Before the Minnesota Public Utilities Commission

Comments of the Minnesota Department of Commerce Division of Energy Resources

Docket No. E015/M-21-60

I. BACKGROUND INFORMATION

On June 30, 2020, the Minnesota Public Utilities Commission issued its Initial Order Approving Petition and Resolving Rate Case with Conditions in Minnesota Power's (MP or the Company) 2019 Rate Case.¹ In its Order, the Commission directed MP to work with its Large Light & Power (LL&P) customers to discuss rate design alternatives and to report on the those discussions within six months.

On December 22, MP filed its compliance report on its discussions with its LL&P customers.

II. DEPARTMENT ANALYSIS

The Department has reviewed MP's compliance filing, and concludes that it complies with the directives set forth by the Commission in its June 30th Order.

MP's report details its outreach to its approximately 400 LL&P customers. The Company engaged with LL&P customers through individual discussions, an online survey, and a virtual meeting. Discussions included existing rate options for renewable energy, demand response (DR), time-of-use (TOU) rates and other rate options. MP provided an overview of its existing programs and obtained customer feedback on areas for possible new or revised offerings. Possible areas for future consideration include lowering the eligibility threshold for LL&P TOU, and better alignment of DR programs with the Midwest Independent System Operator (MISO) market.

The Department has reviewed MP's compliance report, and concludes that it complies with the Commission's June 30th Order. Given that MP has stated it intends to file a general rate case later in 2021, the Department does not recommend any further action be taken as MP will have the opportunity to address LL&P customer feedback with proposed revisions or new offerings at the time of its rate case.

III. DEPARTMENT RECOMMENDATION

The Department recommends the Commission accept Minnesota Power's compliance filing.
