RE: REQUEST FOR PARTIAL WITHDRAWAL
MISCELLANEOUS TARIFF CLEAN-UP
DOCKET NO. E,G002/M-24-130

Dear Mr. Seuffert:

Northern States Power Company, doing business as Xcel Energy, by way of this letter formally requests to withdraw a portion of the proposed tariff modifications submitted in the above noted docket.

On March 15, 2024, the Company filed proposed miscellaneous tariff modifications and language changes to our Minnesota Electric and Gas Rate Books. A portion of the changes were minor in nature and included updates to miscellaneous terms, language removal or modification, and typographical and consistency edits, with the goal of clarity and ease of use for customers. The remaining proposed changes involved updates and additions to the Terms and Conditions portion of the electric Section 7 book including:

- The Company's My Energy Connection Application (App),
- Customer's use of the external Green Button Connect App, and
- Third party service provider terms.

At the July 2, 2024 Commission Agenda Meeting, during consideration of the Company's Integrated Distribution Plan (IDP) in Docket No. E002/M-23-452, the Commission adopted New Staff Decision Option 59:

Delegate authority to the Executive Secretary to open a new docket for Xcel Energy for the purposes of reviewing and approving Distributed Intelligence (DI) program terms and

conditions. Xcel shall submit any requests to implement customer facing DI-enabled programs prior to rollout for Commission approval. This includes proposals the Company may make as part of its ECO portfolio. Proposals must include tariff pages with terms and conditions and be consistent with the terms of the February 18, 2022 Colorado Settlement in Proceeding No. 21A-0279E as outlined in the Commission's July 17, 2023 Order in E002/GR-21-630 and any other applicable Minnesota standards on data privacy. This is not a cost recovery docket and approval made in the docket have no bearing on prudence for future cost recovery proceedings.

In light of Commission's adoption of this Decision Option, the Company requests withdrawal of the tariff sheets listed below so we can have this discussion in the docket the Commission will open to address terms and conditions.

Customer Use of Green Button Connect Application

MN Electric Section 7, Sheet 135, original

Third Party Service Provider Terms

MN Electric Section 7, Sheet 136, original

My Energy Connection Application

MN Electric Section 7, Sheet 137, original

MN Electric Section 7, Sheet 138, original

MN Electric Section 7, Sheet 139, original

MN Electric Section 7, Sheet 140, original

MN Electric Section 7, Sheet 141, original

MN Electric Section 7, Sheet 142, original

MN Electric Section 7, Sheet 143, original

The Department's questions and additional requests in its Comments in this docket were all related to the tariff sheets listed above that we are now requesting to withdraw. Given that, the Company continues to propose that the remaining miscellaneous tariff modifications already reviewed and deemed reasonable and permissible by the Department be considered for the consent agenda process.
