Mr. Ek,

Please reconsider Route Segment 213 of the Minnesota Energy Connection.

Until the 4/10/25 hearing the planned route was along 310th Street which is at the south line of my property. At the hearing it was changed further to the North. This affects my families' properties to the west. They do not want any power lines through the middle of their properties and I support them. We are willing to accept it on the edge.

Regards

Gwen Schlemmer
