RE: **In the Matter of a Notice to Connect America Fund II (CAF II) Grant Winners**  
Docket No: P999/CI-18-634

Dear Mr. Wolf:

On August 28, 2018, the Federal Communications Commission (FCC) notified fifteen companies serving in Minnesota that they were winning bidders in the Connect America Fund (CAF) II auction. The FCC imposed some conditions upon winning bidders, which includes documentation of high-cost ETC designation, in all areas where support is sought, by February 25, 2019. Fourteen of those winning bidders requested that this Commission grant them ETC status<sup>1</sup> and four companies filed for either new authority or an expansion of their current authority. Two companies (LTD Broadband and Broadband Corp) chose to not file for authority to serve, yet petitioned this Commission to grant ETC status.

Most of the ETC applications were reviewed by the Department of Commerce, with comments being filed prior to the most recent decision from the Eighth Circuit.<sup>2</sup> In the absence of any action that would stay or alter the Eighth Circuit's decision, VoIP services, whether fixed or nomadic, are information services in those states that are part of the Eighth Circuit. Thus, in the Eighth Circuit, companies may not use their VoIP service offering to satisfy the requirement that an ETC must be a provider of telecommunications services.<sup>3</sup>

In the Department's comments filed on each of the ETC applications prior to the Eight Circuit decision to deny the Commission's petition for review en banc (December 4, 2018, with the courts mandate anticipated as December 11, 2018), the Department understood the state of the law to be: VoIP

---

<sup>1</sup> Johnson Telephone Company did not file for ETC certification, and indicated by telephone that they would be declining the award.

<sup>2</sup> See *Charter Advanced Services (MN), LLC v. Nancy Lange, et. al.*, 903 F.3d 715 (8th Cir. 2018) (on December 4, 2018, the Eighth Circuit denied the petition for rehearing en banc and rehearing by the panel).

<sup>3</sup> "Telecommunications carriers' are defined as 'any provider of telecommunications services [and a] telecommunications carrier shall be treated as a common carrier under this chapter **only to the extent that it is engaged in providing telecommunications services.**'" See *id.* National Association of Regulatory Commissioners' Motion Seeking Leave to File Brief of Amici Curiae Supporting Defendant-Appellant's Petition for Rehearing En Banc (citing 47 U.S.C. § 153(51) (emphasis added)).

services were telecommunications services and thus qualified the petitioner for ETC status. With the Eighth Circuit decision that VoIP is an information service, each of the petitioners need to demonstrate that they will provide telecommunications service in those areas where the petitioner is seeking ETC status. The Department believes that this letter should serve to inform those companies of the need to address the telecommunications provision issue.

Sincerely,  
/s/ JOY GULLIKSON
