Re: In the Matter of the Joint Request of the City of Buffalo and Wright-Hennepin Cooperative Electric Association to Update Electric Service Territory Records  
MPUC Docket:\_\_\_\_\_.

Dear Mr. Wolf:

I represent the City of Buffalo, which operates a municipal utility under Minnesota law (the "City") and which is authorized, on behalf of the City and Wright-Hennepin Cooperative Electric Association (the "Cooperative") (collectively, the "Parties") to make this filing.

Summary of the Joint Request

This filing constitutes the Parties' joint request under Minn. Stat. § 216B.39, subd. 3, that the MPUC modify the Parties' service territory boundaries. This joint request concerns the permanent transfer of one area located within the city limits of Buffalo and within the electric service territory assigned to the Cooperative (identified as the "Transfer Area"), as further described below.

Legal Authorities

By statute, "the commission may on its own or at the request of an electric utility make changes in the boundaries of the assigned service areas, but only after notice and

hearing . . . “ Minn. Stat. § 216B.39, subd. 3. In addition, “no electric utility shall render or extend electric service at retail within the assigned service area of another electric utility unless the electric utility consents thereto in writing . . . “ Minn. Stat. § 216B.40 (2014). In the present case, the Parties seek to adjust the service territory boundaries to permanently adjust the Transfer Area to the City’s assigned service territory. The Parties have agreed upon appropriate compensation. The Parties request that the Commission update its official records as to electric service territory boundaries.

### Underlying Information

Attached as Exhibit A is a map and legal description that depicts the boundaries of the Transfer Area, which involves approximately seven acres and zero current customers.

In the event that a customer requests service before the Minnesota Public Utilities Commission has considered this joint petition, the Parties have agreed in writing that the City may provide interim service to the Transfer Area, subject to certain conditions. If any customer does develop during this proceeding, then the Parties will provide notice to any customer about this proceeding and file the notice with the Commission.

The Parties have agreed to cooperate and communicate with any potential customers to ensure a smooth transition and to minimize any disruption to customers.
