---

Fenton Power Partners I, LLC (“Fenton”) respectfully submits this compliance filing in accordance with Section 5.2.2 of the large wind energy conversion system (“LWECS”) Site Permit issued on March 8, 2019 (the “2019 Amended Site Permit”) by the Minnesota Public Utilities Commission (“Commission”):

**5.2.2 Site Manager**

The Permittee shall designate a site manager responsible for overseeing compliance with the conditions of this permit during the commercial operation and decommissioning phases of the project. This person shall be accessible by telephone or other means during normal business hours for the life of this permit.

The Permittee shall file with the Commission the name, address, email, phone number, and emergency phone number of the site manager 14 days prior to commercial operation of the facility. The Permittee shall provide the site manager’s contact information to affected landowners, residents, local government units and other interested persons 14 days prior to commercial operation of the facility. The Permittee may change the site manager at any time upon notice to the Commission, affected landowners, residents, local government units and other interested persons.

David Sturges is the designated site manager for the Fenton Wind Project (“Project”). His contact information, including an emergency phone number, is included below.
