COMMENTS OF THE
MINNESOTA DEPARTMENT OF COMMERCE
DIVISION OF ENERGY RESOURCES

DOCKET No. G008/MR-14-766

I. SUMMARY OF THE BASE COST OF GAS COMPLIANCE FILING

CenterPoint Energy Minnesota Gas (CenterPoint or the Company) requests that the Minnesota Public Utilities Commission (Commission) approve a new base cost of gas in compliance with the Commission's *Order* in CenterPoint's general rate case proceeding, Docket No. G008/GR-13-316. On June 9, 2014, the Commission issued its *Findings of Fact, Conclusions of Law, and Order (June 9 Order)* concerning the rate increase request by CenterPoint. Ordering Paragraph No. 29D of the Commission's *June 9 Order* required the Company to submit within 30 days a revised base cost of gas and supporting schedules.

On July 1, 2014, the Minnesota Department of Commerce, Division of Energy Resources (Department) filed a petition for reconsideration and clarification of parts of the *June 9 Order*, and CenterPoint filed a reply to the Department's reconsideration petition on July 10, 2014. In its August 15, 2014 *Order (August 15 Order)*, the Commission denied the Department's request for reconsideration but did provide limited clarification on Small Volume Dual Fuel transportation customer charges.

On September 8, 2014, CenterPoint submitted its *Base Cost of Gas Filing (Petition)* pursuant to the Commission's *June 9 Order*, Minnesota Rules 7825.2700, subpart 2, and Minnesota Rules 7825.3200(B).¹

II. DEPARTMENT'S ANALYSIS

A. BACKGROUND OF BASE COST OF GAS

The total amount of gas costs for which ratepayers pay is the sum of the base cost of gas (base) and the Purchased Gas Adjustment (PGA):

Current recovery of gas costs in rates = base + PGA

¹ On September 8, 2014, CenterPoint also filed its *Compliance Filing* in Docket No. G008/GR-13-316 which includes the same information for the base cost of gas as submitted in this docket.

The base is used as a reference point, which is set in a general rate case, for calculating the monthly PGA. The PGA provides a mechanism for utilities to pass through changes in gas costs automatically on a monthly basis. The base cost rate is updated with the implementation of interim rates in each general rate case to give customers better information about current gas costs at the time of the general rate proceeding. The base cost rate is also reviewed at the time of final rates to determine if it complies with Minnesota Rules and Commission Orders.

B. COMPLIANCE WITH MINNESOTA RULES AND COMMISSION ORDERS

Both the *June 9 Order* and Minnesota Rules 7825.2700, subpart 2, require CenterPoint to submit a new base cost of gas as part of the rate case compliance filing submitted as a result of a general rate case proceeding. The Department reviewed CenterPoint's base cost of gas filing, and notes that the per-therm demand and commodity cost figures used by the Company in its base cost of gas filing are identical to the cost figures filed by CenterPoint in its December 23, 2013 *Cost of Gas Compliance Filing* in Docket No. G008/GR-13-316. The Department compared these calculations to prevailing gas costs and concludes that there is not a significant difference between the figures; in other words, the cost of gas has remained stable over the past 12 months. The Department's review also indicates that the Company complied with the requirements of Minnesota Rules 7825.2700, subpart 2, by stating separately the demand base cost and commodity base cost components for each rate type (e.g., firm, dual fuel).

Based on its review, the Department recommends that the Commission approve CenterPoint's final base cost of gas calculation.

III. SUMMARY AND RECOMMENDATIONS

Based on its review, the Department recommends that the Commission approve CenterPoint's new base cost of gas to coincide with the implementation of final rates in Docket No. G008/GR-13-316.
