Re: In the Matter of the Annual Filing of Cogeneration and Small
Power Production Rates
Docket No. E999/PR-19-09

Dear Mr. Wolf:

The Minnesota Public Utilities Commission (or, "Commission") released a Notice of Supplemental Comment Period In the Matter of 2019 Cogeneration and Small Power Production Reports on August 30, 2019. In the Notice the Commission directed Minnesota Power, Otter Tail Power and Xcel Energy to file revised 2019 Cogeneration and Small Power Production filings by September 10, 2019 at 4:30pm. Minnesota Power has provided its revised Report in the attached Excel spreadsheet.

The Trade Secret changes made are as follows:

- Schedule A - The current year (2019) cells 11-19 have been designated Public.
- Schedule B - Net Annual Avoided Capacity Costs cells 56-57 have been designated Public.
- Schedule G - Net Annual Avoided Capacity Costs cells 89-94 have been designated Public.

These modifications were made because the information was publicly available through the Rider for Parallel Generation tariff. The net annual avoided capacity costs shown at the bottom of Schedules B and G can be deduced by subtracting the public tariff rates with and without firm power capacity credits.

Please contact me at the number or email above with any questions.

Respectfully,

Jenna Warmuth
