to local residential service plans that include a certain amount of local minutes or calls at a flat-rate and then have additional charges for minutes or calls beyond those included in the plan. Lifeline discounts may be applied to bundled service packages that include voice telephony services, such as bundles with internet service and/or video service. Lifeline discounts may also apply to voice service plans that include optional calling features such as caller ID, call waiting, and voicemail.

Toll service is available to customers receiving Lifeline discounts in the same manner that it is available to non-Lifeline customers. Toll limitation service is available to Lifeline customers at no charge.

Information concerning CenturyLink's Lifeline program can be found on our Lifeline web page at <http://www.centurylink.com/Pages/Support/LifeLine/>

A link to the CenturyLink tariff that includes the terms and conditions of this ETC's Lifeline offering is included in response to line 1220.

NOTES:

1. (112) – (118) The Federal Communications Commission in FCC DA 14-591 adopted May 1, 2014 waived the requirement that price cap recipients of frozen support or incremental support file five-year plans by July 1, 2014.
2. (220) Outages are reported using the criteria provided in 47 C.F.R. §54.313, which differs from the criteria in 47 C.F.R. §4.5 which is the basis for reporting outages to the Federal Communications Commission. Therefore, some outages may not have NORS numbers.
3. (300) – (310) CenturyLink is reporting any outstanding requests for voice service from 2013 that are unfulfilled at the time of this filing.
4. (320) – (330) CenturyLink is reporting any outstanding requests for broadband service from 2013 that are unfulfilled at the time of this filing.
5. (410 - 420) Complaints per 1,000 voice access lines are reported as complaints to any federal and/or state agencies.
6. (440 - 450) Complaints per 1,000 broadband customers are reported as complaints to any federal and/or state agencies.
7. (711) CenturyLink is reporting a-la-cart and data only broadband rates that meet or exceed both the required download speeds of four mega bits per second and upload speeds of one mega bit per second. Widely used upload speeds of 768K or below are not included in this report.
8. (811) – (813) Per FCC DA 13-1707 released August 6, 2013, CenturyLink is reporting holding company, operating companies, affiliates (as defined under section 3 of the Communications Act of 1934, as amended, 47 U.S.C. § 153(2)) that are designated as eligible telecommunications carriers and/or that provide retail broadband internet access to end-user customers.
9. (921) – (929) To the extent the carrier serves federally recognized tribal lands, the attached narrative, in response to line 920, should be relied on to describe tribal outreach and interaction. If the carrier offered to discuss the points listed in 47 C.F.R. §54.313(a)(9) to at least a majority of federally recognized tribes served in a study area, lines 921-929 were marked with a “yes” response.
10. (1000) – (1010) Carriers must certify that their local rates are at or below two standard deviations of the applicable national average urban rate for voice service, as specified in the most recent public notice issued by the Wireline Competition Bureau and Wireless Telecommunications Bureau. Qwest Corporation d/b/a CenturyLink (Wyoming) and United Telephone Company of the West d/b/a CenturyLink (Wyoming) have certain exchanges with explicit cost based local rates above this standard. Customers in such exchanges receive a Federal Universal Service credit and/or a State Universal Service credit explicitly on their bill. This results in a net charge that is lower than two standard deviations of the applicable national average urban rate for voice service.

11. (2000), (2005), (2013), and (2016) Per FCC DA 13-2101 released October 30, 2013, CenturyLink is certifying at a holding company level.

12. (3000-3026) This is not applicable to this company as it is considered to be a Federal Price Cap Carrier or an affiliate associated with a Federal Price Cap Carrier for the purposes of this filing.
