Good morning:

I had the Project Developer Tom Karas stop at my house on 03/11/2025. He had a short visit with me. He had a map of the proposed project and refused to leave that map with me. "Due to changes I can not do that" So was I trying to be pacified about the proposed Solar Farm Project. He knows I am adamantly against this happening. I did have my acreage appraised on my behalf. I believe I am fighting an up hill battle to have this project shut down. But I can continue to voice my opinion.
