

NOTICE OF COMMENT PERIOD

Issued: November 23, 2020

In the Matter of the Application of Big Bend Wind, LLC for a Certificate of Need, Site Permit, and Route Permit for an up to 308 MW Wind Farm and Associated 161 kV Transmission Line in Cottonwood, Martin, and Watonwan Counties

PUC Docket Number(s): IP7013/CN-19-408 (certificate of need); IP7013/WS-19-619 (site permit); IP7013/TL-19-621 (route permit)

Comment Period: Initial comment period closes December 15, 2020 at 4:30pm

Reply comment period closes December 24, 2020 at 4:30pm

Comments received after the close of the comment period may or may not be considered by the Commission.

Topic(s) Open for Comment:

- Does the certificate of need, site permit, and route permit applications contain the information required under Minn. R. 7849.0220, subp. 1 and 2, Minn. R. 7854.0500, and Minn. R. 7850.3100, respectively?
- Should an advisory task force be appointed for the route permit application?
- Are there any contested issues of fact with respect to the representations made in the applications?
- Should the certificate of need application be evaluated using the Commission's informal process or referred to the Office of Administrative Hearings (OAH) for a contested case hearing?
- Should the site permit application be referred to the OAH for a contested case hearing?
- Should the environmental report required under the certificate of need process be combined with the environmental assessment required for the transmission line?
- Should the certificate of need, site permit, and route permit applications be processed jointly (i.e., referred to OAH for joint contested case proceedings, joint public information meetings, and joint environmental review)?
- Should the Commission hold joint proceedings on the Big Bend Wind and Red Rock Solar projects? (See **Background** discussion below)
- Are there other issues or concerns related to this matter?

Minnesota Public Utilities Commission
121 7th Place East, Suite 350
St. Paul MN 55101

Background: Big Bend Wind, LLC (Big Bend, Applicant), an affiliate of Apex Clean Energy Holdings, LLC, has filed with the Minnesota Public Utilities Commission separate applications for a certificate of need, a site permit, and a route permit for an up-to 308 megawatt (MW) large wind energy conversion system and an associated approximately 18 mile 161kV transmission line (Big Bend Wind Project). Big Bend has not finalized the decision on the type of turbines that would be used but would do so prior to construction. The applicant is proposing three wind turbine models with 5.5 MW to 5.7 MW capacity which would entail between 54 and 55 turbines. In addition to the turbines and related equipment, the Big Bend Wind Project would also include: gravel access roads, underground and/or above ground electrical collection and communication lines, one operations and maintenance facility, a project substation, up to one meteorological tower, a Sonic Detection and Ranging or Light Detection and Ranging unit, up to four Aircraft Detection Lighting System radars, and, if needed, one temporary batch plant area. The proposed project would be located in portions of Cottonwood, Martin, and Watonwan Counties, Minnesota.

The Big Bend Wind Project is associated with the Red Rock Solar Project proposed by Red Rock Solar, LLC (Red Rock), also an affiliate of Apex Clean Energy Holdings, LLC. The Red Rock Solar Project is an up-to 60 MW solar energy conversation system proposed to be located in Cottonwood County. The Big Bend Wind Project and Red Rock Solar Project are proposed to be a hybrid wind and solar renewable energy project that would generate up to 335 MW of electricity together. The power produced by the Red Rock Solar Project would be transferred to the grid on the proposed transmission line associated with the Big Bend Wind Project. Red Rock has filed with the Commission separate applications for a certificated of need (CN-19-486) and a site permit (GS-19-620) for the Red Rock Solar Project. The Applicant has requested that the Commission order a joint regulatory review process on the applications for the Big Bend Wind and Red Rock Solar projects.

The applications are available for viewing on the Commission's eDocket system via the following links: [Big Bend Application for a Certificate of Need](#), [Big Bend Application for a Site Permit](#), or [Big Bend Application for a Route Permit](#).

Filing Requirements: Utilities, telecommunications carriers, official parties, and state agencies are **required** to file documents using the Commission's electronic filing system (eFiling). All parties, participants and interested persons are encouraged to use eFiling at: <https://www.edockets.state.mn.us/EFiling/>.

Full Case Record: See all documents filed in this docket via the Commission's website at mn.gov/puc, select *Search eDockets*, enter the year (19) and the docket number (408, 619, and/or 621), select *Search*.

Subscribe to receive email notification when new documents are filed in this docket at <https://www.edockets.state.mn.us/EFiling/>, select *Subscribe to Dockets*, and follow the prompts.
