RE: Request For Agenda Placement  
Docket No. PL6580/M-15-967

Dear Mr. Wolf:

Greater Minnesota Transmission, LLC respectfully requests that this matter be placed on the Commission's agenda for consideration as soon as possible. As the record demonstrates, the Minnesota Department of Commerce, Division of Energy Resources filed its Comments on December 2, 2015 and there is no objection to GMT's Petition for Approval of a Firm Gas Transportation Agreement. In order to be able to provide access to affordable energy from natural gas for the citizens of the Red Lake Falls area, GMT needs to begin ordering pipe and materials in the immediate future. Accordingly, a decision from the Commission regarding approval of the Petition is time-sensitive and critical in order to make the project a reality for 2016.

Thank you for your consideration. Please do not hesitate to contact me should there be any questions or concerns.

Sincerely,

**GREATER MINNESOTA TRANSMISSION, LLC**
