

**NOTICE OF FILING OF CERTIFICATE OF NEED, SITE PERMIT, AND
ROUTE PERMIT APPLICATIONS FOR THE BYRON SOLAR PROJECT
WITH THE MINNESOTA PUBLIC UTILITIES COMMISSION**

TO: Persons interested in the proposed 200 MW Large Electric Generating Facility and accompanying 345 kV High Voltage Transmission Line in Olmsted and Dodge Counties, Minnesota; the Minnesota Public Utilities Commission Energy Facilities General List; Local Officials; and Property Owners

RE: Notice of Byron Solar, LLC's Filing of Certificate of Need, Site Permit, and Route Permit applications with the Minnesota Public Utilities Commission (MPUC Docket Nos. IP-7041/CN-20-764, IP-7041/GS-20-763, and IP-7041/TL-20-765)

This notice provides formal notice that Byron Solar, LLC (Byron Solar), a wholly owned subsidiary of EDF Renewables, Inc., filed Certificate of Need, Site Permit, and Route Permit applications with the Minnesota Public Utilities Commission (Commission) on August 27, 2021 for a 200 megawatt (MW) photovoltaic (PV) solar energy generating facility and associated systems (Solar Facility), and a 345 kilovolt (kV) high voltage transmission line and associated facilities (HVTL or Transmission Line) to interconnect the Solar Facility to the transmission grid and the Byron Substation, in Olmsted and Dodge Counties, Minnesota (Project). This notice also provides information on the Project and the permitting processes, as well as information on how to register your name with the Commission on the Project contact list to ensure that you receive future notices.

PROJECT LOCATION

The Project footprint spans approximately 1,853.7 acres of land that includes the Solar Facility (1,801 acres) and Transmission Line (52.7 acres) in portions of Kalmar Township in Olmsted County, Minnesota, and Mantorville and Canisteo Townships in Dodge County, Minnesota (the Project Area).

The Project will include solar panels and racking, inverters, electrical cables, conduit, switchgear, step up transformers, supervisory control and data acquisition (SCADA) system, and metering equipment, security fence/gate, a Project substation, operations and maintenance facility, electrical collection and communication lines, stormwater basins, temporary laydown areas, gravel access roads, several weather stations, the 345 kV Transmission Line, and other infrastructure typical of a solar farm. The Solar Facility is located within Mantorville and Canisteo Townships in Dodge County.

The Transmission Line is needed to interconnect the Solar Facility to the transmission grid. The Transmission Line will consist of approximately 3 miles of 345 kV transmission line located within Mantorville Township in Dodge County, and Kalmar Township in Olmsted County. The Transmission Line will extend from the Project Substation to the existing Byron Substation.

The accompanying map outlines the location of the Project.

PROPERTY ACQUISITION

Byron Solar has, through voluntary agreements, secured 100 percent of the private real estate rights necessary to construct the Project. Accordingly, Byron Solar's current and future plans do not include the use of eminent domain. If additional property rights are required for the Project, Byron Solar will seek to negotiate a voluntary easement agreement with each affected landowner. If Byron Solar and

the landowner are unable to negotiate an easement for the right-of-way, Byron Solar reserves the right to evaluate whether the use of eminent domain is appropriate under Minn. Stat. Ch. 117, based on specific circumstances.

CERTIFICATE OF NEED

Minnesota Statutes Section 216B.243, subdivision 2, states that “no large energy facility” shall be sited or constructed in Minnesota without the issuance of a Certificate of Need (CN). Byron Solar filed its CN application with the Commission on August 27, 2021.

The Commission will consider the CN application pursuant to Minn. Stat. § 216B.243 and implementing rules, Minn. R. Ch. 7849. The statutes and rules also establish notice requirements for various stages of the process. Per statute, the Commission shall approve or deny the CN within twelve (12) months of the CN application.

The Commission will hold a public meeting on the CN application. The Commission will provide notice of this meeting to persons whose names are on the Project contact list, those listed on a general service list, local government officials in the area of the proposed Project, and those persons who own property adjacent to any site or within any route affected by the proposed Project. At this meeting, the public will be afforded an opportunity to ask questions and present comments and suggest alternative and possible impacts to be evaluated in the environmental report.

SITE PERMIT AND ROUTE PERMIT PROCESS

A Site Permit (SP) and Route Permit (RP) from the Commission is required before the Project can be constructed. The Power Plant Siting Act (Minn. Stat. Ch. 216E) and implementing rules in Minn. R. parts 7850.1000 to 7850.5600 establish the requirements for submitting and processing a permit application. The statutes and rules also establish notice requirements for various stages of the process.

The Commission will consider the joint application for a SP and RP pursuant to the alternative permitting process outlined in Minn. Stat. § 216E.04 and Minn. R. 7850.2800 through 7850.3900. The Commission has up to six months from the time the application is accepted as complete to process and make a decision on the permit according to Minn. Stat. § 216E.04, subd. 7 and Minnesota Rule 7850.3900, subp. 1, but that time period is extended up to 12 months from the time the application is accepted as complete because the Project also requires a CN before it can receive a SP and RP, and the process for a CN is up to 12 months.

Within sixty (60) days after the Commission accepts the joint application for a SP and RP as complete, the Commission will schedule a public meeting to provide information to the public about the Project and to afford the public an opportunity to present comments and ask questions. At this meeting, members of the public may comment on the scope of the draft Environmental Assessment (EA) that the Department of Commerce, Energy, Environmental Review and Analysis unit (EERA) will prepare. Once the public meeting is scheduled, notice of the meeting will be provided to persons whose names are on the Project contact list and will be published in a legal newspaper of general circulation in the Project area.

Once EERA completes the EA, EERA will make the document available for public review by placing a copy of the document in a public library or other governmental office in each county where the Project is proposed, and will hold an informational meeting to provide for the opportunity to comment on the EA. A period for written comments will also be provided.

After the EA has been completed, a public hearing (conducted by an administrative law judge from the Office of Administrative Hearings) will be held. Any person may speak at the public hearing, present documentary evidence, ask questions of Byron Solar representatives and EERA staff, and submit comments.

Byron Solar has requested that the Commission jointly process the applications.

Further details regarding upcoming meetings and comment periods on the applications will be provided by Byron Solar and the Commission in the future.

PUBLIC INFORMATION AND ENVIRONMENTAL ASSESSMENT SCOPING MEETING

The Commission and the Minnesota Department of Commerce (Department) will hold a public information and Environmental Assessment scoping meeting on the applications at a future date. Please look for future notices providing additional details regarding the meeting.

HOW TO LEARN MORE

Department of Commerce Project Website: <http://mn.gov/commerce/energyfacilities>

Full Case Record: All documents filed in these dockets are available on the Commission's website at <https://mn.gov/puc/>. Select "eDockets", and under the category of "Docket Number", enter the year (20) and docket number (764 for the CN, 763 for the SP, and 765 for the RP), then select "Search".

Subscribe to the Docket: The best way to stay informed is to "subscribe" to receive e-mail notifications when new documents are filed in the docket:

1. Follow the steps above to access the full case record.
2. Select box under Subscribe and click on Subscribe.
3. Type your e-mail address.
4. For Type of Subscription, select Docket Number.
5. For Docket Number, select 20 in the first box and type 764 for the CN, 763 for the SP, or 765 for the RP in the second box.
6. Select Add to List.
7. Select Save.

Project Mailing List: Contact the Public Advisor (see below)

Public Libraries: The CN, SP, and RP applications are available for review at the following public libraries:

- Rochester Public Library, 101 2nd Street SE, Rochester, MN 55904
- Kasson Public Library, 607 1st St NW, Kasson, MN 55944

Minnesota Statutes and Rules: The CN is being reviewed under Minn. Stat. § 216B.243 and Minn. R. Ch 7849. The SP and RP are eligible for consideration by the Commission under the alternative permitting process in Minn. Stat. § 216E.04 and Minn. R. 7850.2800 through 7850.3900.

Minnesota Statutes and Rules are available at <https://www.revisor.mn.gov/>
