**Re: In the Matter of the Application of Red Pine Wind Project, LLC for a Large Wind Energy Conversion System Site Permit for the 200 MW Red Pine Wind Project in Lincoln County  
PUC Docket No. IP-6646/WS-16-618**

Dear Mr. Wolf:

Attached for filing on behalf of Red Pine Wind Project, LLC ("Red Pine") is an updated project layout for the Red Pine Wind Project for inclusion with the proposed draft site permit. This updated project layout is consistent with the updated layout that Red Pine proposed in the addendum to its permit application filed on November 23, 2016 (the "November Addendum"), but this version provides additional detail by depicting additional project facilities (i.e. collection lines and access roads).

As described in the November Addendum, this updated layout reflects Red Pine's current plans, including the current project boundary, the microsituated locations of project facilities, and turbine model selections (a combination of the Vestas V100-2.0 MW model and Siemens 108-2.3 MW model). Also please note that the project boundary, as shown in the enclosed maps and in the November Addendum, encompasses 44,657 acres, of which approximately 32,824 acres are currently leased for the project.

Also attached is a certificate of service. Please do not hesitate to contact me with any questions.

Very truly yours,

Stoel Rives LLP

*s/Sarah Johnson Phillips*

Sarah Johnson Phillips

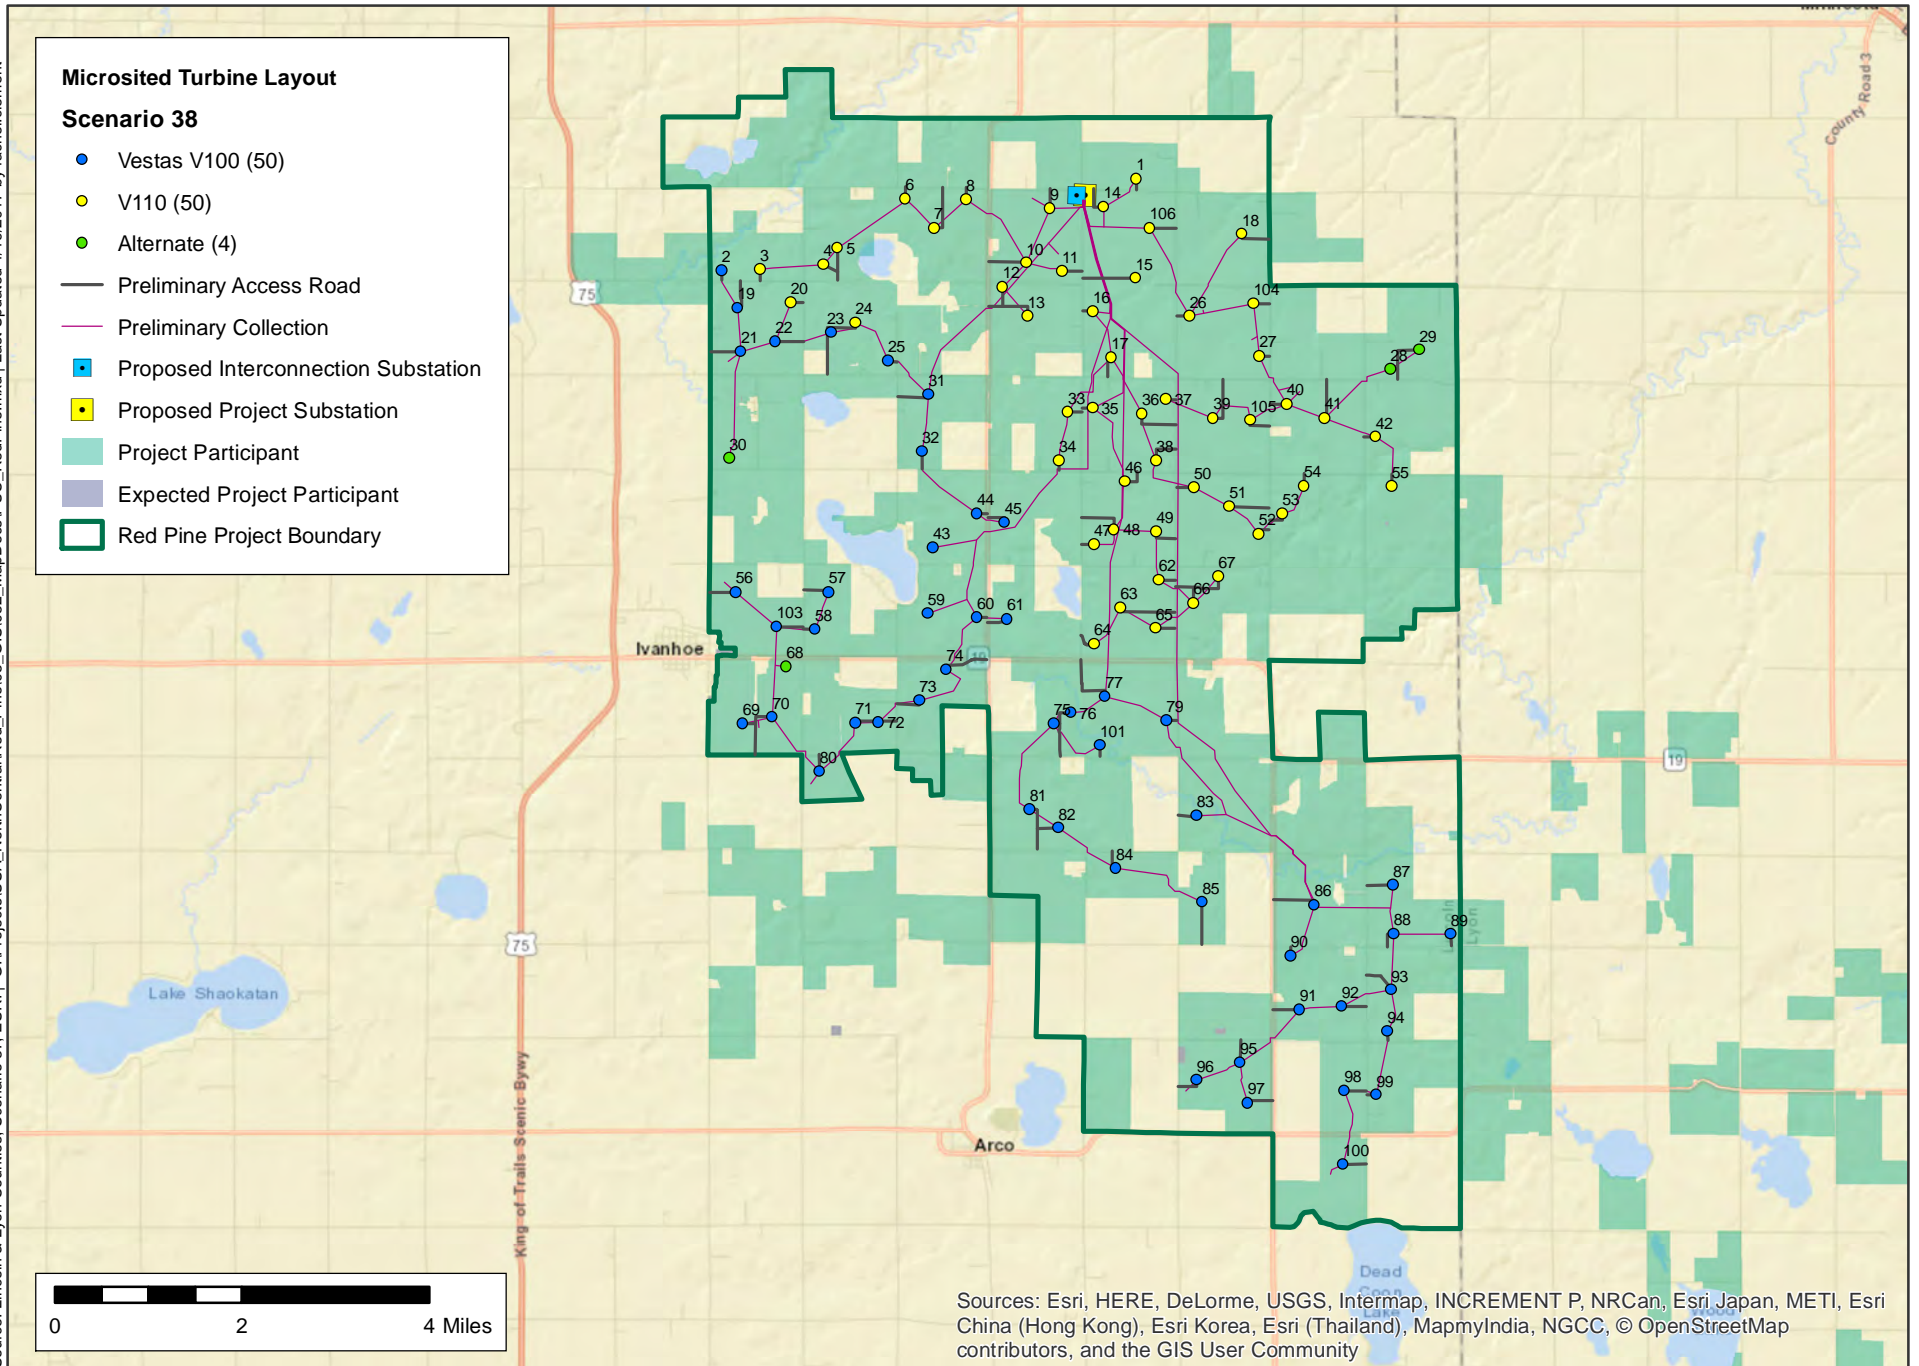

### Microsited Turbine Layout

#### Scenario 38

- Vestas V100 (50)
- V110 (50)
- Alternate (4)
- Preliminary Access Road
- Preliminary Collection
- Proposed Interconnection Substation
- Proposed Project Substation
- Project Participant
- Expected Project Participant
- Red Pine Project Boundary
