RE: PETITION – SECOND REVISION
APPROVAL OF PPAs FOR FIRM DISPATCHABLE RESOURCES
DOCKET NOS. E002/CN-23-212 AND E002/RP-24-67

Dear Ms. Bergman:

Northern States Power Company, doing business as Xcel Energy, submits a second revised Petition to the Minnesota Public Utilities Commission, reflecting updated markings identifying the Petition narrative and two attachments as including Critical Energy Infrastructure Information (CEII). We also add the “Highly Sensitive Trade Secret Information” (HSTS Information) marking to those filing components noting that use thereof is restricted as set forth in the Protective Order in Docket No. E002/CN-23-212.¹

We are re-submitting the full Not-Public version of the Petition package a second time to specifically designate each occurrence of HSTS Information in the narrative at the request of the Office of the Attorney General. We have made no other revisions to the filing components as submitted to the Commission on September 26, 2025 in the above-referenced dockets. Because the public version of the filing on that date remains unchanged, we are not re-submitting the public version.

As previously indicated, portions of the Petition, and Attachments A, B, C, D and E in their entirety, are marked “Not-Public” as they contain information the Company considers to be trade secret data as defined by Minn. Stat. § 13.37(1)(b). This data includes confidential negotiation details, pricing and other contractual terms, and

security information. The information has independent economic value from not being generally known to, and not being readily ascertainable by, other parties who could obtain economic value from its disclosure or use.

Specifically, the model Power Purchase Agreement (PPA) is part of the public record through the filed and online Request for Proposal; this public availability creates a risk that developers could potentially infer the terms we negotiated by comparing the redacted versions to the full model PPA. Although they would not be able to determine the exact specifics of our negotiated terms, they could identify the categories of terms where we deviated from the standard in order to secure the project. This insight, when combined with the public information in our Petition, could adversely impact future contract negotiations and potentially increase costs for our customers. For these reasons, the agreements have been marked “Not-Public” in their entirety, and the Company maintains this information as a trade secret.

Additionally, the filing is provided with Critical Energy Infrastructure Information (CEII) as defined in Federal Energy Regulatory Commission (FERC) rules and policies, specifically 18 C.F.R. § 388.113. CEII has been redacted from the documents as they contain contingency information related to or proposed to critical electric infrastructure, the incapacity or destruction of which would negatively affect national security, economic security, public health or safety, or any combination of such matters. Xcel Energy protects CEII as confidential Security Information as defined by Minn. Stat. § 13.37(1)(a), as its disclosure would be likely to substantially jeopardize the security of vital system information, and property against trespass, or physical injury or otherwise cause financial harm from its disclosure. Xcel Energy maintains this information as confidential pursuant to Minn. Rule 7829.0500, subp 2.

Attachments A, B, C, D and E are marked “Not-Public” in their entirety. Pursuant to Minn. R. 7829.0500, subp. 3, the Company provides the following description of the excised material:

1. **Nature of the Material:** Attachments A, B, C and D are PDF copies of agreements between the Company and Sellers for purchases of power to produce electric service. Attachment E provides a comparison of final PPA price terms to the Settlement Agreement.
2. **Authors:** The agreements were drafted by Company’s and Sellers’ legal and business development personnel.
3. **Importance:** The agreements include confidential negotiation details, pricing and other contractual terms, and security information. The Sellers and/or the Company maintain this information as trade secret as it has independent

economic value from not being generally known to, and not being readily ascertainable by, other parties who could obtain economic value from its disclosure or use.

4. **Date the Information was Prepared:** See the individual documents for dates.

We have electronically filed this document with the Minnesota Public Utilities Commission, and copies have been served on the parties on the attached service lists. Please contact Shannon Whiton at shannon.whiton@xcelenergy.com or me at jody.l.londo@xcelenergy.com if you have any questions regarding this filing.
