Hello my name is Roger Nelson and I am the mayor of the city of Sargeant,MN. The city has grave concerns about the windmills around the city of Sargeant. To start there are 3 wind towers was constructed within the city limits and 3 that is within the 1250ft perimeter. I have no idea how this happened but it should be investigated by the PUC and an independent investigative office. The noise from what there is now is so bad that some days when the density of the air is just right you cannot outside on the deck or patio and have a normal conversation with someone and the ficker from the blades is another issue. I was hoping to join the via webex but could not get connected or join. Would greatly appreciate an email with a link with to any future meetings.

Thank you, Roger Nelson 507-421-3788 cell or [j.nelson@yahoo.com](mailto:j.nelson@yahoo.com)
