Mr. Davis

I am writing to share my support for the Big Bend Wind 161-kv line in Martin County. As a resident in the community I believe this project is beneficial to our rural communities.

I have family (my parents and cousins) in the Cedar Lutheran Cemetery. I want to state clearly that we have NO objection to the transmission line passing near the cemetery. I would NOT be opposed to it running on the north edge of the cemetery.

They could at least receive some money to go to the perpetual care of our family's resting place.
