Subject: Lake Charlotte Solar Project EA
Attachments: 25-206 Notice of Public Hearing - Lake Charlotte Solar and Battery Storage.pdf

Greetings,

The Minnesota Public Utilities Commission (Commission) has issued the Environmental Assessment (EA) for the proposed Lake Charlotte Solar Project in Martin County, Minnesota.

- The EA is available on the Commission Energy Infrastructure Permitting (EIP) page: <https://puc.eip.mn.gov/web/project/16339> under "Docket Documents"
- The EA is also available through this link on eDockets: [20262-228055-01](https://puc.eip.mn.gov/web/project/16339) (through -5).
- If you would like a print copy of the EA, please contact me.

Public hearings regarding the project will be held on February 24th and 25th. The notice for the hearings is attached. The hearing comment period will close on March 13th.

Additional information can be found through the Minnesota Public Utilities Commission's website: <https://mn.gov/puc>, select eDockets, enter the year (25) and the corresponding docket number (205, 206), and then select Search.

Please let me know if you have any questions.

Best regards,
Jessica
