### Comments of the Minnesota Department of Commerce

Docket No. P999/M-17-20

#### I. BACKGROUND

##### A. LIFELINE REFORM ORDER

On February 6, 2012, the Federal Communications Commission (FCC) released its Lifeline and Linkup Report and Order and Further Notice of Proposed Rulemaking, WC Docket Nos. 11-42, 03-109, 12-23 and CC Docket No. 96-45 (Lifeline Reform Order).

The federal Lifeline program subsidizes local telecommunications services provided to qualified low-income consumers by local service providers designated as “eligible telecommunications carriers” or ETCs.<sup>1</sup> Lifeline provides a monthly discount of \$9.25.<sup>2</sup> Minnesota’s Telephone Assistance Plan (TAP) provides an additional discount of \$3.50 to qualified low-income consumers in the form of monthly credits on consumers’ telephone bills. TAP is a required offering by all incumbent and competitive local exchange carriers (ILECs and CLECs).<sup>3</sup> Link-Up provides a 100 percent reduction, up to \$100 off installation charges to qualifying residents of Tribal lands.

Prior to December 1, 2016, the following subscriber eligibility criteria applied to the TAP and Lifeline programs:<sup>4</sup>

- 1) Total household income does not exceed 135 percent of the Federal Poverty Guidelines; or
- 2) Participation in one (or more) of the following programs:
  - Medicaid (medical Assistance)
  - Supplemental Nutrition Assistance Program (SNAP, formerly Food Stamps)
  - Supplemental Security Income (SSI)
  - Federal Public Housing Assistance
  - Low-Income Home Energy Assistance Program (LIHEAP)
  - National School Lunch Program’s free lunch program
  - Temporary Assistance to Needy Families (TANF)<sup>5</sup>

---

<sup>1</sup> Under the Federal Telecommunications Act of 1996, telecommunications carriers must be designated “eligible telecommunications carriers,” or ETCs to qualify for subsidies from the federal Universal Service Fund (47 U.S.C. §254 (e)).

<sup>2</sup> 47 U.S.C. §54.403(a)(1).

<sup>3</sup> Commissions Order, *In the Matter of the Telephone Assistance Plan Credit and Surcharge Levels*, Docket No. P999/CI-13-213, July 10, 2013.

<sup>4</sup> 47 U.S.C. §54.409(a) and (b).

<sup>5</sup> *Id.*

Low-income consumers living on Tribal lands may also qualify by participation in one of several additional assistance programs:

- Bureau of Indian Affairs general assistance
- Tribally administered TANF
- Head Start only for those meeting income-qualifying standards<sup>6</sup>

On June 14, 2012, the Commission issued its order in Docket No. P-999/M-12-194 in which it directed ETCs to implement the FCC's Lifeline certification and annual re-certification requirements described in the Lifeline Reform Order. Subsequent orders were issued in 2013, 2014, 2015, and 2016 in Docket Nos. 12-1315, 14-20, 15-20, and 16-20 requiring ETCs to submit the results of their annual Lifeline re-certification efforts. ETCs submit the results of their re-certification efforts on FCC Form 555, and the Department reports the results of each year's survey.

To the extent that a state agency database is used to conduct recertification for all or a portion of an ETC's Lifeline subscribers, only those subscribers that were not identified in the database need to be surveyed.<sup>7</sup> For several years various Minnesota ETCs have used the Minnesota Department of Human Services (DHS) database to recertify Lifeline subscribers, avoiding the need to send a survey to those customers that are validated by the database. For those ETCs that use the Universal Service Administrative Company (USAC) to perform recertification via customer surveys, in 2016, for the first time, ETCs could use the Minnesota DHS database as well. Therefore, prior to transmittal to USAC, the ETC is to remove from its subscriber list those subscribers that are subject to the state agency's recertification process.<sup>8</sup>

For subscribers enrolled prior to January 1, 2017, recertification for 2016 will be conducted in accordance with current Lifeline practices and require recertification by December 31, 2016.<sup>9</sup>

<sup>7</sup> Federal Communications Commission, Public Notice, Wireline Competition Bureau Provides Guidance to Eligible Telecommunications Carriers on the Process to Elect USAC to Perform Lifeline Recertification, WC Docket 11-42, Para. 7, Rel. April 1, 2016.

<sup>9</sup> The Lifeline Modernization Order (FCC 16-38) released on April 27, 2016, Para. 418.

*B. LIFELINE MODERNIZATION ORDER*

The Lifeline Modernization Order revised the Lifeline eligibility criteria. Effective December 1, 2016 or 60 days following PRA [Paperwork Reduction Act] approval, low-income households who qualify for and receive SNAP, Medicaid, Supplemental Security Income (SSI), Federal Public Housing Assistance (FPHA), or the Veterans Pension benefit will be eligible for enrollment in the Lifeline program. FCC rules were amended to remove Low-Income Home Energy Assistance Program (LIHEAP), national School Lunch Program's free lunch program (NSLP), and Temporary Assistance for Needy Families (TANF) from the default federal assistance liability for Lifeline.<sup>10</sup> Income-based eligibility and the Tribal eligibility criteria were not modified.<sup>11</sup>

For subscribers enrolled prior to January 1, 2017, rolling recertification began July 1, 2017. Beginning July 1, 2017, all subscribers enrolled prior to January 1, 2017 need to be recertified on a rolling basis based on the subscribers' service initiation date.<sup>12</sup> Recertification was not required in 2017 for customers with anniversary dates during the transition period of January through June, 2017.<sup>13</sup>

With the introduction of the rolling recertification process, ETCs that choose to use USAC for recertification will not use the Minnesota DHS database.<sup>14</sup> USAC will use the National Lifeline Accountability Database (NLAD) to retrieve subscriber information, including anniversary dates, for use during the recertification process. USAC will recertify every subscriber listed in NLAD for the participating Service Area Code (SAC); no partial lists are permitted.<sup>15</sup>

The revised recertification rule (47 CFR § 54.410(f)) clarifies that the entity responsible for recertifying subscribers must first query the appropriate state or federal data base to determine on-going eligibility prior to using other means to recertify subscribers.<sup>16</sup> If the subscriber's eligibility for Lifeline cannot be determined by accessing one or more databases containing information regarding enrollment in qualifying assistance programs, a signed certification form that meets the certification requirements may be obtained from the subscriber.<sup>17</sup>

## II. STATEMENT OF ISSUES

What actions, if any, should the Commission take with respect to the Lifeline re-certification filings submitted by ETCs for 2016?

## III. APPLICABLE LAW

47 C.F.R § 54.410(f) (*“Annual eligibility re-certification process”*)

(f) Subpart (1) requires that all ETCs must annually re-certify all Lifeline subscribers.

(f) Subpart (2) describes the methods by which an ETC must confirm a subscriber’s eligibility to receive Lifeline benefits.

(f) Subpart (5) provides that “if an eligible telecommunications carrier is unable to re-certify a subscriber . . . , the eligible telecommunications carrier must comply with the de-enrollment requirements provided for in § 54.405(e) (4).”

47 C.F.R. §54.405 (e) (4) (*“De-enrollment for failure to re-certify”*) provides that:

[A]n eligible telecommunications carrier must de-enroll a Lifeline subscriber who does not respond to the carrier's attempts to obtain re-certification of the subscriber's continued eligibility as required by § 54.410(f); who fails to provide the annual one-per-household re-certifications as required by § 54.410(f).

and requires that:

Prior to de-enrolling a subscriber under this paragraph, the eligible telecommunications carrier must notify the subscriber in writing separate from the subscriber's monthly bill, if one is provided using clear, easily understood language, that failure to respond to the re-certification request within 60 days of the date of the request will trigger de-enrollment. If a subscriber does not respond to the carrier's notice of impending de-enrollment, the carrier must de-enroll the subscriber from Lifeline within five business days after the expiration of the subscriber's time to respond to the re-certification efforts. Service providers must de-enroll a subscriber who has requested disenrollment within two business days

47 C.F.R. §54.416(b) (*“Annual certifications by eligible telecommunications carriers”*) requires that:

All eligible telecommunications carriers must annually provide the results of their re-certification efforts, performed pursuant to § 54.410(f), to the [Federal Communications] Commission and the Administrator. Eligible telecommunications

carriers designated as such by one or more states pursuant to § 54.201 must also provide, on an annual basis, the results of their re-certification efforts to state commissions for subscribers residing in those states where the state designated the eligible telecommunications carrier. Eligible telecommunications carriers must also provide their annual re-certification results for subscribers residing on Tribal lands to the relevant Tribal governments.

#### IV. ANALYSIS

##### A. YEARLY COMPARISON OF RE-CERTIFICATION DATA

The 2016 re-certification results were submitted by ETCs to comply with Paragraph 148 of FCC’s Lifeline Reform Order and Section 47 C.F.R. 54.416(b) of the FCC’s Rules. The 2012 – 2016 results are presented in the FCC Form 555 format submitted by ETCs and summarized below. The supporting data is provided in Attachment 1.

Subscribers to be Re-certified	Subscribers Contacted Directly	Responding Subscribers	Non-responding Subscribers	Ineligible Subscribers Contacted Directly	Subscribers De-enrolled Contacted Directly	Subscribers reviewed by Data Base or USAC	Subscribers De-enrolled by Data Base or USAC	Total Subscribers De-enrolled

**(a). Number of subscribers subject to re-certification:** All Lifeline subscribers must re-certify annually in accordance with Paragraph 130 of the Lifeline Reform Order and Section 47 C.F.R. 54.410(f) subp. 1 of the FCC's Rules. The number of Lifeline subscribers needing to be surveyed declined from 72,327 in 2012 to 56,354 in 2015 and increased to 60,174 in 2016 (Column (a) and Attachment 1, Column E).

**(b) – (f). Number of subscribers de-enrolled as a result of ETCs' direct contact surveys:** The de-enrollment rate for Lifeline subscribers surveyed by direct contact declined significantly from 43.3% in 2012, to 19.7% in 2016 (Column (f) and Attachment 1, Column J).

**(g)-(h). Number of subscribers de-enrolled by ETCs utilizing a state database or USAC:** The de-enrollment rate for Lifeline subscribers by those companies using a state database or surveyed by USAC increased from 14.8% in 2012 to 37.7% in 2013, decreased to 31.3% in 2014, and decreased to 20.3% in 2015 and 6.5% in 2016 (Column h and Attachment 1, Column L). ETCs were able to have USAC conduct Lifeline subscribers' surveys for the first time in 2013. ETCs that used a state database contracted with the Minnesota DHS. ETCs whose operations are primarily in neighboring states contracted with either Wisconsin Cares or the North Dakota Human Services System.

**(i). Overall de-enrollment rate:** The total number of Lifeline subscribers de-enrolled declined from 30,852 or 42.66% of total Lifeline subscribers surveyed in 2012 to 9,725 or 16.02% of total Lifeline subscribers surveyed in 2016 (Column (i) and Attachment 1, Column O).

**B. WHAT OBSERVATIONS EMERGE FROM THE RESULTS OF THE 2016 RE-CERTIFICATION EFFORTS?**

1. The 60,174 Lifeline subscribers required to be surveyed in 2016 increased from the 56,354 subscribers surveyed in 2015. (Attachment 1, Column E).
2. The 2016 overall de-enrollment rate of 16.02% declined from 20.29% in 2015. (Attachment 1, Column O). The trend suggests that Lifeline subscribers who previously qualified for benefits are less likely to be de-enrolled in subsequent recertification efforts.
3. Non-response continues to be the largest factor in de-enrollment of Lifeline subscribers. For Lifeline subscribers surveyed directly by an ETC without the use of a state database, 8,412 or 19.28% of subscribers did not respond to the survey in 2016. This compares to 10,219 or 21.42% of Lifeline subscribers not responding to the survey being directly sent by ETCs in 2015. Only 191 or .44% of Lifeline of subscribers contacted directly by an ETC in 2016 were de-enrolled because they were ineligible or did not meet the qualifying requirements for Lifeline benefits. (Attachment 1, Columns H and I).

4. The de-enrollment rate for ETCs that chose to use USAC to recertify their Lifeline subscribers was 31.76% in 2016, compared to 32.68% in 2015. (Attachment 2, Column O). The results presented in the FCC Form 555 format submitted by ETCs aggregates subscribers verified by USAC with subscribers verified by ETCs using the state database. When viewed separately, ETCs that used the state database have a much greater rate of recertification than the ETCs that chose to use USAC.
5. Combining a data base verification with direct contact of remaining (non-verified) Lifeline subscribers continues to produce the lowest percentage of Lifeline de-enrollments. The de-enrollment rate for ETCs that chose to contact their Lifeline subscribers after first submitting them to a database for verification was 5.27% in 2016, compared to 8.80% in 2015 (Attachment 3, Column O).
6. The de-enrollment rate for ETCs that directly contacted their Lifeline subscribers, but did not use a database, declined to 19.41% in 2016 from 26.24% in 2015 (Attachment 4, Column O).
7. The Department continues to consider the de-enrollment results of the prepaid wireless ETCs separately from other carriers who used the direct contact method because of their significant presence and the nature of their eligibility. Lifeline subscribers of prepaid wireless ETCs represent 43,863 of 60,174 (72.89%) of all Lifeline subscribers requiring recertification in 2016. This is approximately 5% higher than the 37,996 of 56,354 (67.42%) of all Lifeline subscribers requiring recertification in 2015 (Attachment 5, Column E /Attachment 1, Column E).

Lifeline subscribers of prepaid wireless ETCs also have significantly higher de-enrollments prior to recertification. Subscriber lines were stable with 69,149 in 2016, compared to 68,648 in 2015 (Attachment 5, Column A). The de-enrollment rate was 17.88% in 2015 and remained stable in 2016 at 17.59% (Attachment 5, Column O) suggesting better management of subscriber eligibility has been achieved after the 38.37% de-enrollment rate in 2014.

*C. DEPARTMENT FINDINGS*

1. All ETCs have complied with the requirement to submit their re-recertification results to the Commission. The re-certifications comply with required re-certification procedures of the Lifeline Order and the Commission's Order in Docket No. 16-20, as reflected on Attachment 1.
2. The number of Lifeline subscribers subject to recertification is somewhat stable, and the over-all de-enrollment rate is trending downward (Attachment 1, Columns E and O).

<u>Year</u>	<u>Subscribers to Recertify</u>	<u>De-enrollment Rate/ subscribers</u>
2012	72,327	42.66% or 30,852
2013	63,302	16.48% or 10,435
2014	64,509	35.81% or 23, 699*
2015	56,354	20.29% or 11,511
2016	60,174	16.02% or 9,713

*\* see Section IV.B.7 of these comments*

3. The 2016 de-enrollment rates for the various recertification procedures were:
  - a. USAC- 31.76% (Attachment 2, Column O)
  - b. DHS/state database verification then direct contact- 5.27% (Attachment 3, Column O).
  - c. Direct contact only 19.41% (excluding the Prepaid Wireless ETCs) (Attachment 4, Column O)
  - d. Prepaid Wireless ETCs 17.59% (Attachment 5, Column O).
4. Non-response by Lifeline subscribers continues to be the largest cause of de-enrollments.
5. Re-certification through USAC continues to produce the highest rate of de-enrollments of Lifeline subscribers in 2016 (31.76%), although the de-enrollment rate declined from 32.68% in 2015 and 56.71% in 2014.
6. ETCs that used the DHS or a state database and then direct contact with remaining subscribers to recertify their Lifeline subscribers continue to have the lowest de-enrollment rate of 5.27% (see Attachment 3, Column O) by reducing the number of Lifeline subscribers needing to respond to a survey.(see Section IV.B.3 and B5 of these comments).
7. Companies that choose to use USAC for rolling recertification will not first perform verification with the state database. If past experience continues, companies will either choose USAC and experience a higher de-enrollment rate, or perform direct recertification with first using the state database and have a lower de-enrollment rate.
8. Prepaid wireless ETCs continue to have the majority of Lifeline subscribers subject to re-certification (43,863) out of a total number of Lifeline subscribers subject to recertification of 60,174 or 72.89% in 2016 (Attachment 5, Column E/Attachment 1, Column E).

**V. COMMISSION ALTERNATIVES**

1. Accept the Department's analysis regarding the ETC's 2016 Lifeline recertification surveys. All ETCs have complied with the requirement to submit their re-recertification results to the Commission, and the re-certification results comply with required re-certification procedures.
2. Accept the Departments analysis regarding the ETC's 2016 Lifeline recertification surveys with modifications.
3. Reject the Departments analysis regarding the ETC's 2016 Lifeline recertification surveys.

**VI. RECOMMENDATION**

The Department recommends Alternative 1.

All ETCs must file their 2017 FCC Form 555 Lifeline survey results by January 31, 2018.
