Dear MN Public Utilities Commission,

I support the Dodge County Wind project and urge you to approve the agreements so our community can take advantage of its benefits. Dodge County Wind will bring significant opportunities to Dodge, Steele and Mower counties, including up to \$39 million that will be generated in additional tax revenue over the first 30 years, well-paying jobs, and affordable energy for years to come.

Wind power helps our country move toward energy independence from foreign oil. With your support, the Dodge County Wind project will help pave the way toward a more sustainable future for generations to come.

The time to take action is now.

Please approve the Dodge County Wind agreements and support economic development, property owners' rights, and energy independence for Dodge, Steele and Mower counties.

Thank you for your consideration.

DOCKET NUMBERS:

I support the Dodge County Wind project and urge you to approve the agreements so our community can take advantage of its benefits. Dodge County Wind will bring significant opportunities to Dodge, Steele and Mower counties, including up to \$39 million that will be generated in additional tax revenue over the first 30 years, well-paying jobs, and affordable energy for years to come.

Wind power helps our country move toward energy independence from foreign oil. With your support, the Dodge County Wind project will help pave the way toward a more sustainable future for generations to come.

The time to take action is now.

Please approve the Dodge County Wind agreements and support economic development, property owners' rights, and energy independence for Dodge, Steele and Mower counties.

Thank you for your consideration.

Dear MN Public Utilities Commission,

I support the Dodge County Wind project and urge you to approve the agreements so our community can take advantage of its benefits. Dodge County Wind will bring significant opportunities to Dodge, Steele and Mower counties, including up to \$39 million that will be generated in additional tax revenue over the first 30 years, well-paying jobs, and affordable energy for years to come.

Burnsville, MN 55306

Dear MN Public Utilities Commission,

I support the Dodge County Wind project and urge you to approve the agreements so our community can take advantage of its benefits. Dodge County Wind will bring significant opportunities to Dodge, Steele and Mower counties, including up to \$39 million that will be generated in additional tax revenue over the first 30 years, well-paying jobs, and affordable energy for years to come.

Wind power helps our country move toward energy independence from foreign oil. With your support, the Dodge County Wind project will help pave the way toward a more sustainable future for generations to come.

The time to take action is now.

Please approve the Dodge County Wind agreements and support economic development, property owners' rights, and energy independence for Dodge, Steele and Mower counties.

Thank you for your consideration.

Please approve the Dodge County Wind agreements and support economic development, property owners' rights, and energy independence for Dodge, Steele and Mower counties.

I also want to point out the jobs it will provide to tradespeople, both local and travelers, who will in turn spend their money at local food and entertainment establishments, tip the local wait staff, stop into local mechanics for maintenance, repairs and tires, stay at local hotels, etc.

Thank you for your consideration.
