Daniel P. Wolf
Executive Secretary
Minnesota Public Utilities Commission
121 7th Place East
St. Paul, Minnesota 55101-2147

RE: Commission Inquiry to Examine Streamlining Procedures for Consent Dockets
Docket No. P999/CI-18-382

Dear Mr. Wolf:

BACKGROUND

On July 11, 2018, the Minnesota Public Utilities Commission (Commission) issued a Notice of Comment Period in the Matter of a Commission Inquiry to Examine Streamlining Procedures for Consent Dockets. The Notice of Comment Period proposed the following changes to telecommunications docket comment and approval procedures. First, procedural schedules for all telecommunications dockets would be varied to require that reply comments would be due five calendar days after the Minnesota Department of Commerce (DOC) files initial comments. Second, for expansion of service area dockets filed under Minnesota Statute section 237.16., subdivision 4 (excluding petitions of Eligible Telecommunications Carriers or ETCs to expand their service area) and 911 plan filings filed under Minnesota Rule 7812.0550, approval would be granted through a notice of approval rather than through the current consent agenda.

The July 11, 2018 Notice of Comment Period stated that the following topics were open for comment:

- The reasonableness of the proposed variance to comment periods as listed in the Notice
- The length of the variance.
- The proposed treatment of service area and 911 filings.
- Any related issues the parties deem salient.

DEPARTMENT COMMENTS

The Department supports the procedural changes proposed by the Commission staff in its July 11, 2018 Notice of Comment Period in the current docket. Under the proposed procedural changes, a party could request a time extension in the event that more than five days were needed to file reply comments. Also, a party could file an objection to a 911 or a non-ETC, service area expansion docket in order to stay the issuance of the Commission's notice of approval and allow for further consideration of a given docket.

Daniel P. Wolf
August 20, 2018
Page 2

The Department is available to work with Commission staff to deal with any procedural issues that may arise in implementing the changes proposed under the July 11, 2018 Notice of Comment Period.

Sincerely,

/s/ DIANE DIETZ
Rate Analyst

/s/ BRUCE L. LINSCHIED

LEGAL REQUIREMENTS FOR 911 PLANS

Minn. Stat. §237.16 mandates that companies obtain a certificate of authority prior to offering regulated telecommunications services in Minnesota. Minn. Rules pt. 7812.0600 includes 911 access as a basic service requirement. Minn. Rules pt. 7812.0550, subpt. 1 requires a competitive local exchange carrier to obtain Commission approval of a comprehensive 911 plan before providing local service in an area. Minn. Rules pt. 7812.0550, subpt. 3 establishes the requirements for a 911 plan. In determining whether to approve a competitive local exchange carrier's 911 plan under Minn. Rules pt. 7812.0550, subpt. 1, consideration must be given to a carrier's ability and intent to:

- A. Comply with Minn. Rules Chapter 7580;
- B. Integrate into the state designated 911 network as specified in the relevant county 911 plan approved by the Department of Public Safety;
- C. Design and demonstrate a network, with diversity, between the originating office and the incoming trunk port to the 911 network infrastructure approved and provided by the Department of Public Safety with default-routing capability;
- D. Provide for the display at the public safety answering point (PSAP) of the customer's old and new telephone numbers when call-forwarding technology is used for interim number portability;
- E. Cooperate with each relevant county and the Department of Public Safety designated 911 Service Provider in developing a 911 contingency plan;
- F. Maintain circuit-routing profiles and expedite service restoration;
- G. Advanced notification to the Public Safety Answering Point by an authorized company representative of any routine maintenance work to be performed which may affect the 911 system reliability or capacity. Any such work shall be performed during PSAP off-peak hours;
- H. Share customer information and data consistent with current national standards for sharing information related to providing emergency telephone service;
- I. Enter into nondisclosure agreements with the Department of Public Safety designated Automatic Location Identification (ALI) database provider;
- J. Submit data to the Department of Public Safety designated ALI database provider in the format required by the Department of Public Safety;

- K. Ensure that the competitive local exchange carrier's identity is shown on the ALI record and displayed at the Public Safety Answering Point (PSAP to the extent required by the county;
- L. Provide accurate ALI data to the Department of Public Safety designated ALI database with no more than 0.5 percent of all calls received by the 911 network during any calendar year resulting in a No Record Found (NRF) condition; and
- M. Provide for operator-assisted emergency calls, including calls from speech-impaired, hearing-impaired, or non-English speaking customers.

/ja

CERTIFICATE OF SERVICE

I, Sharon Ferguson, hereby certify that I have this day, served copies of the following document on the attached list of persons by electronic filing, certified mail, e-mail, or by depositing a true and correct copy thereof properly enveloped with postage paid in the United States Mail at St. Paul, Minnesota.
