Re: **In the Matter of a Commission Investigation into Natural Gas Utilities' Practices,
Tariffs and Assignment of Cost Responsibility for Installation of Excess Flow Valves
and Other Similar Gas Safety Equipment**
Docket No. G999/CI-18-41

Dear Mr. Seuffert:

In lieu of filing a separate report, this letter serves as Greater Minnesota Gas, Inc.'s annual compliance report in the above-referenced docket to report its progress toward complying with Ordering Paragraphs 7a-c of the Commission's August 20, 2018 Order herein.

The relevant portions of the August 20, 2018 Order required GMG to identify the entities within the scope of the Order and meet with the identified customers to discuss EFVs and shut-off valves, GMG's installation policy, and estimated costs. GMG has completed the requisite discussions with each identified customer. As of the submission of this compliance report, none of the identified customers requested installation.

Thank you for your assistance. Please do not hesitate to contact me should you have any questions or concerns or if you require additional information. My direct dial number is (507) 209-2110 and my email address is kanderson@greatermngas.com.

Sincerely,

GREATER MINNESOTA GAS, INC.
