RE: REPLY COMMENTS  
IMPLEMENTING THE NEWLY CREATED CARBON FREE STANDARD  
DOCKET NO. E999/CI-23-151

Dear Ms. Bergman:

Northern States Power Company, doing business as Xcel Energy, submits these brief Reply Comments to the Minnesota Public Utilities Commission responding to the September 12, 2025 Notice of Comment Period regarding implementation of the Carbon Free Standard (CFS).

The Company appreciates the thoughtful Comments of parties. The Comments indicate a general consensus that the 2010 Order provides a solid framework for the Commission to consider modifications or delays of obligations under Minn. Stat. § 216B.1691, as allowed by Minn. Stat. § 216B.1691, subd. 2b (hereafter “the CFS Modification Provision”).

In this letter, the Company provides brief replies to two topics raised in Comments: First, we discuss Integrated Resource Plans (IRPs) as the appropriate venue to address considerations regarding modifications or delay of Standards but conclude that no further IRP requirements or clarifications are necessary. Second, we explain why we believe the Commission should not establish caps or thresholds for Standard modifications or delays.

## **A. IRPs Are Appropriate Venues to Evaluate Compliance-Related Factors and No Further Requirements are Needed**

Commenters agree<sup>1</sup> that IRPs address many topics contemplated by the Commission's March 19, 2010 Order in Docket No. E999/CI-03-869 (the "2010 Order"). The 2010 Order concluded that IRPs offer the best opportunity to review rate impacts of compliance.<sup>2</sup>

We agree that the IRP provides the best opportunity to review rate impacts of compliance, and other requirements from the 2010 Order are addressed through the IRP process. We also agree with Otter Tail Power's and Minnesota Power's conclusion that the Commission can consider modification petitions within an IRP docket at any time. This is consistent with the CFS Modification Statute and the 2010 Order, and we do not believe further clarification or action from the Commission is necessary.

As noted in our Comments, as it relates to rate impacts specifically, the 2010 Order predates Minn. Stat. § 216B.1691, subd. 2e, which now expressly codifies the requirement for utilities to estimate the rate impact of compliance. The IRP process and associated requirements – combined with the modification process as outlined in the 2010 Order and the details within the CFS Modification Provision – provide robust guidance for utilities and the Commission. It is not necessary for the Commission to create or consolidate new or additional requirements for IRPs.

## **B. The Commission Should Retain Flexibility**

The CFS Modification Provision specifies many factors the Commission must review when considering modification petitions. As many commenters agree, any petition for a modification or delay should be evaluated on a case-by-case basis, as stated in the 2010 Order.

We believe the Commission should retain flexibility in how to evaluate petitions and the factors explicit in the CFS Modification Provision and not establish caps or thresholds for modifications. The Department of Commerce points out that one of the considerations in the CFS Modification Provision is "environmental costs that would be incurred as a result of a delay or modification"<sup>3</sup> and suggests that the social

---

<sup>1</sup> e.g., Minnesota Power Comments at 2; Department of Commerce Comments at 4; Otter Tail Power Comments at 3-4.

<sup>2</sup> "...resource plan proceedings generally offer the best opportunity to examine the utility-specific rate impact of meeting the" standard. 2010 Order at p. 9.

<sup>3</sup> Minn. Stat. § 216B.1691, subd. 2b(a)(2).

cost of carbon (SCC) should “establish the maximum amount that should be paid to satisfy compliance requirements.”<sup>4</sup>

Environmental costs are one consideration among many factors explicit in the CFS Modification Provision, and the Commission would need to weigh these many factors and other relevant considerations together as part of a holistic evaluation of any modification petition. Any cap or threshold would preclude a fulsome, case-by-case evaluation of modification petitions and is not aligned with the CFS Modification Provision.

## CONCLUSION

The Company continues to recommend that the Commission continue to allow for procedural and content flexibility in petitions to modify or delay CFS implementation akin to the 2010 Order. The Commission may consider minor clarifications regarding the modification process in the 2010 Order, as indicated in our Initial Comments. We recommend the Commission not adopt additional requirements in the IRP or elsewhere and not set any caps or thresholds for modifications or delay of Standard obligations.

Specifically, we respectfully recommend that the Commission:

- Adopt the existing modification process, as outlined in Order Point Nos. 4, 5, and 6 of the 2010 Order, for the Carbon-Free Standard,
- Decline to adopt additional reporting requirements, and
- Decline to set caps or thresholds for modifications or delays of Standard obligations.

After all of its CFS and life-cycle analysis (LCA) determinations are complete, the Commission may want to issue an Order that brings together its compliance demonstration decisions for ongoing reporting clarity, similar to the June 1, 2004 Order in Docket No. E999/CI-03-869.

Finally, the Commission’s October 17, 2025 Notice of Comment Period (October Expanded Notice) included additional topics open for comment and requested parties discuss the issue of extended credit duration for certain small wind resources or other projects. The Company takes no position on those additional topics in the October Expanded Notice.

---

<sup>4</sup> Department of Commerce Comments at 6.

We have electronically filed this document with the Minnesota Public Utilities Commission, and copies have been served on the parties on the attached service list. Please contact Karin Haas at or [karin.haas@xcelenergy.com](mailto:karin.haas@xcelenergy.com) or me at [jody.l.londo@xcelenergy.com](mailto:jody.l.londo@xcelenergy.com) if you have any questions regarding this filing.

Sincerely,

/s/

JODY L. LONDO  
DIRECTOR, REGULATORY & STRATEGIC ANALYSIS
