Subject: Maps for May 4, 2021 Public Hearing the Walleye Wind Project

I am following up on the Notice you have received regarding the May 4, 2021 virtual public hearing that has been scheduled to discuss the Walleye Wind Project in Rock County, Minnesota. The Notice provided information regarding participation from interested members of the public.

At the public hearing, Walleye Wind plans to reference the attached Maps (Attachment A), which provides detail on a residence/receptor relationship to the proposed wind turbine locations. Also, attached (Attachment B) is a list of landowner addresses and their receptor numbers, so that you can cross-reference your address and receptor number on the list to the attached Maps. The landowners without a receptor number are due to the address for the landowner not being associated with a residence at that address.

The Maps have been electronically filed with the Minnesota Public Utilities Commission in Docket Nos. IP-7026/WS-20-384 (Site Permit) and IP-7026/CN-20-269 (Certificate of Need).

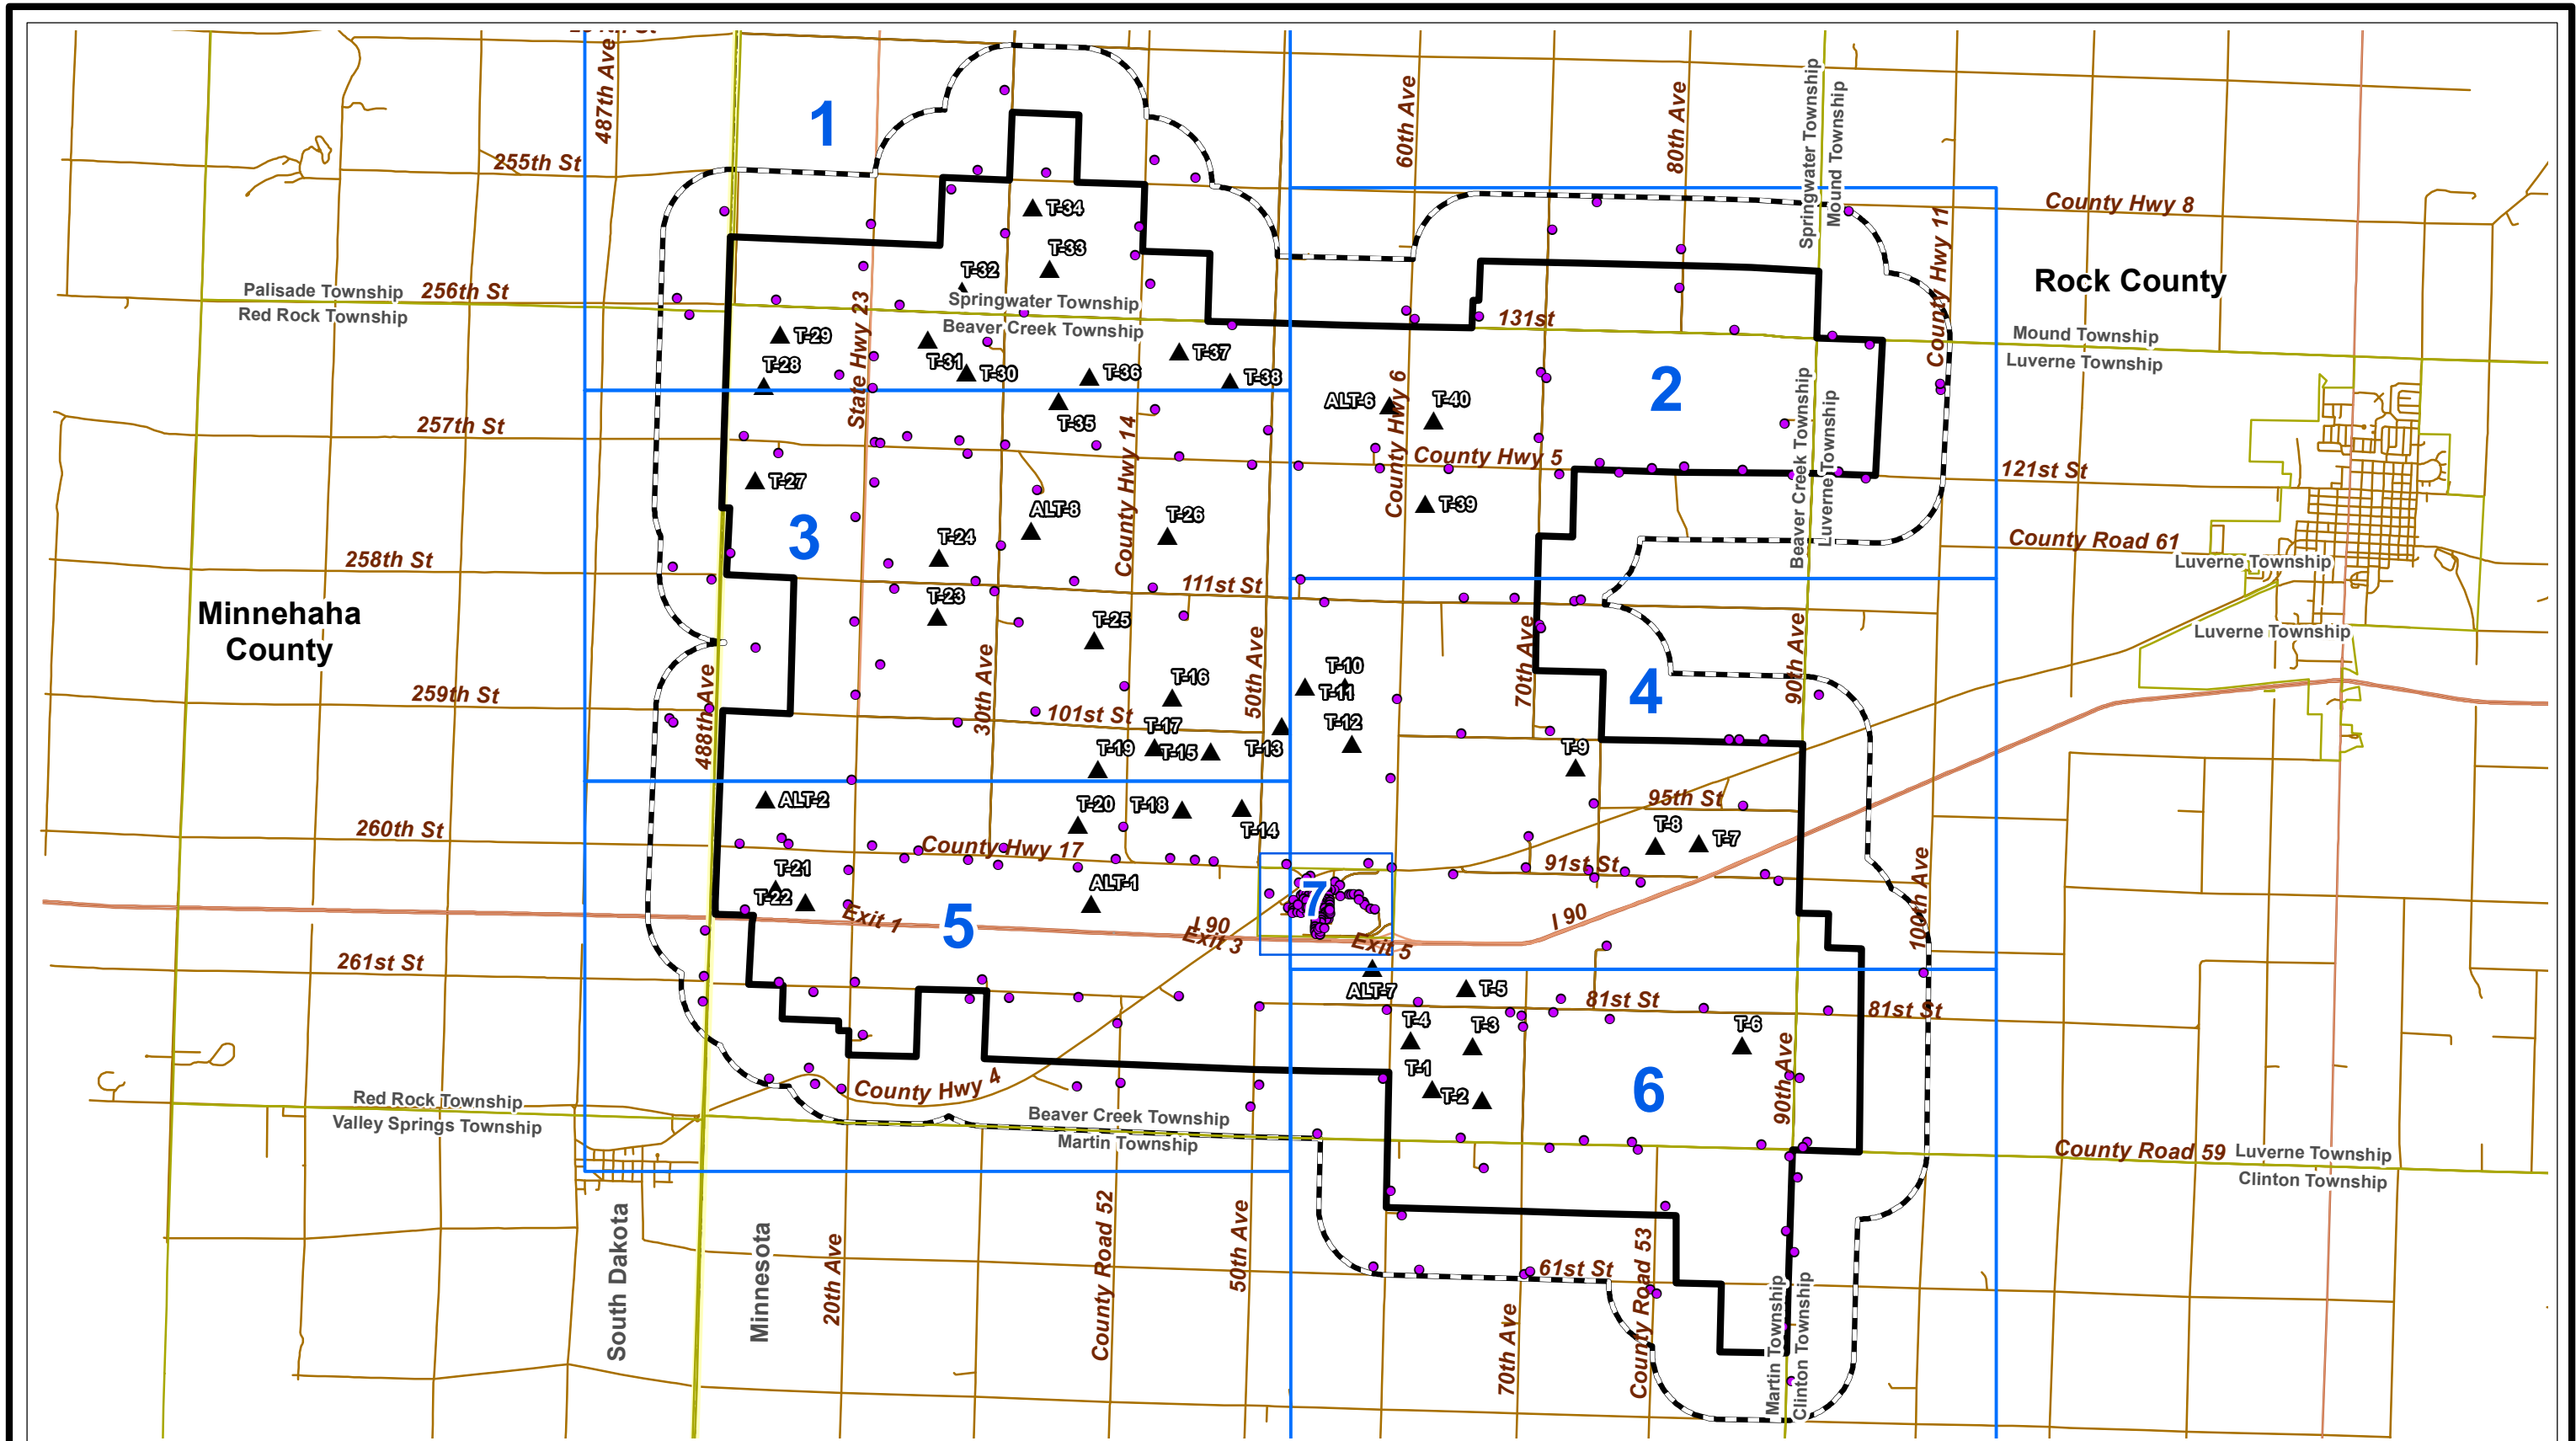

Walleye Wind hopes you find the Maps informative and welcomes your participation at the public hearing.

Sincerely,

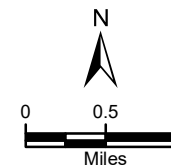

Mike Weich
