Enter your comments below:	<p>My main observation of the Dodge County Wind project is - Because of the length of time involved in permitting this project, residents have had plenty of time to study the issues and facts.</p> <p>I'm sure I speak for most of the land owners involved, we welcome this project and the premium benefits not only landowners with turbines sited on their land will receive but also the benefits our county will receive also in many regards - Tax Revenue, employment and added value. For landowners with turbines my wife - Tarrie and I support this project 100%.</p> <p>Thank you</p> <p>507 259 8758</p>
