RE: COMPLIANCE FILING – PROPOSED TARIFF REVISIONS
COMMUNITY SOLAR GARDENS AND CUSTOMER DATA PRIVACY
DOCKET NOS. E002/M-13-867 & E,G999/CI-12-1344

Dear Mr. Wolf:

Northern States Power Company, doing business as Xcel Energy, submits the enclosed proposed tariff revisions in compliance with the Commission's April 7, 2014 Order, Ordering Point No. 20. The changes we propose to our Solar*Rewards Community tariff language are in response to the Commission's June 9, 2017 Order in Docket No. E,G999/CI-12-1344, which implements a model customer consent process for utility release of Customer Energy Usage Data.

We have electronically filed this document with the Minnesota Public Utilities Commission, and copies have been served on the parties on the attached service list. If you have any questions regarding this filing, please contact Jessica Peterson at Jessica.k.peterson@xcelenergy.com or 612-330-6850.

Sincerely,

PETITION

INTRODUCTION

Northern States Power Company, doing business as Xcel Energy, submits proposed tariff revisions in compliance with Ordering Point No. 20 of the Commission's April 7, 2014 Order in Docket No. E002/M-13-867. The changes we propose to our Solar*Rewards Community tariff language are in response to the Commission's June 9, 2017 Order in Docket No. E,G999/CI-12-1344, which implements a model customer consent process for utility release of Customer Energy Usage Data (CEUD).

The Commission's April 7, 2014 Solar*Rewards Community Order requires that the privacy provisions contained in our Electric Rate Book, Section 9 Tariff for Solar*Rewards Community shall remain in place until and unless other requirements are adopted by the Commission in its generic privacy proceeding, Docket No. E,G999/CI-12-1344, or other Commission Order – and that the Company shall file the necessary revisions to its tariffs and contracts within 30 days of such order. The Commission's June 9, 2017 CEUD Order specifies and requires use of a model customer consent form for utility release of CEUD to third parties – and allows use of alternate forms consistent with the model form. Utilities are however, required to submit any alternate forms to the Commission.

Our Solar*Rewards Community program requires use of an alternate form, because the program's Subscriber Agency Agreement and Consent Form (SAA) that is part of the Tariff serves several purposes. In addition to authorizing the Company to release the subscriber's CEUD, it conveys the Renewable Energy Credits and energy and capacity associated with a subscription to the Company. It also provides for sharing other information we maintain about the subscriber with the Community Solar Garden Operator and its designated subcontractors and agents. Therefore, we propose tariff revisions intended to align the SAA with the model consent form approved in Docket No. 12-1344, but that also maintain the integrity of the Solar*Rewards Community program.

We respectfully request the Commission to:

- Approve our proposed tariff changes effective no later than September 7, 2017, which would allow us to implement the form within the 90 days as prescribed in the CEUD Order; and,
- Allow the Company to accept the current SAA tariff form, provided we receive the completed form within 24 months of the Commission's Order approving the revisions proposed in this filing. This 24-month timeframe is reasonable and in the public interest because it is equal to the timeframe garden operators have to achieve mechanical completion; customers and garden operators reasonably relied on an approved tariff form; it minimizes disruption to customers who signed the currently-approved SAA in anticipation of a garden; and it creates administrative efficiency for garden operators, who otherwise would need to secure customer signatures on the revised SAA.

In the event that the Commission is unable to issue an Order by September 7, 2017, because our SAA is an approved tariff – and we have submitted this filing in compliance with the requirements of the Community Solar Garden Order – we intend to continue to use the current SAA until the Commission issues an Order in this proceeding. We believe this is a practical and reasonable approach, and will also avoid disruption to continued Solar*Rewards Community subscriber enrollment during the transition to the model CEUD consent form.

The balance of this Petition describes the changes that we propose. We additionally provide redline and clean versions of our proposed tariff revisions as Attachment A to this filing.

I. SUMMARY OF FILING

A one-paragraph summary is attached to this filing pursuant to Minn. R. 7829.1300,

subp. 1.

II. SERVICE ON OTHER PARTIES

Pursuant to Minn. R. 7829.1300, subp. 2, the Company has served a copy of this filing on the Office of the Attorney General – Antitrust and Utilities Division. A summary of the filing has been served on all parties on the enclosed service list.

III. GENERAL FILING INFORMATION

Pursuant to Minn. R. 7829.1300, subp. 3, the Company provides the following information.

A. Name, Address, and Telephone Number of Utility

Northern States Power Company doing business as:
Xcel Energy
414 Nicollet Mall
Minneapolis, MN 55401
(612) 330-5500

B. Name, Address, and Telephone Number of Utility Attorney

James R. Denniston
Assistant General Counsel
Xcel Energy
414 Nicollet Mall, 401 - 8th Floor
Minneapolis, MN 55401
(612) 215-4656

C. Date of Filing

The date of this filing is June 19, 2017. The Company requests the approval of the modified tariff sheets be effective no later than September 7, 2017, which will allow it to implement the form within the 90 days as prescribed in the CEUD Order.

D. Statute Controlling Schedule for Processing the Filing

Minn. Stat. § 216B.16 subd. 1 requires 60-days' notice to the Commission of a proposed tariff change, after which time the proposed tariff change takes effect unless suspended. Under the Commission's rules, the proposed tariff change discussed in this Petition falls within the definition of a miscellaneous tariff filing under Minn. R.

7829.0100, subp. 11, since no determination of Xcel Energy's general revenue requirement is necessary.

Any information requests in this proceeding should be submitted to Mr. Cronin at the Regulatory Records email address above.

V. DESCRIPTION AND PURPOSE OF FILING

A. Background

On January 8, 2013, the Commission initiated a generic privacy proceeding to inquire into the privacy policies of rate-regulated energy utilities, issuing a NOTICE OF COMMENT PERIOD ON CUSTOMER DATA PRIVACY IN DOCKET NO. E,G999/CI-12-1344. The Commission focused the inquiry in three tracks: (1) Red Flags/Identity Theft and Identity Fraud; (2) Personally Identifiable Information; and (3) Customer Energy Usage Data. During the course of this proceeding, the Commission issued several Orders on various aspects of these topics.

On September 30, 2013, the Company submitted a Petition proposing a community solar gardens program and requested approval of its program design, including the

application process, the fee structure, and the launch plan. The Company also sought approval of a corresponding tariff, which included the program terms and conditions and a subscriber contract. Among other things, the contract specifies the customer information the Company will share with the garden operator, which includes the customer's energy usage data.

On April 7, 2014 the Commission rejected the Company's proposed tariff and required it to file a revised solar garden plan. The Commission's Order also specified certain program attributes and parameters for its revised program filing, including certain subscriber protection measures.¹ Ordering Point No. 20 stated that the data privacy provisions contained in the Order shall remain in plan until and unless other requirements are adopted by the Commission in its generic privacy proceeding in Docket No. E,G999/CI-12-1344 or other Commission Order. In that case, the Company was required to submit revisions to its tariff and contracts within 30 days of such Order. On September 17, 2014, the Commission approved the Company's revised solar garden tariff.²

On June 9, 2017, the Commission issued its ORDER APPROVING CUSTOMER ENERGY USE DATA CONSENT FORM in Docket No. E,G999/CI-12-1344. In doing so, the Commission adopted a customer consent form to be used as a model for release of CEUD by utilities to designated third parties. The Order allows utilities to develop and use alternative forms consistent with the model form, with the caveat that any such alternative forms must be submitted to the Commission as a compliance filing for approval prior to its use. The Order also authorizes utilities to use their current consent forms for a period of up to 90 days following the date of the Order.

B. Purpose of Filing

The current SAA details subscriber terms and conditions for the Solar*Rewards Community program, including assignment of RECs and data requirements. A subset of these provisions specify customer and program data sharing between the Company and Garden Operators, as well as required reporting involving certain customer data. Customers must agree to its terms and conditions in order to become a Solar*Rewards Community subscriber.

In contemplating the implications to the Solar*Rewards Community tariff as a result of the Commission's CEUD Order, we compared the SAA to the model CEUD

¹ See ORDER REJECTING XCEL'S SOLAR-GARDEN TARIFF FILING AND REQUIRING THE COMPANY TO FILE A REVISED SOLAR-GARDEN PLAN, Docket E002/M-13-867 (April 7, 2014).

² See ORDER APPROVING SOLAR-GARDEN PLAN WITH MODIFICATIONS, DOCKET NO. E002/M-13-867 (September 17, 2014)

consent form and found that the majority of the model form elements are already contained in the SAA. To resolve the differences, we considered coupling the existing SAA with the model CEUD form – so, having subscribers sign both the current SAA and the model CEUD form. However, we decided it would be easier for customers and Garden Operators – and more efficient for the Company – to have a single subscriber authorization that conforms to the model CEUD consent form.

B. Proposed Changes

The changes necessary to conform the current SAA to the model CEUD form are largely limited to adding the specific Customer Disclosures to the SAA. The other elements of the model CEUD form, such as specifying the information to be shared with the third party, the third party’s contact information, and the term of the authorization are already part of the Solar*Rewards Community tariff.

The specific revisions we propose are as follows:

Electric Rate Book – Section 9	Revisions
Sheet No. 89	Add Solar Garden Fax and Subscriber Mailing Address.
Sheet No. 90	Add the Company’s mailing address and contact information as found on the first page of the model CEUD form.
Sheet No. 93	Add new Item 5, which contains the Customer Disclosures from the second page of the model CEUD form with some slight rewording to better fit the context.
Sheet No. 93.1	Item 5 continued. Add line for Title of signatory for corporation or unit of government. Add the URL for additional information from Xcel Energy, including its privacy policy, as set forth on the first page of the model CEUD form.

C. Proposed Tariff Sheets

We provide as Attachment A to this filing, our proposed revisions to the Solar*Rewards Community tariff in both redline and clean format, as follows:

Minnesota Electric Rate Book—MPUC No. 2

- Section 9, Sheet No. 89, revision 1
- Section 9, Sheet No. 90, revision 1
- Section 9, Sheet No. 93, revision 1
- Section 9, Sheet No. 93.1, original

D. Implementation of the Revised SAA

We are requesting the Commission to approve our proposed tariff modifications no later than September 7, 2017, so that we can begin using the new form within the Commission's 90-day compliance requirement specified in the CEUD Order. If that does not occur, we intend to continue to use the current tariffed version of the SAA until the Commission issues an Order in this proceeding, so as to allow continued use of previously tariffed SAA forms and avoid disruption to enrolling subscribers in the Solar*Rewards Community program. We believe this is a practical and reasonable approach because our SAA is an approved tariff; we have submitted this filing in compliance with the requirements of the Community Solar Garden Order; and doing so will also avoid disruption to continued Solar*Rewards Community subscriber enrollment during the transition to the model CEUD consent form.

In approving our proposed revisions, we are also requesting the Commission to consider transition considerations. Currently, we have over 2,000 customers subscribed to active community solar gardens in our service area – all of whom have signed the SAA contained in our tariff. We estimate that there could be *double* this amount of customers who have already signed the current SAA, in anticipation of additional community solar gardens to become active.

Current program provisions allow gardens 24-months to achieve mechanical completion and become “active.” In the interest of customers who may have signed the currently-approved SAA in anticipation of a garden – and administrative efficiency for garden operators – we request the Commission allow the Company to accept either the current or new SAA for a period not to exceed 24 months from the Commission's Order in this proceeding. Once accepted by the Company, the signed SAA can be used for the duration of the Subscriber's subscription in the Solar*Rewards Community program. We believe this 24 month time period is reasonable, because it is equal to the timeframe garden operators have to achieve mechanical completion – and the likelihood that garden operators have begun obtaining signatures of customers using the currently-approved SAA tariff form well ahead mechanical completion of their gardens.

VI. EFFECT OF CHANGE UPON XCEL ENERGY REVENUE

This Petition has no effect on Xcel Energy revenue. The changes proposed are to the terms and conditions of the Company's Solar*Rewards Community tariff provisions to conform it to the Commission's model CEUD consent form.

CONCLUSION

Xcel Energy submits proposed revisions to its Solar*Rewards Community Subscriber Agency Agreement and Consent Form that conform it to the Commission's model CEUD consent form. We respectfully request the Commission to:

- Approve our proposed tariff changes effective no later than September 7, 2017, which would allow us to implement the form within the 90 days as prescribed in the CEUD Order; and,
- Allow the Company to accept the current SAA tariff form, provided we receive the completed form within 24 months of the Commission's Order approving the revisions proposed in this filing. Once accepted by the Company, the signed SAA can be used for the duration of the Subscriber's subscription in the Solar*Rewards Community program. This 24 month timeframe is reasonable and in the public interest because it is equal to the timeframe garden operators have to achieve mechanical completion; customers and garden operators reasonably relied on an approved tariff form; it minimizes disruption to customers who signed the currently-approved SAA in anticipation of a garden; and it creates administrative efficiency for garden operators, who otherwise would need to secure customer signatures on the revised SAA.
