MINNESOTA TRANSMISSION OWNERS  
INITIAL COMMENTS**

**INTRODUCTION**

The Minnesota Transmission Owners (MTO)<sup>1</sup> appreciate the opportunity to provide these initial comments in response to Ms. Carol Overland’s petition for rulemaking (Petition) submitted on April 14, 2026<sup>2</sup> and the subsequent Notice of Comment Period (Notice) issued by the Minnesota Public Utilities Commission (Commission) on April 16, 2026.<sup>3</sup>

Ms. Overland, in an individual capacity, submitted the Petition under Minn. R. 1400.2040, requesting that the Commission initiate a rulemaking proceeding under the Administrative Procedure Act, Minn. Stat. § 14, to amend Minn. R. Chs. 7849 and 7850 following the adoption

<sup>1</sup> The following entities are members of MTO: American Transmission Company, LLC, Central Minnesota Municipal Power Agency, Dairyland Power Cooperative, East River Electric Power Cooperative, Great River Energy, ITC Midwest LLC, L&O Power Cooperative, Minnesota Power, Minnkota Power Cooperative, Missouri River Energy Services, Northern States Power Company, doing business as Xcel Energy, Otter Tail Power Company, Rochester Public Utilities, and Southern Minnesota Municipal Power Agency.

<sup>2</sup> See Petition for Rulemaking (April 15, 2026) (eDocket No. 20264-230461-01) (Petition). Ms. Overland’s cover letter and Petition are dated April 13, 2026. These documents were filed by Ms. Overland in various high-voltage transmission line Certificate of Need and Route Permit dockets the evening of April 14, 2026. These appear in the above-referenced Rulemaking Docket with an April 15, 2026 “Received Date.”

of the Minnesota Energy Infrastructure Permitting Act (MEIPA), enacted by the Minnesota Legislature in 2024. The Petition urges the Commission to promptly initiate rulemaking for both chapters—prioritizing Chapter 7850—using draft rules previously developed through 2021 under now-repealed/renumbered Minn. Stat. § 216E as a starting point, appointing an advisory committee, widely soliciting public input, and staying ongoing routing and siting proceedings until rules are in place.<sup>4</sup>

The Commission issued the Notice seeking initial comments by April 30, 2026 and reply comments by May 7, 2026. The Notice requested comments on whether the Commission should grant or deny the Petition.<sup>5</sup>

On April 24, 2026, Ms. Overland filed comments on behalf of the North Route Group and NO765MN in this Docket.<sup>6</sup> In these comments, Ms. Overland argues that the Commission’s recent amendment of a route permit initially issued on June 11, 2025, under Minn. Stat. § 216E underscores the need for rulemaking under Minn. R. Ch. 7850, because the Commission and its staff are continuing to rely on routing rules that were repealed in 2024 and on informal guidance that lacks statutory authority. Ms. Overland contends that Minn. Stat. § 216I.26, subd. 1 requires the Commission to promulgate new rules, but that the Commission has not done so. Ms. Overland asserts that without valid, current rules, the Commission cannot evaluate the impacts of siting and routing projects and therefore calls for a stay of all transmission dockets requiring routing or siting permits until rulemaking is completed.<sup>7</sup>

<sup>7</sup> See Petition for Rulemaking at 3 (April 15, 2026) (eDocket No. 20264-230461-01) (Petition).

While Ms. Overland filed the Petition “as an individual,” she also filed comments referencing the Petition on behalf of clients in active dockets before the Commission.<sup>8</sup> MTO’s comments here are intended to be a comprehensive response to Ms. Overland’s filings. While MTO’s comments primarily focus on the Petition filed individually by Ms. Overland on April 14, 2026, in Docket No. E999/R-26-172, MTO respectfully submit that Ms. Overland’s filings in individual permitting dockets are inappropriate, given that the Commission has opened a docket to consider the rulemaking petition.

As an initial matter, MTO request the denial of the Petition because (1) the requested rulemaking is not necessary, and (2) the Commission is authorized, but not obligated, to create rules under Minn. Stat. § 216I.

### **LEGAL STANDARD**

Minn. Stat. § 216I.26, subd. 1 sets forth that the Commission, “in order to give effect to the purposes of this chapter, may adopt rules consistent with this chapter”<sup>9</sup> to implement its purposes, including: site and route designation criteria for energy infrastructure; information requirements from utilities; minimum guidelines for public participation in the development, revision, and enforcement of rules, plans, or programs; procedures for revoking or suspending site

or route permits; and procedures and timeliness for proposing alternative routes or sites.<sup>10</sup> Any rule adopted by the Commission cannot give priority to state-owned wildlife management areas over agricultural lands when designating route avoidance areas. For any such rules adopted by the Commission, Minn. Stat. § 14 applies to the appeal of Commission rules to the same extent as it applies to the review of rules adopted by any state agencies.<sup>11</sup>

A person may also petition the Commission to adopt, amend, or repeal a rule.<sup>12</sup> The petition must be specific about the exact action requested (i.e. adoption, amendment, or repeal) and the need for that action.<sup>13</sup> The petition must contain the name and address of the petitioner, the specific action (adoption, amendment, or repeal of an agency rule) requested by the petitioner; and the need for the requested action.<sup>14</sup> The Commission must make a specific and detailed reply in writing as to its planned disposition of the request and the reasons for its planned disposition of the request within 60 days of receiving the petition.<sup>15</sup>

## **DISCUSSION**

### **I. THE PETITION SHOULD BE DENIED.**

The Petition urges the Commission to immediately begin expedited rulemaking to update and restore Minn. R. Chs. 7849 and 7850 governing the siting, routing, and certification of need for large transmission lines and power plants.<sup>16</sup>

<sup>15</sup> See Minn. Stat. § 14.09 and Minn. R. 1400.2040, subp. 3.

<sup>16</sup> See Petition at 1.

MTO request the denial of the Petition because (1) the requested rulemaking is not necessary, and (2) the Commission is authorized, but not obligated, to create rules under Minn. Stat. § 216I.

**A. The Petition Does Not Express a Legitimate Need for Rulemaking.**

Although the Commission must consider and respond to a petition within 60 days of receiving a petition,<sup>17</sup> the issue before the Commission here is whether this Petition presents a convincing argument that rulemaking is needed to help the Commission effectuate the purposes of Minn. Stat. § 216I.<sup>18</sup>

The Petition argues that rulemaking is necessary because there are many Certificate of Need, Siting, and Routing applications for MISO Tranche 2.1 Transmission Line Projects pending or under review by the Commission and the Commission needs amended rules to regulate those projects.<sup>19</sup> However, the determination of whether the Commission will engage in rulemaking hinges on whether there is a need or, more specifically, whether there are gaps in the existing statutes that need to be addressed through rulemaking. The Commission's determination does not hinge on the Petition's supposition that the Commission cannot regulate without rules.

The Petition should be denied because it does not identify any gaps in Minn. Stat. § 216I that require rulemaking and any identified inconsistencies in Minn. R. Ch. 7849 that exist because of the repeal/renumbering of Minn. Stat. § 216E and Minn. R. Ch. 7850 can be addressed by the Commission through its standard rule variance analysis under Minn. R. 7829.3200. Additionally,

---

<sup>17</sup> See Minn. Stat. § 14.09. However, Minn. Stat. § 14.06 requiring agencies to adopt rules specifically exempts the Commission (“This paragraph does not apply to the Public Utilities Commission”).

<sup>18</sup> See Minn. Stat. § 14.09 and Minn. Stat. § 216I.26, subd.1.

<sup>19</sup> See Petition at 3.

it is important to note that the Minnesota Legislature created Minn. Stat. § 216I to “resolve issues arising from the patchwork of statutes and rules governing energy project permitting, by consolidating most of these authorities into a single statute and repealing redundant statutes and rules.”<sup>20</sup> The Petition, if granted, would directly contradict the intent of the legislature to enact a comprehensive statutory scheme for siting energy infrastructure in the state, because the Petition seems to demand rules for the sake of rules alone, and not because any “gap” has been identified.

More specifically, the Petition does not present any evidence that rulemaking is needed, instead simply stating that nearly all of Minn. R. Ch. 7850 was repealed, Minn. R. Ch. 7849 contains some outdated references, and a number of siting, routing, and Certificate of Need applications will be processed under Minn. Stat. § 216I and Minn. R. Ch. 7849 at the same time. These facts in the Petition do not constitute evidence.<sup>21</sup>

The Petition’s unsubstantiated claim that rulemaking is needed before the Commission can process Certificate of Need applications for MISO Tranche 2.1 projects<sup>22</sup> is not persuasive. The Commission has statutory deadlines for issuing a Certificate of Need under Minn. Stat. § 216B.243,<sup>23</sup> and under the right of first refusal (ROFR) statute, Minn. Stat. § 216B.246, there were deadlines for incumbent electric transmission owners (incumbents), some of which are members of MTO, to file Certificate of Need applications for those projects. Also, Minn. Stat. § 216I sets

forth statutory deadlines under which the Commission must make final decisions on route and site permit applications where the Commission has found such application to be complete.<sup>24</sup> The Commission is not permitted to unilaterally vary or waive statutory requirements – such as deadlines for filing or granting Certificates of Need – without specific statutory authority.<sup>25</sup>

The Petition’s expressed need for rulemaking for siting and routing applications is also not persuasive. The Petition suggests that rulemaking would aid the Commission with the siting and routing of proposed projects under Minn. Stat. § 216I but does not identify gaps or specific needs for rules under the current statute. Rulemaking would require the investment of additional Commission resources for a purpose contrary to what the legislature intended. As mentioned above, the legislature enacted Minn. Stat. § 216I in 2024 to streamline, clarify, and modernize the state’s permitting and environmental review process for large energy infrastructure projects, including the applicable and necessary provisions within the repealed sections of Minn. R. Ch. 7850.<sup>26</sup> The legislature also gave the Commission the authority to adopt rules under Minn. Stat. § 216I, but did not mandate such rulemaking and doing so for the sake of rulemaking alone would be inconsistent with the purpose of MEIPA.

#### **B. The Commission Has No Obligation to Engage in Rulemaking.**

The Petition asserts that the Commission has “a rulemaking mandate” under Minn. Stat. §

---

<sup>24</sup> Minn. Stat. § 216I.06, subd. 4; Minn. Stat. § 216I.07, subd. 5.

<sup>25</sup> See *McKee v. Ramsey Cnty.*, 310 Minn. 192, 195, 245 N.W.2d 460, 462 (1976) (reaffirming that an agency’s jurisdiction is “limited and is dependent entirely upon the statute under which it operates,” thus, exceeding statutory authority renders the agency’s action invalid).

<sup>26</sup> See Rule Summary and Justification Memo (R-04944) - Minnesota Environmental Quality Board (Sept. 25, 2025), available at [https://www.eqb.state.mn.us/sites/eqb/files/rule\\_summary\\_and\\_justification\\_for\\_environmental\\_review\\_and\\_energy\\_related\\_changes.pdf](https://www.eqb.state.mn.us/sites/eqb/files/rule_summary_and_justification_for_environmental_review_and_energy_related_changes.pdf) (last visited April 27, 2026).

216I.26, subd. 1 and that “there is no excuse to move forward with routing and siting after the 2024 legislature repealed most of Minn. R. Ch. 7850.”<sup>27</sup> However, in the same paragraph the Petition contradicts itself by acknowledging that Minn. Stat. § 216I.26, subd. 1 specifically says that the Commission “may adopt” rules.<sup>28</sup> The plain language of the statute reveals that there is no requirement for the Commission to adopt rules, and, indeed, the Commission has discretion on whether or not to engage in rulemaking. “May” is permissive, not mandatory, under Minnesota law.<sup>29</sup> Accordingly, MTO request that the Commission deny the Petition because it misinterprets the Commission’s obligations under Minn. Stat. § 216I.26, subd. 1.

## **II. MTO SUPPORT MINOR ADMINISTRATIVE REVISIONS OF MINN. R. CH. 7849.**

For the reasons aforementioned, rulemaking for Minn. Stat. § 216I, Minn. R. Ch. 7849, and Minn. R. Ch. 7850 is not needed. However, if the Commission decides to proceed with rulemaking on its own motion, then MTO support minor administrative revisions of Minn. R. Ch. 7849 to reflect the changes to the permitting process laid out in Minn. Stat. § 216I. For example, the Commission could make amendments to the joint proceeding rule provided in Minn. R. 7849.1900 to replace references to Minn. R. Ch. 7850 with references to Minn. Stat. § 216I and refer to an “environmental assessment addendum” instead of “environmental assessment,” where appropriate. The Commission could also update Minn. R. 7849.1900 to remove references to “alternative review.”<sup>30</sup>

<sup>28</sup> Petition at 2. (emphasis added).

<sup>29</sup> Minn. Stat. § 645.44, subd. 15.

<sup>30</sup> See Minn. R. 7849.1900.

### **III. THE REQUEST FOR STAY OF PROCEEDINGS WAS NOT PROPERLY MADE AND SHOULD BE DENIED.**

The Petition requests, without any legal or policy support, that the Commission stay any routing and siting applications currently pending with the Commission until the Commission develops additional rules for routing and siting.<sup>31</sup> The Petition includes a single sentence requesting a stay without any further support<sup>32</sup> and should be dismissed on procedural grounds alone.<sup>33</sup> It is MTO's understanding that if the Commission denies the Petition, it will also be denying the request for stay as well as the other sub-requests. MTO would like to emphasize that the Commission should deny Ms. Overland's request for stay because there is no basis provided in the Petition or under Minnesota law to request such a stay of any proceeding. A stay is neither necessary nor warranted because Minn. Stat. § 216I provides the required guidance for siting and routing and the Commission has sufficient authority to vary any rules necessary for Minn. R. Ch. 7849 that may include outdated references to recently repealed or renumbered statutes and rules.

Furthermore, as discussed above, the Commission has statutory deadlines under which it must make final decisions for Certificates of Need, Route Permits, and Site Permits. The Commission must make a final decision on a Certificate of Need under Minn. Stat. § 216B.243<sup>34</sup> and there were deadlines for incumbents to file a Certificate of Need application under the ROFR statute.<sup>35</sup> Further, Minn. Stat. § 216I sets forth statutory deadlines under which the Commission

**CONCLUSION**

MTO respectfully request that the Commission deny the Petition, including any requested stays of proceedings.
