

**In the Matter of the Investigation into Transmission-Curtailment
Matters, Drivers, and Potential Solutions to Limitations Resulting from
the Nobles County Substation.**

Docket E999/CI-24-316

Commissioner Tuma offers the following new Decision Option 10:

Tuma 10. Require MTO, in the 2025 Biennial Transmission Projects Report, to include an update of the WECS curtailment and economic impact data as provided in the Department's December 3, 2024 Supplemental Comments for the Nobles County Substation area and across Minnesota.
