

APPENDIX F

Calculated Magnetic Flux Density for 345-kV Transmission Lines

Lyon County Generating Station Project
Combined Application
MPUC Docket Nos. E002/CN-25-145, G002/GS-25-154,
E002/TL-25-161 & G002/GP-25-163
May 2025

Calculated Magnetic Flux density (mG) for Proposed 345 Kilovolt Transmission Line Design (3.28 feet above ground)
