St. Paul, MN 55101-2147

Re: *Certificate of Completion for Great Plains Natural Gas Co.'s Fergus Falls Pipeline Replacement Project*
Docket No. G004/GP-16-685

Dear Mr. Wolf:

On August 30, 2017, the Minnesota Public Utilities Commission (“Commission”) issued its order granting a partial exemption and issuing a pipeline route permit to Great Plains Natural Gas Co., a Division of MDU Resources Group, Inc. (“Great Plains”), for its Fergus Falls Pipeline Replacement Project (“Project”) in Otter Tail County, Minnesota. As required by Section 10.0 of the Route Permit and Minnesota Rules 7852.3900, Great Plains hereby files with the Commission this written certification that the construction of the permitted Project has been completed in compliance with all listed Permit Conditions under Section 5.0 of the Route Permit. In addition, Great Plains received no complaints during the construction of the Fergus Falls Replacement Project.

Upon the Commission’s acceptance of this certification, the Commission shall make a final determination regarding cost or reimbursements due. After acceptance of this certification by the Commission, the Commission’s jurisdiction over the Route Permit shall be terminated pursuant to Minnesota Rules 7852.3900.

Thank you for your attention to this filing. Please do not hesitate to contact me with any questions or concerns.

Respectfully submitted,

/s/ Brian M. Meloy
