

OTTER TAIL POWER COMPANY

Docket No: E017-PA-25-218

Response to: MN Public Utilities Commission

Analyst: James S. Worlobah

Date Received: September 30, 2025

Date Due: October 08, 2025

Date of Response: October 08, 2025

Responding Witness: Dylan Stupca, Manager Delivery Planning - 218-739-8980

---

Information Request:

How will the difference between the MISO Attachment O Return on Equity (ROE) and the state-approved ROE be treated in this transaction?

Attachments: 0

Response:

The MN Ardoch – Oslo 115kV is an Attachment O project. The FERC ROE would be the same as the State allowed ROE due to the fact that Schedule 7, 8 and 9 revenues are credits to MN customers.
