RE: Request for Permittee to Show Cause
PUC Docket: IP6723/WS-09-360

Dear Mr. Tabor,

The Minnesota Public Utilities Commission (Commission) issued Morgan Wind Acquisition Group, LLC a Large Wind Energy Conversion System (LWECS) Site Permit on December 22, 2009. On July 26, 2012, the LWECS Site Permit was amended to allow an additional two years to commence construction and obtain a power purchase agreement (or other enforceable mechanism). This two year time period expired on December 22, 2013 and no request for a subsequent amendment or advisement on why these milestones were not met has been provided to the Commission pursuant to the permit conditions.

III.J.4. Power Purchase Agreement

This permit does not authorize construction of the project until the permittee has obtained a power purchase agreement or some other enforceable mechanism for sale of the electricity to be generated by the project. In the event the permittee does not obtain a power purchase agreement or some other enforceable mechanism for sale of the electricity to be generated by the project within two years of the issuance of this permit amendment, the permittee must advise the Commission of the reason for not having such power purchase agreement or enforceable mechanism. In such event, the Commission may determine whether this permit should be amended or revoked. No amendment or revocation of this permit may be undertaken except in accordance with applicable statutes and rules, including Minnesota Statute 216F.05 and Minnesota Rule 7854.1300.

III.K.2. Failure to Commence Construction

If the permittee has not completed the pre-construction surveys and studies required in paragraph III.D. and commenced construction of the project within two years of the issuance of this permit amendment, the permittee must advise the Commission of the

reason construction has not commenced. In such event, the Commission may determine whether this permit should be amended or revoked. No revocation of this permit may be undertaken except in accordance with applicable statutes and rules, including Minnesota Statute 216F.05 and Minnesota Rule 7854.1300.

Pursuant to Minn. Stat. § 216F.05, Minn. Stat. § 216E.14, and Minn. Rule 7854.1300 the Commission requires that Morgan Wind Acquisition Group, LLC show cause **by June 8, 2015** why the Permittee has not failed to comply with a material condition or term of the permit.
