Public Hearing and Process Information

The Honorable James Mortenson, Administrative Law Judge with the Office of Administrative

Hearings will preside over the public hearings. After the public comment period, Judge Mortenson will provide the Commission with a report including findings of fact, conclusions of law, and recommendations.

The purpose of the public hearings is to receive public input on the proposed project. Interested persons will have the opportunity to: (1) ask questions of the applicant and agency staff; (2) offer verbal and written comments on the merits of the proposed project; and (3) suggest possible conditions to be considered for inclusion in the site permit. Members of the public may participate without the necessity of intervening as a party. Representation by legal counsel is permitted but not required.

The hearings will end when all attendees have had the opportunity to comment and all other business has been concluded, or 9:00 p.m., whichever occurs first. Written comments may be submitted during the comment period following the hearing using the methods described in this notice.

The Minnesota Department of Commerce (Department) has prepared and issued an environmental assessment (EA) for the project. The EA analyzes the potential impacts of the project and possible mitigation measures. In addition, the EA analyzes the potential impacts of alternatives to the project itself. The EA is available on the Department's website and on eDockets (see Additional Information, below). Print copies of the EA are available from the Department upon request; please contact Ray Kirsch at the Department (contact information below).

Upon receipt of Judge Mortensen's report from the public hearings, the Commission will consider the report, the EA, and the entire record in making decisions on Hayward Solar's certificate of need and site permit applications. The Commission is anticipated to make these decisions in the summer of 2022.

Minnesota Statutes and Rules. For statute and rule information for Hayward Solar's certificate of need application, see Minn. Stat. § 216B.243 and Minn. R. Ch. 7849. For statute and rule information for the site permit application, see Minn. R. 7829.1200, and Minn. R. 7850.2800 to 7850.3900. Public Comment Period

Comment Period: March 11, 2022, through **April 15, 2022**, at 4:30 PM.

Please focus your comments on information that will help answer the following questions:

- Is the proposed project needed and in the public interest?
- What are the potential human and environmental impacts of the project, and how can these impacts be addressed in the site permit?
- Should the Commission issue a certificate of need for the proposed solar energy system?
- Should the Commission grant a site permit for the proposed solar energy system?
- If granted, what additional conditions or requirements should be included in the solar site permit?
