Comments of the Minnesota Department of Commerce Division of Energy Resources

Docket No. E015/M-20-445

I. BACKGROUND

The Minnesota Public Utilities Commission (Commission) approved Minnesota Power's (MP or the Company) Business Development Incentive (BDI) Rider in its March 12, 2018 Order in Docket No. E015/GR-16-664.¹

In its March 12, 2018 Order the Commission directed MP to:

File an annual compliance filing on May 1st each year (in a new miscellaneous docket) showing the number of customers served on the rider, together with each customer's incremental revenue and costs.

On April 30, 2020, MP submitted its annual compliance filing for the reporting period April 1, 2019 through March 31, 2020.

II. SUMMARY OF THE FILING

MP's BDI Rider is intended to provide customers with an economic development incentive for new or additional load. The Rider is available to commercial and industrial customers with new or additional load of 350 kW or greater. Customers receiving the discount are required to sign a six-year electric service agreement, and will receive declining levels of demand charge discounts over the contract period.

MP reported that it had its first customer begin taking service under the Rider in the April 2019 – March 2020 reporting period. The incremental costs and revenues associated with the customer on the BDI Rider are found in trade secret Attachment A to the Compliance Filing.

III. DEPARTMENT ANALYSIS

MP has one customer on its BDI Rider who receives discounts at two different delivery points, each of which qualify for the discount. However, MP's tariff currently states, "for new and existing customers, Qualified Billing Demand is the new load of 350 kW or greater at a single delivery point." The Department recommends that MP add language to its tariff to clarify how discounts apply when a customer receives service at multiple delivery points. Specifically, the Department recommends that

¹ *In the Matter of the Application of Minnesota Power for Authority to Increase Rates for Electric Service in Minnesota*, FINDINGS OF FACT, CONCLUSIONS, AND ORDER, Docket No. E015/GR-16-664, March 12, 2018.

the following, or similar, clarifying language be added to MP's tariff, "A subscriber may receive the rate at multiple delivery points as long as each delivery point independently qualifies." The Department notes that the Commission directed Xcel Energy to add similar language to its Business Incentive Service Rider tariff that provides discounts in the same manner as MP's BDI Rider.

The Department recommends acceptance of MP's annual compliance filing on its BDI Rider, and that the Company be directed to add language to its tariff to clarify that a subscriber may receive the rate at multiple delivery points as long as each delivery point independently qualifies.

IV. DEPARTMENT RECOMMENDATION

The Department recommends that the Commission:

- Accept MP's annual compliance filing on its BDI Rider; and
- Direct MP to add language to its tariff to clarify that a subscriber may receive the rate at multiple delivery points as long as each delivery point independently qualifies.
