

NOTICE OF COMMENT PERIOD

Issued: June 13, 2025

In the Matter of a Petition by CenterPoint Energy Minnesota Gas for Approval of its First Natural Gas Innovation Plan

PUC Docket Number(s): **G-008/M-23-215**

Comment Period: Initial comment period closes July 28, 2025 at 4:30pm

Reply comment period closes August 27, 2025 at 4:30pm

Comments received after the close of the comment period may or may not be considered by the Commission.

Issue: What, if any, action should the Commission take regarding CenterPoint Energy's NGIA Innovation Plan in response to its 2025 Annual Implementation Report?

Topic(s) Open for Comment:

- Should the Commission approve the continuation of CenterPoint's plan, approve the continuation of CenterPoint's plan with modifications, or disapprove the continuation of CenterPoint's Plan?
- Should the Commission require modifications to any of CenterPoint's pilot or R&D projects?
- Should the Commission disapprove the continuation of any pilot or R&D project?
- Are there any proposed or existing modifications to federal law and/or tax policy that might affect the feasibility of approved projects?
- Should the Commission approve CenterPoint's Proposed Innovation Act Adjustment rider proposal?
- Should the Commission consider requiring CenterPoint to file its proposed Innovation Act Adjustment rider proposals in a separate docket going forward? Would this separation prevent such discussions from delaying decisions involving the approval, modification, or disapproval of CenterPoint's plan, or vice versa?
- Are there other issues or concerns related to this matter?

Background

On May 30, 2025, CenterPoint Energy Resources Corp. d/b/a CenterPoint Energy Minnesota Gas ("CenterPoint Energy" or "CenterPoint") filed its first annual status report detailing the work

completed in 2024 under its approved Natural Gas Innovation Act (“NGIA”) Innovation Plan. The Commission approved CenterPoint’s NGIA Innovation Plan, with modifications, on October 9, 2024.¹ The approved plan included 18 pilot projects focused on deploying one or more “innovative resources”² as well as 7 research and development projects, with the potential for additional research and development projects to be proposed in future annual reports.

Because CenterPoint’s Innovation Plan was approved in October 2024, the current status report describes the work completed between October and December 2024. The report includes:

- a summary of accomplishments,
- quantitative results,
- a summary of activities regarding workforce development and diversity,
- proposed plan modifications,
- pilot performance details,
- information on budget flexibility compliance,
- a cost recovery proposal that would modify the Company’s Innovation Act Adjustment rider, and
- progress toward achieving cost effectiveness objectives.

Minn. Stat. § 216B.2427, Subd. 2(g), states that when evaluating annual NGIA reports, the Commission may approve the continuation of a pilot program included in the plan, with or without modifications; require the utility to file a new or modified pilot program or plan; or disapprove the continuation of a pilot program or plan. CenterPoint’s filing represents the first annual NGIA status report submitted for Commission review.

Filing Requirements: Utilities, telecommunications carriers, official parties, and state agencies are **required** to efile documents using the Commission’s electronic filing system (eFiling). All parties, participants, and interested persons are encouraged to use eFiling at:
