RE: **Comments of the Minnesota Department of Commerce**  
Docket No. P999/PR-14-08

Dear Dr. Haar:

Attached are the comments of the Minnesota Department of Commerce in the following matter:

Annual Certifications Related to Eligible Telecommunications Carriers' (ETCs)  
Use of the Federal Universal Service Support.

The Department's recommendation is contained herein. The Department is available to answer any questions the Commission may have.

Sincerely,

/s/ KATHERINE DOHERTY  
Rates Analyst

BEFORE THE MINNESOTA PUBLIC UTILITIES COMMISSION

COMMENTS OF THE  
MINNESOTA DEPARTMENT OF COMMERCE

DOCKET NO. P999/PR-14-08

**I. HISTORICAL BACKGROUND**

On May 7, 1997, the Federal Communications Commission (FCC) adopted its Universal Service Order (Report and Order in CC Docket No. 96-45), which set out the steps necessary to establish support mechanisms to ensure the delivery of affordable telecommunications service to consumers in all areas of the nation.

On May 23, 2001, the FCC issued its Fourteenth Report and Order in CC Docket No. 96-45 & 00-256, and adopted rules governing the distribution of support to rural carriers. FCC Rule 47 C.F.R. §54.314 delegates to state commissions the responsibility to certify that federal universal service support funding will be used only for the provision, maintenance, and upgrading of facilities and services for which the support is intended.

On December 23, 2002, the Minnesota Public Utilities Commission (Commission) issued an Order in Docket No. P999/M-02-1403, setting forth requirements that each petitioner file an affidavit from a corporate officer stating that any Universal Service Funds received would be used only for their intended purpose, and documentation regarding the previous year's receipt of subsidies from the Universal Service Fund and the company's operating and capital expenditures.

On March 17, 2005, the Federal Communications Commission released a Report and Order in the Matter of the Federal-State Joint Board on Universal Service. In the Order, the FCC adopted additional "mandatory requirements for ETC designation proceedings in which the [Federal Communications] Commission acts pursuant to section 214(e) (6)<sup>1</sup> of the Communications Act of 1934, as amended."<sup>2</sup>

---

<sup>1</sup> Section 214(e) (6) provides for FCC designation of eligible telecommunications carriers in cases in which the carriers are not subject to the jurisdiction of a state commission.

<sup>2</sup> In the Matter of the Federal-State Joint Board on Universal Service, CC Docket No. 96-45, *Report and Order*, March 17, 2005, para.1.

On July 21, 2005, in Docket No. P999/M-05-741, the Commission issued an Order incorporating into its future annual certification process (beginning with petitions filed by ETCs in 2006) the filing requirements set forth by the FCC in CC Docket 96-45, FCC 05-46, with modifications.

On November 18, 2011, the FCC released its Report and Order and Further Notice of Proposed Rulemaking, In the Matter of Connect America, et al. in WC Dockets No. 10-90, 07-135, 03-109, and 10-208, GN Docket No. 09-51, CC Dockets 09-92 and 96-45, and WT Docket No 10-208 (CAF-ICC Order), which comprehensively reforms universal service and intercarrier compensation mechanisms. Among other things, the CAF-ICC Order addressed annual Section 254(e)<sup>3</sup> certification by states (with respect to the ETCs they have designated).

In its order, the FCC extended its current reporting requirements (previously codified in 47 C.F.R. §54.209) to all ETCs, including those designated by states, incorporated new reporting requirements, and codified the reporting requirements in new section 54.313 of its rules.

## II. PROCEDURAL BACKGROUND

On April 11, 2014, the Commission issued an order establishing a schedule for the annual certifications related to ETC's use of funds in 2014 and future certifications as follows:

ETCs' Petitions for Certification (USAC Form 481): July 1, 2014  
Initial comment period: September 1, 2014  
Reply comment period: September 8, 2014

Between June 18, 2014 and July 1, 2014, Form 481 filings were received from ETCs seeking certification of eligibility from the Commission for the receipt of high cost support from the Federal Universal Service Fund.

## III. STATEMENT OF ISSUES

- Whether each of the petitioning carriers provided sufficient documentation for the Commission to certify that federal universal service high-cost support received in 2014 was used and that any federal universal service high-cost support received in 2015 will be used only for the intended purposes.

---

<sup>3</sup> Section 254(e) of the Telecommunications Act requires that a carrier "shall use support only for the provision, maintenance, and upgrading of facilities and services for which the support is intended."

#### IV. DISCUSSION OF LAW AND POLICY

##### *FEDERAL LAW*

Section 254(e) of the Telecommunications Act states:

After the date on which Commission regulations implementing this section take effect, only an eligible telecommunications carrier designated under Section 214(e) shall be eligible to receive specific Federal universal service support. A carrier that receives such support shall use that support only for the provision, maintenance, and upgrading of facilities and services for which the support is intended. Any such support should be explicit and sufficient to achieve the purposes of this section.

**47 C.F.R. §54.313 outlines the annual reporting requirements for high-cost recipients, stating that:**

(a) Any recipient of high-cost support shall provide the following, with the information and data required by paragraphs (a)(1) through (7) of this section separately broken out for both voice service and broadband service:

(1) A progress report on its five-year service quality improvement plan pursuant to §54.202(a), including maps detailing its progress towards meeting its plan targets, an explanation of how much universal service support was received and how it was used to improve service quality, coverage, or capacity, and an explanation regarding any network improvement targets that have not been fulfilled in

the prior calendar year. The information shall be submitted at the wire center level or census block as appropriate;

(2) Detailed information on any outage in the prior calendar year, as that term is defined in 47 CFR 4.5, of at least 30 minutes in duration for each service area in which an eligible telecommunications carrier is designated for any facilities it owns, operates, leases, or otherwise utilizes that potentially affect

(i) At least ten percent of the end users served in a designated service area; or

(ii) A 911 special facility, as defined in 47 CFR 4.5(e).

(iii) Specifically, the eligible telecommunications carrier's annual report must include information detailing:

(A) The date and time of onset of the outage;

(B) A brief description of the outage and its resolution;

(C) The particular services affected;

(D) The geographic areas affected by the outage;

(E) Steps taken to prevent a similar situation in the future; and

(F) The number of customers affected.

(3) The number of requests for service from potential customers within the recipient's service areas that were unfulfilled during the prior calendar year. The carrier shall also detail how it attempted to provide service to those potential customers;

(4) The number of complaints per 1,000 connections (fixed or mobile) in the prior calendar year;

(5) Certification that it is complying with applicable service quality standards and consumer protection rules;

(6) Certification that the carrier is able to function in emergency situations as set forth in §54.202(a) (2);

(7) The company's price offerings in a format as specified by the Wireline Competition Bureau;

47 C.F.R. §54.313(a)(8) requires that high cost recipients report:

[t]he recipient's holding company, operating companies, affiliates, and any branding (a "dba," or "doing-business-as company" or brand designation), as well as universal service identifiers for each such entity by Study Area Codes, as that term is used by the Administrator. For purposes of this paragraph, "affiliates" has the meaning set forth in section 3(2) of the Communications Act of 1934, as amended.

47 C.F.R. 54.313 (a)(9) states that:

To the extent the recipient serves Tribal lands, documents or information demonstrating that the ETC had discussions with Tribal governments that, at a minimum, included:

- (i) A needs assessment and deployment planning with a focus on Tribal community anchor institutions;
- (ii) Feasibility and sustainability planning;
- (iii) Marketing services in a culturally sensitive manner;
- (iv) Rights of way processes, land use permitting, facilities siting, environmental and cultural preservation review processes; and
- (v) Compliance with Tribal business and licensing requirements. Tribal business and licensing requirements include business practice licenses that Tribal and non-Tribal business entities, whether located on or off Tribal lands, must obtain upon application to the relevant Tribal government office or division to conduct any business or trade, or deliver any goods or services to the Tribes, Tribal members, or Tribal lands. These include certificates of public convenience and

necessity, Tribal business licenses, master licenses, and other related forms of Tribal government licensure.

47 C.F.R §54.313(a)(10) requires that ETCs certify that the pricing of their voice services are no more than two standard deviations above the applicable national average as specified annually in a Public Notice issued by the FCC's Wireless Competition Bureau.

47 C.F.R. §54.313(a)(11) requires ETCs to submit the results of network tests. ETCs are not required to submit this information in 2014.

47 C.F.R §54.313 (b), (c), (d), and (e) require ETCs to provide certain certifications with respect to broadband obligations.

47 C.F.R §54.313(f)(2) requires privately held rate of return ETCs to file financial reports.

47 C.F.R §54.313(g) requires ETCs without terrestrial backhaul to certify that they offer broadband service of at least 1Mbps/256 kbps within the supported area served by satellite middle mile facilities.<sup>4</sup> No Minnesota ETC is currently subject to this requirement.

47 C.F.R. §54.313(h) requires that (1) All incumbent local exchange carrier recipients of high-cost support must report all of their rates for residential local service for all portions of their service area, as well as state fees as defined pursuant to §54.318(e), to the extent the sum of those rates and fees are below the rate floor as defined in §54.318, and the number of lines for each rate specified. Carriers were required to report lines and rates in effect as of June 1.

47 C.F.R. §54.314, titled "Certification of Support for Eligible Telecommunications Carriers," provides:

(a) *Certification.* States that desire eligible telecommunications carriers to receive support pursuant to the high-cost program must file an annual certification with the Administrator and the Commission stating that all federal high-cost support provided to such carriers within that State was used in the preceding calendar year and will be used in the coming calendar year only for the provision, maintenance, and upgrading of facilities and services for which the support is intended. High-cost support shall only be provided to the extent that the State has filed the requisite certification pursuant to this section.

---

<sup>4</sup> No Minnesota ETC is currently subject to this requirement.

## V. ANALYSIS

FCC rules require that any recipient of high cost universal service support file all information and certifications required by 47 C.F.R. 54.313 by July 1, 2014, and by July 1 in subsequent years with the FCC, the Universal Service Administrative Company (USAC), and relevant state commissions. USAC has created a detailed and comprehensive form (Form 481) for this purpose, which ETCs are required to use for their annual filings submitted on July 1. States are required to file certifications pursuant to 47 CFR §54.314 by October 1.

### A. *THE CARRIERS' SUBMISSIONS OF SERVICE QUALITY IMPROVEMENT PLANS AS REQUIRED BY 47 C.F.R. §54.313(A)(1)*

47 C.F.R 54.313(a)(1) requires that high cost recipients submit five year service improvement plans that detail proposed improvements or upgrades to the applicants' networks throughout their service areas, and estimates of the area and population that will be served as a result of the improvements.

On May 1, 2014, the FCC waived the requirement for price cap carriers<sup>5</sup> to file a 5 year service improvement plan in 2014.

Each of the rate of return ETCs receiving high cost support, listed in Attachment A, has submitted a five-year plan, using FCC Form 481, that describes proposed network improvements and upgrades throughout each carrier's respective service area. Each carrier has provided an estimate of the area(s) and population that will be served as a result of the improvements.<sup>6</sup>

### B. *THE CARRIERS' SUBMISSIONS OF DATA REQUIRED BY 54.313(A)(2) - (A)(8) OF THE FCC'S RULES*

As required by 47 C.F.R. 54.313(a)(2)-(a)(4) (and Form 481), all of the petitioning carriers have provided information concerning outages, unfulfilled service requests, and complaints. Each of the carriers has provided the necessary certifications with respect to their compliance with applicable service quality and consumer protection standards, and emergency functionality [47.54.313(a)(5) – (a)(6).] All carriers filed reports of their price

---

<sup>5</sup> Minnesota price cap carriers include CenturyLink, Frontier, and Windstream and their affiliate companies.

<sup>6</sup> The Department notes that three competitive local exchange carriers (CLECs) certified by the Commission as ETCs (Tekstar Communications, Inc., C-I Communications, Inc., and Midcontinent Communications) have filed the appropriate FCC Form 481s, but have not and will not receive high cost support. These ETCs are not subject to certification by the Commission. In addition, Lifeline only prepaid wireless ETCs (including American Broadband and Telecommunications Company, Blue Jay Wireless, Boomerang Wireless, LLC, Budget Prepay, Inc., I-Wireless, LLC, QLink Wireless, LLC, TAG Mobile, LLC, Telrite Corporation, TerraCom, Inc. and Virgin Mobile USA, LP) certified designated as ETCs by the Commission have filed informational copies of Form 481 in Docket No. P999/PR-14-382, but are not qualified to receive high cost support, and are not subject to the Commission's annual high-cost certification process in the current docket..

offerings<sup>7</sup> (54.313(a)(7)) and provided statements as to their holding companies operating companies, affiliates, and branding or “doing business as” (dba), as applicable (54.313(a)(8)).

*C. THE CARRIERS’ CERTIFICATIONS WITH RESPECT TO TRIBAL ENGAGEMENT (54.313(A)(9))*

Section 54.313(a)(9) requires ETCs, to the extent that they serve tribal lands, to provide information with respect to their tribal engagement obligations. All petitioning ETCs that serve Tribal lands have reported, using FCC Form 481, the extent to which they have engaged tribal governments in their plans to deploy broadband and voice service in tribal areas.

*D. CERTIFICATIONS WITH RESPECT TO PRICING OF VOICE SERVICES RELATIVE TO THE APPLICABLE NATIONAL AVERAGE [54.313(A)(10)]*

Section 54.313(a)(10) requires ETCs to certify that the pricing of their voice services are no more than 2 standard deviations above the applicable national average urban rate.<sup>8</sup> Each petitioning carrier has provided the required certification.

*E. RESULTS OF NETWORK PERFORMANCE TESTING [54.313(A)(11)]*

ETCs will be required to file, with their FCC Form 481, results of network performance tests in future years. This requirement is not applicable in 2014.

*F. CERTIFICATIONS RELATED TO BROADBAND OBLIGATIONS*

The Commission has not required that carriers provide certifications with respect to compliance with broadband obligations as part of their annual certifications in previous years. However, the Minnesota Department of Commerce (Department) notes that all of the petitioning carriers have complied with the applicable federal rules, and have filed informational copies of these certifications to the extent they are applicable.

*Price cap carriers that receive frozen high cost support (54.313(c)(1))*

Price cap carriers that receive frozen high cost support (FHCS) must provide certification that the support the company received in 2014 was used in a manner consistent with the goal of achieving universal availability of voice and broadband. The certification is made at

---

<sup>7</sup> ETCs are required to report their voice and broadband price offerings in effect as of January 1 of the reporting year.

<sup>8</sup> The national average urban rate for voice service is to be specified annually in a public notice issued by the FCC’s Wireline Competition Bureau, Wireless Telecommunications Bureau, and Office of Engineering and Technology.

the holding company level. Frontier-Citizens, Windstream Corporation, and CenturyLink have provided the necessary certifications.

Price cap carriers that receive high cost support to offset reductions in access charges (54.313(d))

All price cap carriers that receive high cost support to offset reductions in access charges are required to certify that the support received pursuant to §54.304 in the prior calendar year was used to build and operate broadband-capable networks used to offer the provider's own retail service in areas substantially unserved by an unsubsidized competitor. Frontier-Citizens, the CenturyLink companies, and Windstream Corporation have filed the necessary certifications.

Recipients of Connect America Phase I incremental and Phase II support (54.313(b) and (e))

Recipients of Connect America Phase I incremental support and Phase II support must provide certain certifications regarding their obligations to deploy broadband beginning, respectively two years and three years after acceptance of funding. No Minnesota carrier is subject to this requirement in 2014.

*G. FINANCIAL REPORTS (54.313(F)(2))*

All privately held rate of return carriers have filed copies of their financial reports as required by the federal rule.

*H. AREAS WITH NO TERRESTRIAL BACKHAUL (54.313(G))*

Carriers without access to terrestrial backhaul that are compelled to rely exclusively on satellite backhaul in their study area must file annual certifications 1) that no terrestrial backhaul options exist, and 2) that they offer broadband service at actual speeds of at least 1 Mbps downstream and 256 kbps upstream within the supported area served by satellite middle-mile facilities. No Minnesota ETC is required to make this certification.

*I. RATES AND LINE COUNTS FOR RESIDENTIAL LOCAL SERVICE [54.313(H)]*

47 C.F.R. 54.313(h) requires that high-cost recipients report to the FCC all of their rates for residential local service for all portions of their service area, as well as state fees to the extent the sum of those rates and fees are below the FCC's established rate floor, and the number of lines for each rate specified. Only incumbent local exchange carriers (ILEC) that are ETCs are required to file their local residential rates. All ILEC ETCs have filed the "Rate Floor Data Collection Form," as required.

*J. CONCLUSION*

The Department believes that all of the petitioning carriers (listed in Attachment 1) have generally provided adequate information and a sufficient level of detail as to how high cost funds have been used, and how they will be used to improve service quality and/or coverage in their respective designated ETC service areas, to fulfill the requirements implemented by the FCC in the CAF-ICC and subsequent orders.

**VI. COMMISSION OPTIONS**

- A. Certify, based on the representations and certifications provided by the carriers, that all of the petitioning ETCs listed in Attachment A have used Federal High Cost Universal Service Support received in 2013, and will use Federal High Cost Universal Service Support received in 2015, only for the provision, maintenance, and upgrading of facilities and services for which the support is intended.
- B. Find that some or all of the petitioning ETCs have failed to provide sufficient information to certify that the high cost support provided to the petitioning ETC(s) was used, in 2013, and will be used in 2015 only for the provision, maintenance, and upgrading of facilities and services for which the support is intended. Deny some or all of the ETCs' petitions for certification.

**VII. RECOMMENDATION**

The Department recommends Alternative A. The Commission should certify, based on the representations and certifications provided by the carriers, that all of the high cost support provided to the petitioning ETCs listed in Attachment A was used, in 2013, and will be used, in 2015, only for the provision, maintenance, and upgrading of facilities and services for which the support is intended.
