Provide the docket's number.	ET-2/TL-24-132

Leave a comment on the docket. \*

The City of Victoria appreciates the opportunity to provide comments on the proposed Laketown 115-kV Transmission Line project in Carver County, Minnesota. At this time, Victoria does not have any concerns with the proposed alignment, or Alternative B in the letter dated November 17th, 2025. The proposed alignment and Alternative B pass through Agricultural-guided property in the City's 2040 Comprehensive Plan with limited impact to potential annexation areas north of the Laketown/Dahlgren Township line. Please continue to provide notifications and information to the City of Victoria as the project progresses.
