Re: Form 481 ETC filing pursuant to 47CFR §§54.313 and 54.422, MidCommunications, Inc. dba Enventis, SAC 361375
Connect America Fund Dockets WC 10-90, 11-42 and 14-58

Dear Ms. Dortch:

Pursuant to 47CFR §§54.313 and 54.422, MidCommunications, Inc. dba Enventis, SAC 361375, is filing its Form 481 High Cost and Low Income Annual Report.

MidCommunications, Inc. dba Enventis seeks confidential treatment under the Protective Order in this proceeding for Section 54.202(a) Service Quality Improvement Plan portion of the 481 filing pursuant to the Request for Confidential Treatment attached to this filing. Pursuant to the Protective Order, one copy of the confidential document and two copies of the redacted version are provided. The Redacted version is also being filed on the Electronic Comment Filing System.

Sincerely,

A handwritten signature in blue ink that reads "Carrie Rice". The signature is fluid and cursive, with the first name being more prominent.

REDACTED – FOR PUBLIC INSPECTION

VIA OVERNIGHT DELIVERY

July 1, 2014

Ms. Marlene H. Dortch, Secretary
Federal Communications Commission
445 12th Street SW
Washington, DC 20554

RE: REQUEST FOR CONFIDENTIAL TREATMENT – *Connect America Fund*, WC Docket No. 10-90; *Lifeline and Link Up Reform and Modernization*, WC Docket No. 11-42

Request that Information Submitted to the Commission be Withheld from Public Inspection Pursuant to 47 CFR §.459 and 5 USC §552(b)(4): Five Year Service Quality Improvement Plan

Dear Ms. Dortch:

In accordance with the annual reporting requirements of 47 CFR §§54.313 and 54.422, MidCommunications, Inc. dba Enventis ("the Company"), Study Area Code 361375, is submitting a completed FCC Form 481 to the Commission via its Electronic Comment Filing System (ECFS) in WC Docket Nos. 10-90 and 11-42. The Company hereby requests confidential treatment of one attachment: The Five Year Service Quality Improvement Plan, which is redacted with this filing. The request for confidential treatment of the five-year plan is being made pursuant to section 0.459 of the Commission's rules and Exemption 4 of the Freedom of Information Act (FOIA). This attachment contains competitively sensitive data that the Company maintains as confidential and does not normally make available to the public. Release of this information would have a substantial negative impact on the Company.

The following information is provided in support of this request:

Identification of the specific information for which confidential treatment is sought:

Attachment to Line 112 of FCC Form 481 – Five Year Service Quality Improvement Plan. Specifically, confidential treatment is sought for all information in the five-year plan related to the Company's existing broadband capabilities and its network investment plans.

Identification of the Commission proceeding in which the information was submitted or a description of the circumstances giving rise to the submission:

The information was submitted in WC Docket Nos. 10-90 and 11-42 as an attachment to FCC form 481-the Carrier Annual Reporting Data Collection Form. Section 100 of FCC Form 481 requires incumbent local exchange carriers receiving high

cost support to attach a five-year service quality improvement plan, pursuant to 47 CFR §§54.202(a)(1)(ii) and 54.313(a)(1).

Explanation of the degree to which information is commercial or financial or contains a trade secret or is privileged:

The five-year service quality improvement plan contains granular information on the Company's existing broadband capabilities as well as detailed plans for financial investments in specific geographic areas of its network. This is closely-guarded, privileged information that the Company does not make publicly available.

CONCLUSION

For these reasons, pursuant to Sections 0.457 and 0.459 of the Commission's Rules, the Company requests that the portions of Form 481 which have been redacted with relation to Section 54.202(a) 5 - Year Service Quality Improvement Plan be treated as confidential under the Commission's rules and precedent and withheld in their entirety from public inspection, and that any distribution of them within the Commission should be limited to a "need to know" basis. In the event that any person or entity requests access to the documents or seeks to make any or all of them part of the public record, the company requests to be notified immediately so that it can oppose such request or take other action as necessary to safeguard its interests and the interests of consumers.

Respectfully Submitted,

A handwritten signature in blue ink that reads "Carrie Rice". The signature is written in a cursive, flowing style.

Carrie Rice
Regulatory Affairs Manager

<110> Has your company received its ETC certification from the FCC? (yes / no)

If your answer to Line <110> is yes, do you have an existing §54.202(a) "5 year plan" filed with the FCC? (yes / no)

If your answer to Line <111> is yes, then you are required to file a progress report, on line <112> delineating the status of your company's existing § 54.202(a) "5 year plan" on file with the FCC, as it relates to your provision of voice telephony service.

<112> Attach Five-Year Service Quality Improvement Plan or, in subsequent years, your annual progress report filed pursuant to 47 C.F.R. § 54.313(a)(1). If your company is a CETC which only receives frozen support, your progress report is only required to address voice telephony service.

Name of Attached Document

Please check these boxes below to confirm that the attached document(s), on line 112, contains a progress report on its five-year service quality improvement plan pursuant to § 54.202(a). The information shall be submitted at the wire center level or census block as appropriate.

- <113> Maps detailing progress towards meeting plan targets
- <114> Report how much universal service (USF) support was received
- <115> How (USF) was used to improve service quality
- <116> How (USF) was used to improve service coverage
- <117> How (USF) was used to improve service capacity
- <118> Provide an explanation of network improvement targets not met in the prior calendar year.

Company Name: Mid-Communications, Inc. dba Enventis

SAC: 361375

FCC Form 481 Line 100

TRADE SECRET DATA HAS BEEN REDACTED

Service Quality Improvement Proposal

MidCommunications, Inc. ("the Company") serves eleven exchanges in south central Minnesota: Amboy, Cambria, Eagle Lake, Garden City, Good Thunder, Lake Crystal, Madison Lake, Mapleton, Pemberton, St. Clair and Vernon Center. Since 2001, pursuant to the Federal Communications Commission's Fourteenth Report and Order, Twenty-Second Order On Reconsideration, and Further Notice Of Proposed Rulemaking in CC Docket No. 96-45, and Report and Order in CC Docket No. 00-256, the Company has annually demonstrated to the Minnesota Public Utilities Commission that its use of the support has been only *"only for the provision, maintenance and upgrading of facilities and services for which the support is intended,"* consistent with section 254(e) of the Telecommunications Act of 1996.

As a recipient of relatively small amounts of high cost loop and other legacy Universal Service Fund support, the Company understood those monies were to support voice services only. In addition to initial expenditures reported, which were limited to voice, the Company has made significant investments in and deployed broadband via ADSL technologies to over [trade secret data begins] [redacted] [trade secret data ends] of the establishments in its service territory.

In the USF/ICC Transformation Order (Connect America Fund et al., Report and Order and Further Notice of Proposed Rulemaking, FCC 11-161 (rel. Nov. 18, 2011), the FCC expanded the list of supported services to include broadband, and ordered all rate of return carriers to develop a five-year plan under which they would respond to reasonable requests for broadband service. The Company has completed a thorough analysis of its study area for broadband expansion based on ADSL technology and its existing copper and fiber facilities. The Broadband Augmentation Plan ("BAP") submitted herein contains information at the wire center level concerning specific locations ("designated build areas") where the Company has determined it may need to respond to reasonable requests to provide service. This BAP is

independent of the Company's annual plans for upgrading, maintaining and operating its network. Under the BAP, when requests for service are made that cannot immediately be filled, the requests are logged and reviewed on a monthly basis to determine if they are located within one of these designated build areas. Because the FCC has offered guidance that end user revenues can be considered when evaluating reasonable requests, (Report and Order, Declaratory Ruling, Order, Memorandum Opinion and Order, Seventh Order on Reconsideration, and Further Notice Of Proposed Rulemaking, FCC 14-54, Para. 65, June 11, 2014), if request levels reach a threshold level of **[trade secret data begins [REDACTED] trade secret data ends]** of a Carrier Serving Area (CSA), the company plans to poll the building/home owners to determine if they would be likely to subscribe to service if it was available. When polling results reflect the Company's current average adoption rate of **[trade secret data begins [REDACTED] trade secret data ends]** then the Company will incorporate that area into its plans for construction of facilities to provide broadband, weather and budgets permitting. This evaluation will also depend on revenues from federal universal service funding being available at currently-projected levels. The Company expects that the investments detailed below will increase broadband availability in its territory to approximately **[trade secret data begins [REDACTED] trade secret data ends]**.

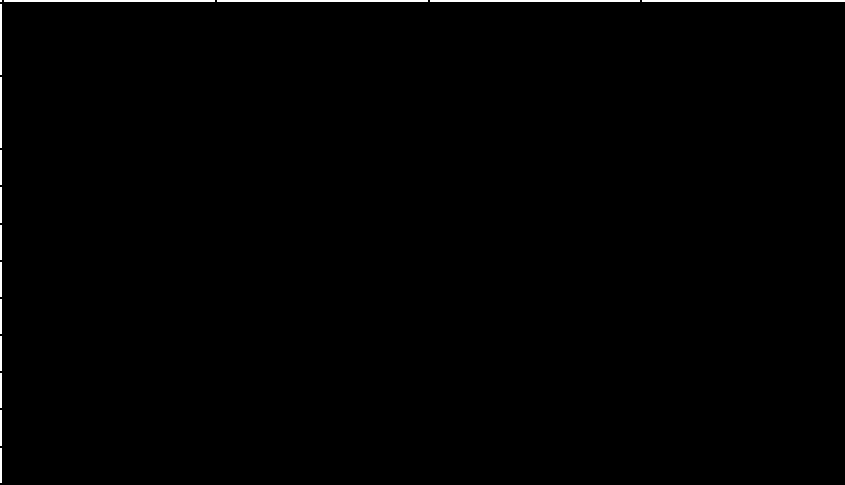

The cost estimates, locations and investment levels included in this Broadband Augmentation Plan are "forward-looking" projections. Such forward-looking projections are based on current expectations, estimates, uniform consumer demand and projections about the industry in which the Company operates. As a result of uncertainties in the forward-looking projections, the Company reserves the opportunity to modify its Plan in response to regulatory decisions, consumer demand, technological advancements and other considerations as they become known. This submission is not a guarantee of future performance and actual outcomes and results may differ materially from what is expressed or forecasted in this forward-looking projection. All material adjustments to the Plan will be reflected and explained in subsequent Form 481 submissions.

INSPECTIONS, TESTS, SERVICE REQUIREMENTS

7810.4100 ACCESS TO TEST FACILITIES.

7810.4300 ACCURACY REQUIREMENTS.

7810.4900 ADEQUACY OF SERVICE.

7810.5000 UTILITY OBLIGATIONS.

7810.5100 TELEPHONE OPERATORS.

7810.5200 ANSWERING TIME.

7810.5300 DIAL SERVICE REQUIREMENTS.

7810.5400 INTEROFFICE TRUNKS.

7810.5500 TRANSMISSION REQUIREMENTS.

7810.5800 INTERRUPTIONS OF SERVICE.

7810.5900 CUSTOMER TROUBLE REPORTS.

7810.6000 PROTECTIVE MEASURES.

7810.6100 SAFETY PROGRAM.

Mid-Communications, Inc.'s customer service department has numerous Consumer Protection measures in place to protect customer information from improper use and disclosure, as well as to protect against fraud. For example, Mid-Communications, Inc. has policies and procedures in place regarding Customer Proprietary Network Information (CPNI) and regularly trains employees on same.

Mid-Communications, Inc. is also compliant with the Federal Trade Commission's guidelines to prevent identity theft (the "Red Flag" program).

All employees are trained on the corporation's Code of Conduct, which requires employees to protect sensitive customer information from improper use and disclosure.

Mid-Communications, Inc. and all its affiliates have a Data Privacy and Security policy which applies to all employees.

Mid-Communications, Inc. has implemented a strict third-party qualification protocol to prevent unauthorized charges ("cramming") from appearing on customers' bills.

In addition to the foregoing, Mid-Communications, Inc. has implemented information technology security measures to protect our network and customer information.
