RE: Letter
In the Matter of Commission Consideration and Determination of Compliance with
Minnesota's Renewable Energy Objectives for Year 2024
Docket No. E-999/PR-25-12

Dear Mr. Seuffert:

Missouri Basin Municipal Power Agency, d/b/a Missouri River Energy Services ("MRES"), submits this letter pursuant to Order Points 1 and 2 of the Minnesota Public Utilities Commission's ("Commission") April 25, 2025 Order in Docket Nos. E-999/PR-24-12 and E-999/PR-02-1240.¹

The City of Worthington (an MRES member) provides power and energy to the City of Brewster, which is identified by the Commission as an electric utility subject to Minnesota Statutes § 216B.1691. This letter confirms that the renewable energy credits (RECs) reported in MRES's June 1 annual report cover the energy provided to Brewster by Worthington. Specifically, Brewster's compliance with Minnesota Statutes § 216B.1691 is achieved through MRES retiring enough RECs with respect to MRES' total electric sales to Worthington to meet MRES' REC retirement obligation.²

Please contact me at derek.bertsch@mrenergy.com or (605) 330-4890 if you have any questions regarding this filing.

Sincerely,

/s/ *Derek Bertsch*

² On April 12, 2024, the Commission issued an order authorizing MRES to exclude sales by Worthington to Brewster in annual compliance reporting to prevent double counting retired RECs. Order Further Clarifying Implementation of Changes to Minn. Stat. §216B.1691, Docket No. E-999/CI-23-151 (April 12, 2024).
