Re: In the Matter of the Joint Request of the Delano Water, Light, and Power Commission and Wright-Hennepin Cooperative Electric Association to Modify Electric Service Territory Boundaries
MPUC Docket:_____.

Dear Dr. Haar:

This letter is jointly filed by the Delano Water, Light, and Power Commission (the “Municipal”) and Wright-Hennepin Cooperative Electric Association (the “Cooperative”), collectively the “Parties.”

This letter constitutes the Parties’ joint request to modify the Parties’ existing service territory boundaries, under Minn. Stat. § 216B.39, subd. 3. This joint request concerns the transfer to the Municipal of certain electric service territory areas now located within the Municipal’s borders by virtue of annexation that are presently located in the Cooperative’s assigned electric service territory (the “Affected Areas”). Exhibit A attached to this letter contains the Electric Service Territory Agreement and Bill of Sale dated as of August 22, 2014, including maps and legal descriptions for the Affected Areas (the “Transfer Agreement”). Under this request, the Affected Areas permanently transfer to the Municipal’s assigned electric service territory. The Municipal is permitting the Cooperative to continue to serve one customer on a service-by-exception basis (Transfer Agreement, Section 1.5 and Exhibit D).

One portion of the Affected Areas (referred to in the Transfer Agreement as Area B) contains certain existing customers, which involve approximately 208 accounts, including 181 general service or residential customers, 24 street lights, one small commercial, and two cable TV boosters. The remaining portion of the Affected Areas contains no customers. The Parties have agreed to cooperate fully in notifying affected customers as to this proceeding and the transfer of electric service. The Parties have determined compensation to the Cooperative for the transfer of the Affected Areas, after arms-length negotiations, with each Party represented by counsel. The compensation does not reflect the position of either the Party as to the appropriate application of the law determining electric service territory rights or compensation in such matters, but represents a compromise, each Party taking into consideration the costs and risks of litigation otherwise required to resolve the transfer of service territory.

The Parties therefore jointly petition the Commission to accept and file these documents and to change the electric service boundaries of each the Municipal and the Cooperative to conform to the agreed upon changes. The Parties also ask that the Commission provide due acknowledgment thereof and further request that the Commission provide evidence of its acceptance of this change in service territory in writing.

A copy of this letter and the accompanying documents has been mailed or emailed to the persons on the enclosed proposed service list. Please contact the Parties if you have any questions. The contact information for each of the Parties is as follows:

**EXCEPTION AGREEMENT BETWEEN
Delano, Water, Light, and Power Commission
AND
Wright-Hennepin Cooperative Electric Association**

This agreement is entered into as of August 22, 2014 (the "Agreement") between the Delano, Water, Light, and Power Commission (the "Municipal"), and Wright-Hennepin Cooperative Electric Association (the "Cooperative") (each a "Party," and collectively, the "Parties").

RECITALS

A. The Cooperative is an electric cooperative formed pursuant to the provisions of Chapter 308A of the Minnesota Statutes.

B. The Municipal is a municipal utility formed pursuant to the provisions of Minn. Stat. §§ 412.321 - .391.

C. Pursuant to the electric service area assignments of the Minnesota Public Utilities Commission (the "Commission") and Minnesota Statutes §216B.39 and §216B.40, the Cooperative and the Municipal have exclusive rights to provide electric service to customers within their respective service territories.

D. The Parties have come to a mutual agreement to allow the Municipal to provide service by exception to three (3) meters within the Cooperative's assigned service territory (the "Exception Accounts").

NOW THEREFORE, in consideration of the promises exchanged herein, the receipt and sufficiency of which are hereby acknowledged, the Parties agree as follows:

1. Scope of Agreement: The scope of this Agreement is limited to authorizing the Municipal to serve the Exception Accounts, comprised of the current three electric meters, specifically:
 - i. PID 208200232101 (Shop Meter);
 - ii. PID 208200232101 (Home Meter); and
 - iii. PID 208200232102 (Farm Meter).

The Exception Accounts are further identified in the map and identifying information attached as Attachment 1. Absent agreement of the Parties, the Municipal will not serve any new load not specifically identified in this Agreement.

2. Existing Customers: The Parties acknowledge that the Exception Accounts are currently the only existing customers of the Cooperative that are affected by this Agreement.
3. Compensation: The Parties agree that no compensation is owed to the Cooperative for the limited right to serve the Exception Accounts identified in this Agreement. The Municipal will pay the Cooperative the original cost, less depreciation, of the overhead electric distribution facilities used to serve the Exception Accounts (the "Facilities"). Upon receipt of payment, the Facilities shall transfer to the Municipal on an as-is basis.
4. Future Service Rights: The Parties acknowledge that the limited right to serve by exception the Exception Accounts as contemplated in this Agreement does not convey permanent rights to serve the Exception Accounts. In the event that the Cooperative chooses to exercise its right to serve the Exception Accounts in the future, the Parties agree to the following:
 - a. Notice: The Cooperative will give the Municipal not less than ninety (90) days written notice of its intent to provide service to any customer comprising the Exception Accounts.
 - b. Compensation for Facilities: The Parties acknowledge and agree that in the event that the Cooperative provides notice under Section 4(a), the Cooperative will serve the Exception Account identified in the notice from the Cooperative's own facilities, absent written agreement of the Parties. Upon receipt of a notice under Section 4(a), representatives of the Parties will meet and confer as to prudent utility planning and service of the affected Exception Account(s).
 - c. Lost Revenue: The Parties acknowledge that no compensation was paid by the Municipal for the limited right to serve by exception, and agree that no compensation will be owed by the

Cooperative in the future for lost revenue related to the Exception Accounts.

5. Reservation of Rights: Except as specifically set forth herein, this Agreement does not modify or limit the legal rights of any Party.
6. No Precedent. The Parties recognize that this Agreement is the result of negotiations between the Parties and that the Agreement does not represent any binding or legal precedent on any party in any other matter.
7. Agreement Filed with the Commission. Upon execution of this Agreement by all Parties, the Parties will file a copy of the Agreement with the Commission.
8. Miscellaneous.
 - (a) Entire Agreement and Modification. This Agreement contains the entire agreement and understandings of the Parties hereto regarding the scope of the Agreement and appropriate compensation for the Exception Accounts. All previous communications, or agreements, between the Parties hereto, either verbal or written, with reference to the subject matter of this Agreement are hereby abrogated. No amendment, modification, or waiver of, or consent with respect to any provision of this Agreement shall be effective unless the same shall be in writing and signed by a duly appointed representative of all Parties and then any such amendment, modification, waiver, or consent shall be effective only in the specific instance and for the specific purpose for which given.
 - (b) Assignment. None of the Parties shall assign, or sublet, this Agreement, voluntarily, involuntarily or by operation of law, without the prior written consent of the other.
 - (c) Severance. If any provision of this Agreement shall be found invalid or unenforceable, in whole or in part, by a court of competent jurisdiction or the Commission, then such provision shall be deemed to be modified or restricted to the extent and in a manner necessary to render the same

valid and enforceable, or if that is not possible, such provision shall be stricken and deleted from this Agreement, as the case may require, and this Agreement shall then be construed and enforced to the maximum extent permitted by law and with the purpose to achieve the fundamental intent of the Parties.

- (d) Choice of Laws. This Agreement shall be construed and interpreted in accordance with the laws of the State of Minnesota and excluding any choice of law or rules that may direct the application of laws of another jurisdiction.
- (e) Agreement Drafted Jointly. The Parties agree that none of the Parties shall be deemed solely responsible for drafting all or any portion of this Agreement, and in the event of a dispute, responsibilities for any ambiguities arising from any provision of this Agreement shall be shared equally among the Parties.
- (f) Effective Date. The effective date of this Agreement is the date upon which the Agreement has been signed by a duly appointed representative of both Parties.

(h) Notice. Any notice permitted or required by this Agreement shall be made in writing and personally served or mailed (postage prepaid, return receipt requested) and shall be effective upon the date of personal service, or if by mail, upon the date of receipt. The address for notice to each Party is as follows (as may be later changed by a Party by proper notice):

ELECTRIC SERVICE TERRITORY AGREEMENT AND BILL OF SALE

This Electric Service Territory Agreement and Bill of Sale ("Agreement"), is made and entered into as of the 22nd day of August, 2014, by and between the Delano Water, Light, and Power Commission, a municipal corporation duly organized and existing under the laws of the State of Minnesota (the "Municipal") and Wright-Hennepin Cooperative Electric Association (the "Cooperative") (each a "Party" and collectively the "Parties").

WITNESSETH:

WHEREAS, the laws of the State of Minnesota, namely Minnesota Statutes §§216B.37-216B.47, provide the terms and conditions under which the Municipal may extend retail electric service throughout the corporate limits of the city and authorize and permit electric utilities to define and revise their electric service territories by their written consent and agreement; and

WHEREAS, the City of Delano annexed certain areas located in the Cooperative's assigned electric service territory, as described in greater detail in this Agreement and Exhibit A (collectively, the "Affected Areas"), and the Municipal wishes to serve the Affected Areas to grow with the City of Delano; and

WHEREAS, because the Parties wish to avoid litigation regarding compensation for service rights to the Affected Areas and wish to arrange the orderly transfer of electric service for the Affected Areas to the Municipal, the Parties have negotiated a mutual agreement and desire here to set forth the terms and conditions of this Agreement,

NOW, THEREFORE, in consideration of the premises and of the mutual covenants herein contained, the Parties agree as follows:

ARTICLE I: SERVICE TERRITORY TRANSFER

1.1 Attached as Exhibit A is a copy of the legal descriptions and maps for the Affected Areas. The exclusive right and obligation to provide electric service to the Affected Areas shall transfer to the Municipal effective September 2, 2014, subject to approval by the Minnesota Public Utilities Commission, or at such time as mutually agreed upon in writing between the Parties (the "Transfer Date").

1.2 Attached as Exhibit B is a map depicting that portion of the Affected Areas that contain existing customers (Area B) and that portion of the Affected Areas without any existing customers (Areas A, C, and D).

1.3 The Parties agree to cooperate fully in notifying affected customers as to the transfer of electric service and in arranging the transfer of service to be as convenient and seamless as possible for the affected customers.

1.4 Except as specifically set forth in this Agreement, the rights and obligations of the Parties to provide electric service, to revise and change electric service boundaries and to pay or receive compensation for damages arising from such changes shall be governed by applicable law, including Minnesota Statutes §§ 216B.37-216B.47.

1.5 The Cooperative presently serves, and may continue to serve on a service-by-exception basis, the existing residence located within Area B, with a street address of 8680 Darrow Ave SE, Delano, MN 55328, Meter No. 38067908 (the "Exception Account"). The Exception Account is further identified in the map attached as Exhibit D. This service by-exception shall continue unless and until the earlier date that (i) the Municipal provides written notice to the Cooperative that the Municipal will provide service, or (ii) the Exception Account's existing load changes. The Municipal will give the Cooperative not less than ninety (90) days' written notice of its intent to serve the Exception Account. No notice is required for the Municipal to serve any load in the Municipal's service territory other than the meter of the Exception Account. The Parties acknowledge and agree that this limited service-by-exception arrangement does not convey to the Cooperative the permanent rights to serve the Exception Account. The Parties also acknowledge and agree that if the service-by-exception terminates before the tenth year anniversary of the effective date of this Agreement, then the Municipal will pay the Cooperative compensation at the rate of 28 mills/kWh for energy sales to the Exception Account (adjusted per section 2.3(c)) for the remaining portion of the ten year compensation period, which shall not exceed ten years from the effective date of the Agreement. The calculation and payment of compensation shall be as provided in Section 2.4.

1.5.1 The Cooperative will continue to use, and will not transfer to the Municipal hereunder, the Cooperative's electric distribution facilities that are solely and exclusively in place to provide service to the Exception Account. In the event that the Municipal provides notice under Section 1.5 above that the Municipal will serve the Exception Account, then the Municipal will pay to the Cooperative the net book value (original cost less depreciation) of such Cooperative facilities solely and exclusively serving the Exception Account, according to the terms and conditions of Section 2.1. Upon receipt of a notice under Section 1.5, representatives of the Parties will meet and confer as to prudent utility planning and service of the affected Exception Account.

ARTICLE II: PAYMENTS and BILL OF SALE

As payment and in consideration of the covenants, releases, and representations made by Cooperative herein, Municipal agrees to make the following payments to Cooperative:

2.1 Facilities. The Municipal shall pay the Cooperative the original cost of the electric distribution facilities in the Affected Areas that will no longer be used by Cooperative following the transfer of service territory in Article 1 (the "Facilities"), less depreciation through the Transfer Date, based on generally accepted accounting principles. The Cooperative has initially estimated the cost of the Facilities to be \$155,504.97 as of July 31, 2014. These Facilities are described in greater detail on Exhibit C.

2.1.1 The Municipal will pay the Cooperative the original cost of any additional Facilities installed between July 31, 2014 through the Transfer Date, less depreciation, in the

ordinary and customary course of the Cooperative's business, in accordance with prudent utility planning and reliable customer service, and avoiding unnecessary duplication of facilities (the "Additional Facilities"). Exhibit C may be supplemented to add the Additional Facilities.

2.1.2 Subject to the terms and conditions of this Agreement, the Cooperative hereby sells, conveys, transfers, assigns and sets over to the Municipal, its successors and assigns, all of the right, title and interest of the Cooperative in and to the Facilities. The Municipal hereby accepts the assignment of all of the right, title and interest of Cooperative in and to the Facilities. The Facilities are transferred by the Cooperative and accepted by the Municipal on an "as is" "where is" "with all faults" basis, with no representations, express or implied, as to condition. Payment for the Facilities shall be made within thirty (30) days of the Municipal's receipt of the Cooperative's invoice for the Facilities.

2.2 Integration Expenses. The Municipal shall pay the Cooperative the reasonable expenses that are actually incurred to integrate the Cooperative's existing distribution facilities into the Cooperative's remaining distribution system using prudent utility planning and reliable customer service, based on actual costs incurred, without any markup or adder, which expenses the Cooperative has in good faith estimated not to exceed \$7,500.00 (Seven Thousand Five Hundred and No/100_dollars). Payment shall be made within thirty (30) days of the Municipal's receipt of the Cooperative's invoice for final integration expenses.

2.3 Loss of Revenues. The Municipal shall annually pay the Cooperative an amount equal to the result of multiplying twenty-eight (28) mills (\$0.028) times each kilowatt hour of electric energy sold by the Municipal to each end customer to whom the Municipal provides retail electric service in the Affected Areas and for the periods specified below:

(a) For those areas that were already receiving service from the Cooperative on the Transfer Date, designated as Area B on the map in Exhibit B, the Municipal's payment shall be for a period of ten (10) years commencing on the Transfer Date.

(b) For those areas that begin receiving their initial service after the Transfer Date, designated as Areas A, C, and D on the map in Exhibit B, the Municipal's payment for each area (i.e., Area A, C, or D on Exhibit B) shall be for a period of ten (10) years commencing on the date that the Municipal first provides retail electric service to a point of service within each such area with annual electric sales of seven thousand five hundred (7,500) kilowatt hours or greater (the "Minimum Service"). For purposes of clarity, the commencement of the ten (10) year payment period within each of the individual Areas A, C, or D, is separate, with a specific commencement date for each Area. The written report specified in Section 2.4 from the Municipal shall state whether Minimum Service has been installed in any Area, shall state the date the Minimum Service was attained (which shall commence the ten (10) year payment period for such specific Area) and shall include the corresponding payment.

2.4 The calculation of amounts due under section 2.3 shall be made for the period concluding on December 31st of the year under consideration and payment of the amount so determined will be made by Municipal by March 1st of the following year. The Municipal's sales

shall be calculated on the basis of its meter readings, as made in the ordinary course of its utility business. With its annual payment, the Municipal shall provide a written report to the Cooperative, certified as true and correct by the General Manager of the Municipal, summarizing the kWh sold by the Municipal and the basis for the calculation of the compensation due the Cooperative. The Municipal shall also provide the Cooperative copies of such records that the Municipal maintains in the ordinary course of business as the Cooperative may reasonably request, including metering data which reflects kWh sold but, pursuant to Minn. Stat. § 13.685, may not contain any data which could identify any customer, for example, by name, address, phone, or social security number.

2.5 The Municipal guarantees payment to the Cooperative up to the amount of four thousand dollars (\$4,000) for Cooperative accounts which become overdue after the Transfer Date (i.e., not paid in full within 30 days of date due) for service by the Cooperative in the Affected Areas before the Transfer Date (the "Account(s)"). Upon payment by the Municipal for the overdue amount, the Cooperative hereby assigns to the Municipal the rights to payments for the assigned overdue Account(s). The Cooperative will promptly forward to the Municipal payments received for the Accounts after assignment and will provide the Municipal reasonably detailed information concerning the Accounts and payment status. Payment for the guarantee of the Accounts will be made within thirty (30) days of receipt of the invoice and supporting information.

2.6 No additional payment shall be due under the terms of this Agreement.

ARTICLE III: REPRESENTATIONS AND WARRANTIES

3.1 The Municipal and the Cooperative hereby mutually represent and warrant, each to the other, as follows:

- (a) Each is duly organized and existing in good standing under the laws of the State of Minnesota and each has all requisite power and authority to own, lease and operate its electric service facilities;
- (b) Each has the power and authority to execute, deliver and carry out the terms and provisions of this Agreement and has taken all the necessary corporate action to authorize the execution, delivery and performance of this Agreement;
- (c) This Agreement constitutes a valid and binding obligation of each Party, enforceable in accordance with its terms and except as provided in Article 5, no consent, authorization or approval or exemption by any governmental or public body or authority is required in connection with the execution, delivery and performance by each of the parties of this Agreement or any instruments or agreements referred to herein or the taking of any action herein contemplated herein; and
- (d) Neither Party knows of any claim that may be asserted against the other arising from facts and circumstances occurring prior to the date hereof and relating to the provision of electric service under the laws of the State of Minnesota governing exclusive electric service territories, except as are fully settled, satisfied, and released in this Agreement.

3.2 The Cooperative represents and warrants to the Municipal that it has good and marketable title to the Facilities, subject to mortgages, liens, encumbrances, security interests, and restrictions on transfer imposed by the Cooperative's lenders. The Cooperative will promptly use its best efforts to obtain releases of these interests of its lenders and will indemnify the Municipal against any claims which its lenders may make against the Municipal as a result of this Agreement.

3.3 All representations and warranties herein shall survive the execution and delivery of this Agreement.

ARTICLE IV: MUTUAL RELEASE AND WAIVER OF CLAIMS

4.1 The Parties do hereby each unconditionally release and waive any and all claims, known or unknown, which they may now have or have in the future arising from any action or omission of the parties or any fact or circumstance first occurring prior to the date hereof, whether or not continuing in nature, which relate to or arise from the right of either Party to provide electric service to any particular third party, area, facility or site related to the Affected Areas by reason of the electric service territory laws of the State of Minnesota, now or hereafter in effect, or any prior agreement of the parties, oral or written. Provided, however, the foregoing provisions of this Article 4 do not waive or release any claim either Party may have for any breach of any obligations, covenants, or any misrepresentations contained in this Agreement.

4.2 The Cooperative does hereby agree to indemnify and hold the Municipal harmless against any claims that its lenders may have against the Municipal arising from the Facilities or payments that the Municipal will make to Cooperative under this Agreement.

4.3 Subject to the limitations of Minnesota law, the Municipal hereby agrees to release, defend (with counsel reasonably acceptable to the Cooperative), indemnify, and hold harmless the Cooperative, its officials and employees, from and against all third party claims, including costs, expenses, and attorneys' fees that arise as a result of the willful misconduct, negligent acts, errors, and/or omissions of the Municipal in its performance under this Agreement.

4.4 The Cooperative hereby agrees to release, defend (with counsel reasonably acceptable to the Municipal), indemnify, and hold harmless the Municipal, its officials and employees, from and against all third party claims, including costs, expenses, and attorneys' fees that arise as a result of the willful misconduct, negligent acts, errors, and/or omissions of the Cooperative in its performance under this Agreement.

ARTICLE V: FILINGS AND CONSENTS

5.1 In conjunction with the signing of this Agreement, the Parties will sign a Joint Petition to the Commission under Minn. Stat. § 216B.39, subd. 3, to modify the service territory boundary and to recognize the service territory transfer according to Article 1. The form of the Joint Petition is attached as Exhibit E, which may be modified upon mutual consent of the Parties.

5.2 If the Commission, Department of Commerce, or Office of Energy Security raises any question or challenges any provision of this Agreement, its exhibits, or the due performance thereof, the Parties shall each, at their own expense, exercise any and all lawful efforts reasonable and necessary to respond to said questions and to assure approval. If for any reason the Commission refuses to recognize any service territory change described in Article 1, any payments made by Municipal pursuant to Article 2 shall be repaid by Cooperative to Municipal, upon demand by Municipal.

5.3 The Cooperative shall promptly seek and advocate the consent or approval of any lender which may have an interest in the rights and assets transferred hereunder, shall make application to such lender(s) for the release of any liens as soon as practicable, and shall regularly advise the Municipal of the status of any such consent, approval, or release.

ARTICLE VI: GENERAL TERMS AND CONDITIONS

6.1 The Parties acknowledge that this Agreement is the result of arm's length negotiations between the Parties, each taking into consideration the costs and risks of litigation otherwise required to resolve the matters addressed in this Agreement. This Agreement does not reflect the position of either the Party as to the appropriate application of the law determining electric service territory rights or compensation in such matters. For any electric service territory matters between the Parties not governed by this Agreement, the Agreement shall not act as precedent in the determination of compensation, if any be due.

6.2 Each of the Parties acknowledges that the adjustment of electric service territory boundaries provided for herein is unique in that neither Party will have an adequate remedy at law if the other Party fails to perform any of its obligations hereunder. In such event, either Party shall have the right, in addition to any other rights it may have, to petition for and obtain specific performance of this Agreement in any court of competent jurisdiction in this State.

6.3 Any notice permitted or required by this Agreement shall be made in writing and personally served or mailed (postage prepaid, return receipt requested) and shall be effective upon the date of personal service, or if by mail, upon the date of receipt. The address for notice to each Party is as follows (as may be later changed by a Party by proper notice):

If to COOPERATIVE:

6.4 This Agreement (including recitals and exhibits hereto) constitutes the entire Agreement and, with respect to service within the Affected Areas and compensation to the Cooperative, supersedes all prior agreements and understandings, oral and written, between the Parties. This Agreement may only be amended in writing, signed by each of the Parties. Headings are provided for convenience and are not a part of this Agreement.

6.5 In the event that a dispute arises between the Parties as to the interpretation or performance of this Agreement, then upon written request of either Party, representatives with settlement authority for each Party shall meet in person and confer in good faith to resolve the dispute. If the Parties are unable to resolve the dispute within thirty (30) days, they shall make every effort to settle the dispute through mediation or other alternative dispute resolution methods. If the Parties are unable to resolve the dispute through these methods within an additional thirty (30) day period, the Parties may resolve their dispute through applicable administrative or court proceedings. Notwithstanding the Parties' agreement to utilize alternative dispute resolution methods, each Party reserves its rights and remedies available under the law.

6.6 This Agreement will inure to the benefit of the Parties hereto and shall be binding on them and their respective legal representatives, successors and assigns. Provided, however, neither Party hereto may assign any of its rights herein to any person without the prior written consent of the other Party.

6.7 The Parties agree that they participated equally in, and are jointly responsible for, the drafting of this Agreement. In the event of any dispute, any ambiguity in this Agreement shall not be construed against either Party.

6.8 If any provision in this Agreement is determined by any court of competent jurisdiction to be invalid, illegal, or unenforceable in any respect, the validity, legality, and enforceability of the remaining provisions will not in any way be affected or impaired.

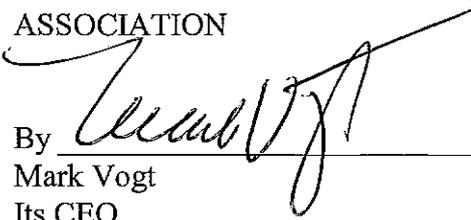

6.9 This Agreement may be executed in counterpart copies by the Parties and each counterpart, when taken together with the other, shall be deemed one and the same executed Agreement.

6.10 By executing this Agreement, the Parties acknowledge that they: (a) enter into this Agreement knowingly, voluntarily and freely; (b) have had an opportunity to consult an attorney before signing this Agreement; (c) have not relied upon any representation or statement not set forth

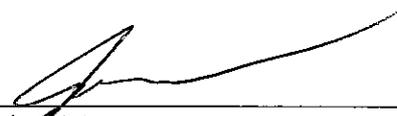

herein; and (d) have read this entire Agreement, understand all its terms and conditions, and have had any questions concerning the same answered to their full satisfaction.

IN WITNESS WHEREOF, this Agreement has been signed by an officer duly authorized on behalf of the parties hereto, all on the date first above written.

Re: In the Matter of the Joint Request of the Delano Water, Light, and Power Commission and Wright-Hennepin Cooperative Electric Association to Modify Electric Service Territory Boundaries
MPUC Docket:_____.

Dear Dr. Haar:

This letter is jointly filed by the Delano Water, Light, and Power Commission (the "Municipal") and Wright-Hennepin Cooperative Electric Association (the "Cooperative"), collectively the "Parties."

This letter constitutes the Parties' joint request to modify the Parties' existing service territory boundaries, under Minn. Stat. § 216B.39, subd. 3. This joint request concerns the transfer to the Municipal of certain electric service territory areas now located within the Municipal's borders by virtue of annexation that are presently located in the Cooperative's assigned electric service territory (the "Affected Areas"). Exhibit A to this letter contains the Electric Service Territory Agreement and Bill of Sale dated as of August 22, 2014, including maps and legal descriptions for the Affected Areas (the "Transfer Agreement"). Under this request, the Affected Areas permanently transfer to the Municipal's assigned electric service territory. The Municipal is permitting the Cooperative to continue to serve one customer on a service-by-exception basis (Transfer Agreement, Section 1.5 and Exhibit D).

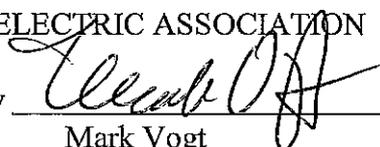

One portion of the Affected Areas (referred to in the Transfer Agreement as Area B) contains certain existing customers, which involve approximately 188 accounts, including 166 general service or residential customers, 22 street lights, and one cable TV booster. The remaining portion of the Affected Areas contains no customers. The Parties have agreed to cooperate fully in notifying affected customers as to this proceeding and the transfer of electric service. The Parties have determined compensation to the Cooperative for the transfer of the Affected Areas, after arms-length negotiations, with each Party represented by counsel. The compensation does not reflect the position of either the Party as to the appropriate application of the law determining electric service territory rights or compensation in such matters, but represents a compromise, each Party taking into consideration the costs and risks of litigation otherwise required to resolve the transfer of service territory.

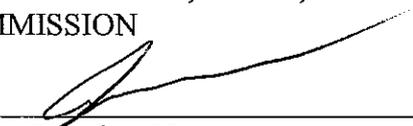

The Parties therefore jointly petition the Commission to accept and file these documents and to change the electric service boundaries of each the Municipal and the Cooperative to conform to the agreed upon changes. The Parties also ask that the Commission provide due acknowledgment thereof and further request that the Commission provide evidence of its acceptance of this change in service territory in writing.

A copy of this letter and the accompanying documents has been mailed or emailed to the persons on the enclosed proposed service list. Please contact the Parties if you have any questions. The contact information for each of the Parties is as follows:
