Hi Logan,

The information provided at Tuesday's meeting (4/14/26) certainly exceeded my expectations. It was greatly appreciated.

I live at 15800 Arbor Ridge Pkwy which is the north side of the road from where the towers will be installed. We were told if we would like to request a tower not to be installed directly in front of our house we would need to make a request since only the residents on the south side would be contacted.

Please let this email serve as notification that we would prefer a tower be located either to the east or west side of our house, nearest to a property line if possible. Then it would not be in front of the neighbor's house as well.

Thank you,  
Chuck & Ann Latia
