To Whom It May Concern:

I am writing to voice our opposition to the wind turbines and power lines they would require being proposed in Dodge and Mower Counties. .

There are many negatives to this project and absolutely no positives. The damage they will do is immense from the farmland it will damage, to the birds and wildlife it will kill, to the mental and physical health they will damage to name just a few.

For these reasons, we are opposed to this project and ask that it be denied and any thoughts of it be stopped immediately.

Thank you.

Dennis and Joleen Tempel
