Good afternoon,

Can you please file the e-mail below as a public comment into the record for the Laketown 115 kV Transmission Line, docket 24-132? Please let me know if you have any questions, thanks much!

Sam

Dear Commissioners.

I would like to comment that there are plenty of good options to build the powerline along existing roadways, without the need to go offroad.

Please, don't let GRE make Unnecessary New Damage to our land.

Thank You

Patty Eiden
