Re: In the Matter of an Erratum to Savage Communications RDOF ETC application MPUC
Docket No. 21-53

Dear Mr. Seuffert:

On January 15th, 2021 Savage Communications (“Savage”) filed with the Minnesota Public Utilities Commission a petition for designation as an Eligible Telecommunications Carrier due to participation in the FCC Rural Digital Opportunity Fund Auction. This Erratum notice is needed to clarify language on the voice service offering by Savage Communications. Here are the following corrections to Savage Communications RDOF ETC application:

- 1). On Attachment 1 (pdf page 4) in the first paragraph the last sentence should be replaced with the following: “Savage is a provider of high quality broadband internet service and Interconnected VoIP services.”
- 2). On Attachment 2 (pdf page 2) in the second paragraph the sentence beginning with “Savage Communications will be offering Broadband.....” should be replaced with “Savage Communications will be offering Broadband internet services and Interconnected VoIP services in the eligible RDOF Census Blocks.”

3). On Attachment 3, (pdf page 5) statement No. 1 should be replaced with: “1. Savage Communications is a provider of broadband service and Interconnected VoIP services. Neither of these services are regulated by the MN PUC.”

Please contact the undersigned if further information is needed at 651-621-8306.

Sincerely,

/s/ **Mary T. Buley**
