Site Permit and Route Permit Application Completeness Checklist

Site Permit and Route Permit Application Completeness Checklist

Authority	Site Permit Application Required Information	Location in Application
Minn. Stat.	§ 216E.04, Alternative Review of Applications	
Subd. 1	An applicant who seeks a site permit for one of the projects identified in this section shall have the option of following the procedures in this section rather than the procedures in § 216E.03. The applicant shall notify the commission at the time the application is submitted which procedure the applicant chooses to follow.	Section 1.0, Section 1.1, Section 1.3
Subd. 2(3)	High-voltage transmission lines of between 100 and 200 kilovolts.	Section 1.0, Section 1.3
Subd. 2(9)	Energy Storage Systems.	Section 1.0, Section 1.3
Minn. R. 78	350.1900, Subpart 1, Site Permit For Large Electric Powe	er Generating Plant
Α.	A statement of proposed ownership of the facility as of the day of filing and after commercial operation.	Section 1.1.2, Section 1.1.3
Β.	The precise name of any person or organization to be initially named as permittee or permittees and the name of any other person to whom the permit may be transferred if transfer of the permit is contemplated.	Section 1.1.1
C.	At least two proposed sites for the proposed large electric power generating plant and identification of the applicant's preferred site and the reasons for preferring the site.	Alternatives not required under alternative process (2023 Minn. Stat. § 216E.04, subd. 2 and 3; Minn. R. 7850.3100)
D.	A description of the proposed large electric power generating plant and all associated facilities, including the size and type of the facility.	Sections 2.1 - 2.2 Section 5.0, Figure 2
E.	The environmental information required under Subpart 3.	Section 6.0
F.	The names of the owners of the property for the proposed site.	Section 1.1.2, Figure 4
G.	The engineering and operational design for the large electric power generating plant.	Section 5.0, Figures 2 and 3
H.	A cost analysis of the large electric power generating plant, including the cost of constructing and operating the facility that is dependent on design and site.	Section 2.3, Table 2.5-1

Site Permit and Route Permit Application Completeness Checklist

Ι.	An engineering analysis of the site, including how the site could accommodate expansion of generating capacity in	Section 3.3, Section 5.0
	the future.	
J.	Identification of transportation, pipeline, and electrical transmission systems that will be required to construct, maintain, and operate the facility.	Section 5.1, Figures 2 and 6
K.	A listing and brief description of federal, state, and local permits that may be required for the project.	Section 1.3, Table 1.3-1
L.	A copy of the Certificate of Need for the project from the Public Utilities Commission or documentation that an application for a Certificate of Need has been submitted or is not required.	Exemption discussed in Section 1.4.1
Minn. R	. 7850.1900, Subpart 2, Route Permit for HVTL	
Α.	A statement of proposed ownership of the facility at the time of filing the application and after commercial operation.	Section 1.1.2, Section 1.1.3
В.	The precise name of any person or organization to be initially named as permittee or permittees and the name of any other person to whom the permit may be transferred if transfer of the permit is contemplated.	Section 1.1.1
C.	At least two proposed routes for the proposed HVTL and identification of the applicant's preferred route and the reasons for the preference.	Alternatives not required under alternative process (2023 Minn. Stat. § 216E.04, subd. 2 and 3) (However, see Section 4.4)
D.	A description of the proposed HVTL and all associated facilities including the size and type of the HVTL.	Section 4.0
E.	The environmental information required under subpart 3.	Section 6.0
F.	Identification of land uses and environmental conditions along the proposed routes.	Section 6.2.8, Section 6.3, Section 6.5
G.	The names of each owner whose property is within any of the proposed routes for the HVTL.	Section 1.1.2, Figure 4
H.	United States Geological Survey topographical maps or other maps acceptable to the Commission showing the entire length of the HVTL on all proposed routes.	Figure 3
Ι.	Identification of existing utility and public rights-of-way along or parallel to the proposed routes that have the potential to share the right-of-way with the proposed line.	Section 4.3, Section 5.3.2, Figures 2 and 6
J.	The engineering and operational design concepts for the proposed high voltage transmission line, including	Section 5.0, Section 6.2.5

Site Permit and Route Permit Application Completeness Checklist

	information on the electric and magnetic fields of the transmission line.	
K.	Cost analysis of each route, including the costs of	
n.	constructing, operating, and maintaining the HVTL that are	Section 2.3,
	dependent on design and route.	Table 2.3-1
L.	A description of possible design options to accommodate expansion of the HVTL in the future.	Section 4.5
M.	The procedures and practices proposed for the acquisition	Section 5.3.2,
	and restoration of the right-of-way, construction, and	Section 6.5.6
NI	maintenance of the HVTL.	Continu 1 2
N.	A listing and brief description of federal, state, and local	Section 1.3,
0.	permits that may be required for the proposed HVTL.A copy of the Certificate of Need (CN) or the certified HVTL	Table 1.3-1 Exemption discussed
0.	list containing the proposed HVTL or documentation that an	in Section 1.4.1
	application for a CN has been submitted or is not required.	
Minn. R.	7850.1900, Subpart 3, Environmental Information	
Α.	A description of the environmental setting for the site.	Section 6.1
В.	A description of the effects of construction and operation	Section 6.2,
	of the facility on human settlement, including, but not	Tables 6.2-1 – 6.2-8,
	limited to, public health and safety, displacement, noise,	Appendices E and F
	aesthetics, socioeconomic impacts, cultural values,	
-	recreation, and public services.	
C.	A description of the effects of the facility on land-based	Section 6.3,
	economies, including, but not limited to, agriculture,	Figures 5 and 6
D.	forestry, tourism, and mining. A description of the effects of the facility on	Section 6.4,
D.	archaeological and historic resources.	Tables $6.4-1 - 6.4-2$,
		Appendix F
E.	A description of the effects of the facility on the natural	Section 6.5,
	environment, including effects on air and water quality	Tables 6.5-1 – 6.5-9,
	resources and flora and fauna.	Figures 7, 8, 9, 10,
		and 11,
		Appendices H, I, J,
		and K
F.	A description of the effects of the facility on rare and	Section 6.5.8,
	unique natural resources.	Figure 11,
<u> </u>	Identification of human and natural environmental effects	Appendices J and K
G.	that cannot be avoided if the facility is approved at a	Sections 6.6 - 6.8, Table 6.8-1
	specific site or route.	
H.	A description of measures that might be implemented to	Section 2.3,
	mitigate the potential human and environmental impacts	Section 3.1.2,
	identified in items A to G and the estimated costs of such	Section 6.0,
	mitigation measures.	Appendix C
		Appendix E
