

**STATE OF MINNESOTA
PUBLIC UTILITIES COMMISSION**

Beverly Heydinger	Chair
Dan Lipschultz	Commissioner
John Tuma	Commissioner
Nancy Lange	Commissioner
Betsy Wergin	Commissioner

Aug 6, 2015

**In the Matter of Flat Hill Windpark I, LLC's Certificate of Need for a 201 Megawatt Large Energy Conversion System and Associated Facilities in Clay County
PUC Docket Number/s: IP-6687/CN-08-951, WS-08-1134**

Honorable Commissioners:

Please find linked below the recent studies pertaining to the concerns of industrial wind turbines to the health and safety of ratepayers. These studies also address the concerns to the impact on our wildlife. We know from the two following studies that more needs to be addressed before sighting more industrial wind turbines. On behalf of the rate payers, whom they are to represent and protect, the MN PUC Commissioners should require that reputable studies be completed before siting more wind turbines that are known to harm citizens and wildlife.

Respectfully, Kevin and Barb Wenninger
